#### ASSEMBLY JOINT RESOLUTION No. 4.

Relative to memorializing Congress to adopt a bill to provide compensation in lieu of taxes for the several states with respect to certain lands of the United States within the borders of said states, and for other purposes.

WHEREAS, There has been introduced a bill in the House of Representatives of the United States, being H. R. 7075—sixty-ninth Congress, first session, which provides: "That the United States government hereby assumes, subject to the conditions of this act or any subsequent act of Congress, the payment to the several states of sums of money equivalent to the amounts which such states would receive from the taxation of said lands of the United States within their respective borders if such lands were owned by individuals"; and

WHEREAS, Under an act of Congress of the United States approved March 3, 1891, large areas of territory with the timber and other resources thereon and therein were "set apart, reserved, and withdrawn from entry" in the states of California, Oregon, Washington, Idaho, Montana, Wyoming, Colorado, Utah, Nevada, Arizona and New Mexico and in a lesser degree in several of the other states of the Union; and

WHEREAS, The United States government has withdrawn, set apart and reserved within permanent national forests 18,891,161 acres of land within the State of California, approximating one-fifth of the total land area of the State, said lands being set apart, withdrawn from entry and reserved for the purpose of conserving the resources thereof and particularly the standing timber thereon for the benefit of future generations of mankind; and

WHEREAS, The lands of the United States above referred to, comprise in several of the counties upwards of one-half of the area within the borders of the counties, and, although exempt from annual taxation, are being put to commercial and industrial uses for the benefit of all the people of the United States, which fact places these lands on the same basis, as to use, as privately owned lands used for the same purpose, and said lands of the United States are in competition with said privately owned lands, and the setting aside, reserving and withdrawing from entry of these large areas of territory in the sparsely settled forest counties and on which the United States pays no taxes, results in throwing a heavy tax burden on privately owned property in the same political subdivision of government thus making the financing of local government a difficult problem indeed; and

WHEREAS, This area is not and can not be taxed by any of the thirty-nine counties of California wherein this vast domain is situated, although each of said counties is required to and do perform therein and thereon all necessary and requisite police powers, equip, maintain and operate schools; equip, maintain and operate courts for the punishment of offenders against the forest and other laws; construct, repair

and maintain trails, roads and bridges and to do and perform such other acts, duties and powers as may be necessary to the enjoyment of such forests by the people of the United States as well as of other nations; and

WHEREAS, When state government was instituted and the several states admitted into the Union they were divided into counties, and townships and each of the states, counties and townships were guaranteed the full right of enjoyment of all the territory and resources within their respective borders and the declared policy of the United States government being to dispose of all the public domain, and article X of the declaration of rights, which formed the basis for the union of the states provides, that "No state shall be deprived of territory for the benefit of the United States." In setting apart, reserving and withdrawing from entry nineteen million acres of land for national forest purposes within the boundaries of a single state, surely territory has been taken from that state for the benefit of the United States; and

WHEREAS, The following clause is contained in the enabling act of every state admitted into the Union, beginning with Ohio in 1803: "The state when admitted shall be on a basis of equality with the original states in all respects whatever." Therefore all political subdivisions of government should be on a basis of equality, which makes it necessary for all to contribute on a basis of equality to the solution of all problems of national necessity (and we deem the national forests to be such a problem), and if in so doing it becomes necessary to take territory and resources from some of the subdivisions of government, and "set apart, reserve or withdraw" the same from entry for the benefit of all the others, then those benefited should join in reimbursing the subdivisions of government from which the territory and resources were taken, otherwise there can be no basis of equality; and

WHEREAS, The Congress of the United States has enacted legislation known as the "exchange bills," and under the provisions of said law, private owners are enabled to exchange cut-over lands for standing timber on the lands of the United States, and since said law has become operative, private owners have availed themselves of the right granted to them under said law and have conveyed hundreds of thousands of acres of such lands to the United States and have received in exchange, hundreds of millions of feet of standing virgin timber from the United States, and as a result of the operation of such legislation, counties in which such exchange have been made or in which such exchanges may hereafter be made, have had or will have taken from them and removed from the assessment rolls of such counties, many thousands of dollars in assessed valuation, and in addition to this loss of assessed valuation such counties are losing the percentage which they would receive were a sale made instead of an exchange, and as Colonel Greeley, chief forester of the United States, has said of this law, "The forest counties lose both going and coming"; and

WHEREAS, The Congress of the United States has enacted the so-called Clark-McNary law, and under the provisions of section 7 of said law, private owners are enabled to donate or devise to the United States lands chiefly valuable for the growing of forests, the private owner reserving the timber, mineral, grazing and other rights and when so conveyed become a part of the national forest reserve and not open to entry or taxation, and should timber owners in some of the counties in several of the western states exercise their just right under this law, and convey their said lands to the United States, thus taking from the assessment rolls of the counties the immense valuation involved and the right of taxation, it will result in putting many of the forest counties of the west out of business, because such counties will be unable to raise sufficient revenue to maintain county government, and if such counties are annexed to a nonforest county in the same state the county to which it is annexed will receive not an asset but a liability; and

WHEREAS, It is only just and right that a heavy burden of local taxation should not be placed annually on the people of any state, in which, and by reason of the fact that, extensive areas of territory having great natural resources, guaranteed to them in the beginning and later legislated from them, have been set apart, reserved and withdrawn from entry for the economic use and benefit of all of the people of the United States, and we believe that if the government of the United States can not afford to finance its national forests, then in right and justice it should not expect the sparsely settled forest counties to do so for it; now, therefore, be it

*Resolved by the Assembly and Senate, jointly,* That the Legislature of the State of California approves of the purpose of the Raker bill referred to and respectfully request its support and adoption, by the Congress of the United States at the earliest possible date; and be it further

*Resolved,* That any moneys to be paid to the State of California, by the United States under the provisions of the Raker bill or any similar bill, or any law enacted by the Congress of the United States, based on forest values of the forest counties of California, shall be divided among said forest counties in proportion to the forest values fixed by the United States bureau of public roads; *provided,* that by the term "forest counties" is meant those counties of California, a part of which are in the present national forests; and *provided, further,* that any portion of the timber sale, grazing or other receipts of national forests returned by the federal government to the State of California, are excepted herefrom; and be it further

*Resolved*, That the Chief Clerk of the Assembly of the State of California be authorized and directed to transmit copies of this resolution by mail to the governors of the states of Oregon, Washington, Idaho, Montana, Wyoming, Utah, Nevada, Colorado, New Mexico and Arizona with the request that similar action be taken by their respective legislatures; and be it further

*Resolved*, That the Chief Clerk of the Assembly of the State of California be authorized and directed to transmit copies of this resolution by mail, to all the members of the Congress and Senate of the United States.

Resolution read.

The question being on the adoption of the resolution.

The roll was called, and Assembly Joint Resolution No. 4 adopted by the following vote:

AYES—Senators Allen, N. M., Breed, Canepa, Cobb, Crowley, Evans, Fellom, Garrison, Gray, Handy, Hollister, Ingram Johnson, Jones, Ray, Maloney, McKinley, Mueller, Murphy, Nelson, Pedrotti, Rush, Sharkey, Slater, and Tubbs—24.

#### PRESENTATION OF PETITION—(OUT OF ORDER).

The following petition was presented, and ordered printed in the Journal:

By Senator Taylor:

#### AN ANALYSIS OF THE REPORT ON PROPOSED PUBLIC BUILDING PROJECTS.

(H. Doc. No. 651.)

Mr. Lineberger. Mr. Speaker, with reference to the public buildings bill which passed last spring and the reports which have recently been made by those officials of the government charged with the investigations of public buildings throughout the United States, I wish to call attention to certain features of that report which to me seem significant.

There are only seven states in the Union which have within their borders more than 75 cities which show postal receipts in excess of \$20,000 per year. In five of those states there is a comparatively small percentage of public buildings, and I wish to call your attention to this:

States	Total cities with postal receipts over \$20,000	Number of cities having federal buildings	Percentage of federal buildings to total number
Pennsylvania	157	63	40.1
New York	149	50	33.6
Illinois	118	67	56.8
Ohio	107	48	44.8
California	100	18	18
New Jersey	77	17	22.1
Texas	77	54	70.1

In this connection, also, let me call your attention to another table showing those states which have less than 50 per cent of their post offices whose federal receipts show an excess of \$20,000 which have federal buildings.

States	Total number of cities	Number having federal buildings	Percentage of federal buildings to total number
California	100	18	18
New Jersey	77	17	22.1
Nevada	3	1	33.3
New York	149	50	33.6
Arizona	11	4	36.3
Oklahoma	41	26	36.5
Florida	43	16	37.2
Pennsylvania	157	63	40.1
Ohio	107	48	44.8
Massachusetts	74	33	45.9
Washington	23	11	47.8

As a matter of further information, let me insert here the balance of that table of percentages arranged in the same order:

States	Total number of cities	Number having federal buildings	Percentage of federal buildings to total number
Idaho	12	6	50
Colorado	22	11	50
Oregon	22	11	50
Connecticut	37	19	51.4
Maryland	13	7	53.8
Wisconsin	64	35	54.7
Illinois	118	67	56.8
New Hampshire	17	10	58.8
Indiana	74	44	59
Minnesota	42	25	59.5
West Virginia	23	14	60.9
Michigan	70	43	61.4
Montana	13	8	61.5
New Mexico	8	5	62.5
Vermont	14	9	64.3
Kansas	46	32	69.6
Texas	77	54	70.1
Iowa	55	39	70.9
Delaware	4	3	75
Arkansas	20	15	75
Kentucky	32	24	75
Maine	24	19	79.1
North Carolina	39	31	79.5
Missouri	38	31	81.6
Nebraska	22	18	81.8
Louisiana	18	15	83.3
Utah	6	5	83.3
Wyoming	6	5	83.3
Alabama	20	17	85
Georgia	34	29	85.3
Rhode Island	7	6	85.7
South Dakota	15	13	86.7
Tennessee	25	23	92
Mississippi	21	20	92.2
Virginia	31	29	93.5
South Carolina	17	16	94.1
North Dakota	10	10	100

The fact that California heads the entire list with only 18 per cent in federal buildings is not a matter of pride to those of us who come from that State. We take pride, however, in the fact that our time has been devoted largely to securing legislation of benefit to the entire United States rather than concentrating or devoting any great amount of time to securing appropriations for local projects, and in this we have the satisfaction of knowing that we have contributed our full measure of service to the country at large.

That California has fewer public buildings in proportion to its needs is a matter which should call for the warm cooperation and assistance of every member of Congress, whether east, west, north, or south, for there is no state in the Union which has contributed more to the wealth of the country. I venture to say, than has the State which I have had the honor to represent here for the past six years.

These figures and statistics are not mine. They are compiled by those departments which have the official reports at their disposal, and I can only hope that there will be no question whatsoever, now or in the future, regarding the needs of California until our State has been given more nearly the fair and equal treatment to which she, with her sister states, is entitled.

Mr. Thatcher. Mr. Speaker, I ask unanimous consent to extend my remarks on this bill.

The Speaker. Is there objection?

There was no objection.

(d) The board of supervisors of each county in the state shall establish a road fund in the county treasury for the receipt of such funds received, as hereinbefore provided, and shall also make an annual report to the state department of public works not later than three months after the close of the counties' fiscal year, upon forms to be provided by the state department of public works, showing the amount of moneys received from the motor vehicle fund during the preceding fiscal year and the disposition of said moneys, specifying in such detail as may be required by said department of roads, bridges and culverts constructed or maintained out of said moneys and the sums applied to the several items of such construction or maintenance.

#### COMMITTEE AMENDMENTS.

During the second reading of the bill, the following committee amendments were offered:

##### AMENDMENT NUMBER ONE.

That there be stricken from line 1 of the title of said printed bill the words "An act to amend section nine of an act entitled".

Amendment adopted.

##### AMENDMENT NUMBER TWO.

That lines 7 and 8 be stricken from the title of said printed bill, and the following be inserted in lieu thereof: "struction of such improvements".

Amendment adopted.

##### AMENDMENT NUMBER THREE.

On page 1, line 1, of the printed bill, strike out all down to and including line 15 of page 2 of said bill and insert in lieu thereof the following:

SECTION 1. Any portion of a municipality incorporated under the laws of this state may be formed into a municipal improvement district for the purpose of creating an indebtedness, to be represented by bonds of said district, the proceeds from the sale of which shall be used for the acquisition or construction of any public improvement, work or public utility which such municipality is authorized by law to acquire or construct. Such districts shall be formed and such bonds shall be issued and sold in manner and under the proceedings hereinafter set forth.

SEC. 2. Whenever a petition, verified by one or more persons and signed by not less than ten per cent of the qualified electors residing in the territory which is proposed to be formed into a municipal improvement district, setting forth a general description of the improvement, work or public utility to be acquired or constructed and a general description of the exterior boundaries of such proposed district, shall have been filed in the office of the clerk of the legislative body of said city, and the genuineness of the signatures thereto shall have been certified to by the city clerk, said legislative body may adopt an ordinance declaring its intention to call an election in said proposed district, or as the same may have been modified as herein provided, for the purpose of submitting to the qualified electors of said district the proposition of authorizing the issuance and sale of bonds of such district in the manner and for the purpose set forth in said ordinance of intention. Said legislative body shall have power to change or modify the boundaries of said district and the nature, character or extent of such proposed public improvement, work or public utility. Said ordinance of intention shall also contain:

1. An accurate description of the exterior boundaries of the proposed municipal improvement district;

2. A general description of the improvement, work or public utility proposed to be acquired or constructed;

3. An estimate of the cost of the proposed improvement, work or public utility and an estimate of the incidental expense in connection therewith;

4. That upon a certain date fixed therein an election will be held in said district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of such district to pay the cost and expenses of the proposed improvement, work or public utility, and that a map showing the exterior boundaries of said district with relation to the territory imme-

quately contiguous thereto, and a general description of the proposed improvement are on file in the office of the clerk of the legislative body of such city; which said map shall govern for all details as to the extent of the said district:

5. A date, hour and place fixed for the hearing of protests.

SEC. 3. Said ordinance shall be published once a day for at least six days in some newspaper of general circulation published at least six days a week in said city, or once a week for two weeks in some newspaper published less than six days per week in such municipality, and one insertion each week for two succeeding weeks shall be sufficient publication in such newspaper published less than six days per week. Such ordinance, unless otherwise provided by charter of the municipality, shall take effect upon the completion of said publication. In municipalities where no such newspaper is published such ordinance shall be posted in three public places therein, and in case of posting notice such ordinance shall take effect two weeks after date of such posting of notice.

SEC. 4. Any person interested, objecting to the formation of said district, or to the extent of said district, or to the proposed improvement, or work, or to the acquiring or construction of the proposed public utility, or to the inclusion of his property in said district, may file a written protest, setting forth such objection, with the clerk of the legislative body at or before the time set for the hearing of said petition. The clerk of said legislative body shall indorse on each such protest the date of its reception by him, and, at the time appointed for the hearing above provided for, shall present to said board all protests so filed with him. Said legislative body shall hear said protests at the time appointed or at any time to which the hearing thereof may be adjourned, and pass upon the same, and its decision thereon shall be final and conclusive. If any of such protests against the proposed improvement or work, or against the acquisition or construction of the public utility be sustained, no further proceeding shall be had or taken pursuant to the petition, but a new petition for the same or a similar purpose may be filed at any time after the expiration of six months from the date such protest was sustained. If any of such protests be against the extent of said district, or against the inclusion of property in said district, then the legislative body shall have power to make such changes in the boundaries of the proposed district as it shall find to be proper and advisable, and shall define and establish such boundaries, but said legislative body shall not modify such boundaries so as to include any territory which will not in its judgment, be benefited by said improvement, work or public utility.

Said legislative body shall not modify such boundaries except after notice of its intention so to do, given by one insertion in said newspaper, describing the proposed modification, and specifying a time for hearing objections to such modification, which time shall be at least ten days after the publication of said notice. Written objections to said proposed modification may be filed with the clerk of said legislative body by any interested person at or before the time set for hearing the same. Said legislative body shall hear and pass upon such objections at the time appointed, or at any time to which the hearing thereof may be adjourned, and its decision thereon shall be final and conclusive. If such objections, or any of them, be sustained, no further proceedings pursuant to such petition shall be taken, but a new petition for the same or a similar purpose may be filed at any time after the expiration of six months from the date such protest was sustained.

At the expiration of the time within which protests may be filed, if none be filed, or if protests be filed and after hearing be denied, or at the expiration of the time within which objections to the modification of the boundaries of the district, in case such modification be proposed, may be filed, if none filed, or if such objections be filed, and, after hearing, be overruled, as above provided, then said legislative body shall be deemed to have acquired jurisdiction to proceed further in accordance with the provisions of this act.

SEC. 5. At any time after said legislative body shall have so acquired jurisdiction, it may call an election to be held within the district described in the ordinance or resolution calling the election, which description shall conform with any changes in boundaries that may have been made under section 4 hereof, and provide for the submission to the qualified voters thereof, the proposition of incurring a debt by the issuance of bonds of such district, for the purposes set forth in the ordinance of intention. The ordinance or resolution calling such election, shall also recite the objects and purposes for which the proposed indebtedness is to be incurred, the nature of the improvement, work or public utility, contemplated thereby, the estimated cost thereof, the estimated cost of the incidental expense in connection therewith, the amount of the principal of the indebtedness to be incurred therefor and the rate of interest to be paid on such indebtedness; *provided, however*, that in its discretion said legislative body may recite in such ordinance or resolution a maximum rate of interest to be paid on such indebtedness, which rate when so recited, shall not be exceeded in the issuance of bonds for such indebtedness; and said ordinance or resolution shall fix the date on which such election shall be held, the manner of holding the same and the manner of voting for or against said proposition. The maximum rate of interest to be paid on such indebtedness shall be seven per centum per annum, payable semi-annually.

SEC. 6. For the purposes of said election said legislative body shall in said ordinance, or resolution, establish one or more precincts within the boundaries of said district, designate a polling place and appoint one inspector, one judge and one clerk for each such precinct. In all particulars not recited in such ordinance, or resolution, such election shall be held as provided by law for the holding of general municipal elections in such city. Said ordinance, or resolution, ordering the holding of said election shall, prior to the date fixed for such election be published five times in a daily, or twice in a weekly or semi-weekly newspaper of general circulation, printed and published in said city and designated by said legislative body for said purpose. In cities where no such newspaper is published, such ordinance, or resolution, shall be posted in three public places therein two weeks preceding the date fixed for the holding of such election. No other notice of such election need be given. If at such election two-thirds of all the voters voting at said election, shall vote in favor of incurring such bonded indebtedness, then such legislative body shall thereupon be authorized and empowered to issue the bonds of said district for the amount provided for in such proceedings, payable out of funds of such district, to be provided as in this act prescribed.

SEC. 7. Said legislative body shall, subject to the provisions of this act, prescribe the form of said bonds, and of the interest coupons attached thereto. Said bonds shall be payable in the following manner: A part, to be determined by said legislative body, and which shall not be less than one-fortieth part of the whole amount of such indebtedness, shall be payable each and every year, on a day and date, and at a place to be fixed by said legislative body and designated in such bonds, together with the interest on all sums unpaid on such date, until the whole of said indebtedness shall have been paid; *provided, however*, that said legislative body may in its discretion determine and fix a date for the earliest maturity of the principal of such bonds, not more than ten (10) years from the date of the issue of such bonds, but in this event the whole amount of such indebtedness must be made payable in equal annual parts in not to exceed forty years from the time of contracting the same.

The bonds shall be issued in such denomination as said legislative body may determine, except that no bonds shall be of a less denomination than one hundred dollars, nor of a greater denomination than one thousand dollars and shall be payable on the day and at the place fixed in such bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of — per centum per annum, and shall be paid semiannually; and said bonds shall be signed by the chief executive of the municipality, or by such other officer thereof as the legislative body of the municipality shall, by resolution adopted by a two-thirds vote of all its members, authorize and designate for that purpose, and also signed by the treasurer thereof, and shall be countersigned by the clerk. The interest coupons on said bonds shall be numbered consecutively and signed by the treasurer of such municipality by his engraved or lithographed signature. In case any such officers whose signatures or counter-signatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signature or counter-signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until the delivery of the bonds.

SEC. 8. Said legislative body may issue and sell the bonds of such district, authorized as hereinabove provided, at not less than par value, and the proceeds of the sale of such bonds shall be placed in the treasury of such municipality to the credit of the proper district fund and shall be applied exclusively to the purposes and objects mentioned in the ordinance or resolution ordering the holding of the bond election as aforesaid and to the incidental expense in connection therewith.

SEC. 9. The legislative body of such city shall, at the time of fixing the general tax levy, and in the manner for such general tax levy provided, levy and collect a tax each year upon the taxable land in such district sufficient to pay the interest on such bonds for that year, and such portion of the principal thereof as is to become due before the time for making the next general tax levy; *provided, however*, that if the maturity of the indebtedness created by the issue of such bonds be made to begin more than one year after the date of such issue, such tax shall be levied and collected, at the time and in the manner aforesaid, each year sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof on or before maturity. Such tax shall be in addition to all other taxes levied for municipal purposes and when collected shall be paid into the treasury of such city and be used for the payment of the principal and interest on such bonds, and for no other purpose. The principal and interest on such bonds shall be paid by the treasurer of such city in the manner provided by law for the payment of principal and interest on bonds of such city.

SEC. 10. All contracts for the construction or completion of any public work, or improvement or public utility, or for furnishing labor, materials or supplies therefor as herein provided, shall be let to the lowest responsible bidder. The legislative body of such city shall advertise for two or more days in a newspaper of general circulation printed and published in such city, inviting sealed proposals for furnishing labor, materials and supplies for the proposed improvement before any contract shall be made therefor. The said legislative body shall have the right to require such bonds as it may deem best from the successful bidder to insure the

faithful performance of the contract, and shall also have the right to reject any and all bids; *provided, however*, that nothing herein contained shall be construed as prohibiting the municipality itself from constructing or completing such works, improvements or public utilities and employing the labor necessary therefor, without a contractor; and *provided, further*, that in municipalities operating under a charter heretofore or hereafter framed under the provisions of the constitution of the State of California, all acts required to be performed subsequent to the sale of such bonds by this act, shall be done and performed by the proper body, board, officer or commission of such municipality, as is required or authorized by such charter to perform such acts, and in case such charter also prescribes the manner of letting and entering into contracts for the furnishing of labor, materials or supplies for the constructing or completion of public works or improvements, the contracts therefor shall be let and entered into in conformity with such charter.

SEC. 11. Said municipality shall, by and through its proper officers, have full power and authority to expend the proceeds acquired from the sale of such bonds for the acquisition or construction of the improvement, work or public utility set forth in the ordinance calling said election, and shall also have full power and authority to acquire or construct such improvements, works or public utilities, and such improvements, works or public utilities so acquired or constructed shall be the property of such municipality.

SEC. 11½. Whenever the legislative body of any municipality in which a municipal improvement district has been formed hereunder, shall by resolution declare that it is no longer necessary to expend the money raised by the sale of bonds of such municipal improvement district for the purpose for which said bonds were voted, by reason of the fact that such purpose has been accomplished by other means, said legislative body of said municipality may call a special election within said municipal improvement district to obtain the consent of the qualified voters thereof to use said money for some other specified purpose for which bonds of said municipal improvement district could lawfully be issued hereunder or to place said money into a sinking fund for the purpose of paying off the principal of said bonds at any time the same may be presented for payment by the holders thereof. The ordinance calling such special election shall recite the new object and purpose for which the said money is proposed to be expended and shall fix the date on which such special election will be held, the manner of holding such election and the manner of voting for or against the expenditure of such money for said purpose, and shall establish one or more precincts within the boundaries of said district, designate a polling place and appoint one inspector, one judge and one clerk for each such precinct, and in all particulars not recited in said ordinance such election shall be held as provided by law for the holding of general municipal elections in such municipality. Such ordinance shall be published five times in a daily, or twice in a weekly or semi-weekly newspaper of general circulation, printed and published in said city and designated by said legislative body for said purpose. In municipalities where no such newspaper is published, such ordinance shall be posted in three public places within said municipal improvement district for two succeeding weeks. No other notice of such election need be given. It shall require the votes of two-thirds of all the voters of such special election to authorize the expenditure of the money for the purpose mentioned in the ordinance calling said special election.

SEC. 12. Any district formed under the provisions of this act shall be known as "Act of 1927 Municipal Improvement District No. \_\_\_\_\_ (insert number) of the city of \_\_\_\_\_ (inserting the name of the municipality in which such district is located)".

SEC. 13. This act shall not affect any other act or acts relating to the same, or a similar subject, but it is intended to provide an alternative method of procedure governing the subject to which it relates. When proceeding under the provisions of this act, its provisions and none other shall apply.

SEC. 14. The provisions of this act shall be liberally construed to effect the purpose thereof and no provision hereof shall be deemed or construed to prohibit the inclusion within the boundaries of any district formed under the provision of this act, or any other act, of any territory which has heretofore or which may be hereafter included within any other district formed under the provisions of this act, or any other act.

SEC. 15. This act shall be known as, and whenever cited, referred to, or amended, may be designated as the "municipal improvement district act of 1927", and by such designation shall be sufficiently identified in any proceeding hereunder or in any court action or proceeding or legislative enactment in which this act is referred to.

In either of said cases, they shall be entitled to the costs incurred in the said action and a reasonable attorney's fee to be fixed by the court for the prosecution thereof. The said contract shall provide that when the said work is completed, the total contract price and the total of the incidental expenses shall be computed and there shall be deducted from such sum total the amount of the payment for said work of improvement to be made by the owner of the street railroad, interurban railroad or railroad, and by the State of California or any other public body, and that the balance of said sum shall be assessed upon and against the lots, pieces or parcels of land within the assessment district or assessment districts provided for in the proceedings. After the filing of the written statement of payments as aforesaid, all amounts remaining due thereon shall draw interest at the rate of one per cent per month until paid, said interest to be computed from the date of the filing of the contractor's statement and there shall be added thereto a penalty of five per cent of the amounts due thereon.

It shall be the duty of the superintendent of streets on or before the fourth Monday of September of each year to certify to the city tax collector, or in case the city taxes are collected by the county, to the county tax collector, a list of the properties within said city upon which there is a lien for unpaid assessments, as shown by the records of the street superintendent.

In cases where the county collects city taxes the notice herein provided to be attached to or pasted to or printed or stamped upon the tax bill shall if the county tax collector so requires be prepared by the superintendent of streets and shall be forwarded to the county tax collector on or before the dates herein provided for forwarding said list. Such tax collector shall cause to be pasted or attached to or printed or stamped upon the tax bill or tax receipt, a notice which shall in substance be as follows:

Notice of delinquent street assessments.

Notice is hereby given that there is a delinquent street assessment due and unpaid on property included in this list and that unless same be paid as provided by law, such property will be subject to foreclosure. Information relative thereto may be secured from the street superintendent of the city in which such property is situate.

At any time after the first day of July next succeeding nine months following the date of recording of such assessment, the contractor or his assignee may sue in his own name the owner of the land, lots or portions of lots assessed on the day of the date of the recording of the warrant, assessment and diagram, and recover the amount of any assessment remaining unpaid together with interest and any penalties allowed hereunder; *provided*, that if any state, county or municipal taxes or other special assessment or assessments be delinquent on said property then such action may be brought at any time after recording of such assessment.

When suit has been brought in accordance with the provisions of this section, the plaintiff shall be entitled to have and recover fifteen dollars attorney fees on each assessment sued on, in addition to all taxable costs, notwithstanding that the suit may be settled or a tender may be made before a recovery in said action, and he may have judgment therefor; *provided*, that if the court finds an unnecessary number of actions have been brought, where the parties are identical, it may allow the costs of one action only, and *provided, further*, that such attorney's fee in any one action shall not exceed fifteen dollars where said action shall be settled before trial or where judgment shall be taken on default. Suit may be brought in the superior court within whose jurisdiction the city is, in which said work has been done, and in case any of the assessments are made against lots, portions of lots, or lands, the service of process may be had in said actions, in such manner as is prescribed in the codes and laws of this state. It shall be competent to bring a single action under any such assessment irrespective of the number of lots assessed where the parties defendant are identical, and where separate actions are brought, the same may be consolidated by order of the court. The said warrant, assessment and diagram, with proof of nonpayment, shall be held *prima facie* evidence of the regularity and correctness of the assessment and of the prior proceedings and acts of the superintendent of streets, and city council upon which said warrant, assessment and diagram are based, and like evidence of the right of the plaintiff to recover in the action. The plaintiff in such action may recover the cost of any abstract or report of search of title procured in good faith in order to determine ownership, such search to be by a reputable abstractor or title company and such cost not to exceed five dollars per lot, and such abstract or report of search with affidavit of payment to be filed in the action.

In a complaint in any such action it shall be held sufficient to allege briefly that the city council ordered the work, the performance of the work under the contract,

the making of the assessment, the issuing of said warrant and the making of said diagram; that an assessment (naming the amount) was levied against that certain lot or parcel of land (describing the same) which, according to the information and belief of the plaintiff, is owned by the defendant; that payment of said assessment has not been made.

In describing said lot or parcel of land in said complaint it shall be sufficient to refer to the same by its number upon said diagram, provided a certified copy of said warrant, assessment and diagram shall have been previously filed in the office of the recorder of the county or city and county in which the same is situated. It shall be the duty of such recorder to so file any such certified copy presented to him upon payment of the filing fee therefor, which fee is hereby fixed at fifty (50) cents.

If the contractor or his agent or any person acting in behalf of the contractor shall, prior to the filing of a complaint for the recovery of any assessment as herein provided or subsequent to the filing of suit and prior to the allowance of attorney fees and costs as herein provided, make any written demand upon or present any bill or notice in writing to such owner, demanding, requesting or notifying such owner to pay or that there is due, attorney's fees or court costs in connection with the collection of such assessment, then, the superintendent of streets is authorized, upon written demand of such owner, accompanied by the affidavit of such owner, that such written demand, bill or notice for the payment of attorney's fees and costs, or either thereof, was made upon or presented to such owner prior to the commencement of suit, or subsequent to the filing of suit and prior to the allowance of attorney's fees and costs, together with such written demand, bill or notice to make said assessment "paid" and such assessment shall thereby be deemed to be paid and the lien thereof released; *provided*, that this clause shall not be held to apply to the service of summons and complaint in a civil action.

Should suit be brought for the recovery of any assessment prior to the time permitted for bringing same as herein provided, then in such action, so brought the plaintiff shall not recover and defendant shall be entitled to have and recover such attorney's fees as the court may deem reasonable in addition to all taxable costs and he may have judgment therefor.

#### AMENDMENT NUMBER THIRTY-ONE.

That there be added at page 9 of said printed bill, line 25, at the end of section 6, the following: "The provisions relative to giving notice, shall be the same as provided in section 3 of this act, with the exception that it shall be clearly stated therein that the proceedings are based upon an order made without previous application on the part of the city or county in question. It shall not be necessary that the city or county make any further application to the railroad commission other than for an order permitting the officers of the city or county to enter upon so much of the right of way of the street railroad, interurban railroad or railroad as may be necessary to effect the desired physical grade separation. A copy of the order of the railroad commission authorizing such action on the part of the officers of the city or county, shall be filed with the city clerk or the clerk of the board of supervisors, as the case may be, and notice of such filing shall be published by such clerk by two insertions in some newspaper of general circulation within such city or county. The provisions of section 3 hereof, relative to advertising for bids, awarding of contracts, and the execution of contracts, and the provisions of sections 4 and 5 hereof shall be applicable to proceedings carried through pursuant to this section."

#### AMENDMENT NUMBER THIRTY-TWO.

That all of sections 7, 8 and 9, on page 9 of said printed bill, be stricken out, namely, all of the matter contained from line 26 to 50, inclusive.

### Amendment adopted.

#### AMENDMENT NUMBER THIRTY-THREE.

That there be added a new section to read as follows:

SEC. 7. Whenever any assessment heretofore issued or which may be hereafter issued is or shall be void, or unenforceable, for any cause, or if bonds shall have been, or shall be, issued to represent any assessments and such issuance shall not have been, or shall not be effective through the curative provisions in relation thereto, or any curative act that may be passed by the Legislature in relation thereto to make them valid and enforceable, then, in any of such events, a reassessment therefor may be issued. The true intent and meaning of this section is to make the cost and expense of work or improvement made through an attempted compliance with this act, payable by the real estate benefited by such work or improvement by making a reassessment therefor.

Such power of reassessing embraces both a full and a partial reassessment, and is not exhausted by a single attempted exercise thereof.

A reassessment shall be ordered under any one of four circumstances:

First—Where the owner or holder of any assessments, or of bonds issued under this act to represent assessments request the legislative body of the city in which the assessment has been or shall be issued to order a reassessment. In such event if said legislative body be of the opinion that the assessments or bonds in question are not enforceable it shall order the making and issuing of a reassessment covering only the assessments owned or held by the petitioner or the assessments represented by the bond owned or held by such petitioner.

Second—Whenever any court of competent jurisdiction in any suit to foreclose the lien of any assessment or to enforce the obligation of any bond issued to represent any assessments issued under this act, has for any reason held such lien unenforceable, then it shall in and by its decree direct the making of a reassessment to cover the assessments involved in such suit.

Third—Whenever any court of competent jurisdiction in any suit to set aside the lien of any assessment or of any bond representing any assessment, or in any suit to quiet title against the lien of any such assessment, or bond shall in its judgment decree such assessments or bonds to be void, or unenforceable, then it shall in and by its decree direct the making of a reassessment to cover the assessments involved in such suit.

Fourth—Whenever any contractor or assignee of a contractor shall have done or performed any work or improvements pursuant to proceedings had and taken in attempted compliance with the provisions of this act, and whenever prior to the issuance of any assessment, any court of competent jurisdiction in any suit to invalidate the contract or any of such proceedings shall for any reason declare said contract or other proceedings to be invalid, then such court shall in and by its decree direct the making of a reassessment for the reasonable value of the work and improvement actually done and performed in good faith by the contractor, or such portion thereof as was of a kind that could lawfully have been ordered under the provisions of this act.

The manner of making, issuing and enforcing the reassessment shall be as follows:

The superintendent of streets or county surveyor shall, upon the entering of a decree of court directing a reassessment or upon the making of an order by the legislative body of the city directing a reassessment, proceed to make a reassessment in the following manner:

If the reassessment be a partial one only, then it shall not be necessary for the diagram to show any other lots than the ones covered by such partial reassessment. If it be a full reassessment, however, then it shall be upon the lots fronting on said work if the original assessment was one made on the front foot plan; if the original assessment was made against a district then the superintendent of streets or county surveyor shall prepare and file with the reassessment a diagram showing the lots, pieces or parcels of land from the work or improvement estimated as of the date of the original assessment shall first be listed. Then there shall be added thereto interest thereon from twenty (20) days after the date of recording the original assessment at the rate of seven per cent (7%) per annum, and the total sum shall constitute and be the amount of the proposed several assessments in such reassessment. The total of such reassessment, however, exclusive of interest, shall not exceed the cost of the work or improvement. Such assessment need not be in any prescribed form, but shall refer to the original assessment, give the date of the original assessment and state that it is made pursuant to the orders of the legislative body of the city or decree of the court, as the case may be, and shall be accompanied by a diagram showing the lots to be reassessed and their relation to the work. It shall then be presented to the legislative body, which shall fix a time for hearing before it. Such time must be at least twenty (20) days after the reassessment is so presented. The city clerk shall then advertise the time of such hearing before the legislative body by publishing a notice in the newspaper in which the notice of award of contract for the improvement for which the assessment was made, was published unless the legislative body directs publication in some other paper. If the reassessment is to be against the property in a district, then this fact shall be stated in the notice and a description of the district shall be set forth and the assessment diagram referred to for particulars. Such notice shall be published less frequently. At the time fixed for said hearing, or at such time less frequently. At the time fixed for said hearing, or at such time or times to which the same may be thereafter adjourned, the legislative body shall consider the objections to said reassessment and in its discretion informally direct the revision, correction or modification of such reassessment in such manner as is most equitable to apportion to each lot, piece or parcel of land thereby benefited the amount of the actual benefits derived from said improvement. When such reassessment shall have been revised or corrected or modified so as to comply with the judgment of said legislative body, then it shall pass a resolution confirming the reassessment. The street superintendent or county surveyor shall thereupon record the reassessment with a certificate at the end thereof by the

city clerk, that it is the reassessment approved by the legislative body of the city. He shall also note opposite the several assessments in the original assessment that have been displaced by the reassessment the fact that the reassessment has been made, giving its date, and shall credit upon such reassessment or upon the bonds issued to represent the same, together with all payments theretofore made upon the original assessment, interest on such payments at the rate of seven per cent (7%) per annum from and after the date of such payments. Such reassessment shall be collectible and payable in the same manner as an original assessment and shall be enforceable by suit in the same manner provided in this act for enforcing an original assessment, and shall have the same weight in evidence. In the event that bonds issued under the original assessment they shall also issue upon the reassessment for such sum as may be reassessed against the lot, piece or parcel of land covered thereby. When the reassessment is recorded the original assessment shall be canceled by the street superintendent or the county surveyor so far as it affects the particular assessments involved. New bonds shall not be issued until the original bonds are delivered up to the city treasurer, who shall cancel the same. The lien of such reassessment shall hold its relative rank as to other special assessment liens as of the date of the original assessment.

That there be added a new section thereto to be known as section 8, to read as follows:

SEC. 8. In the event that any of the expense of said grade separation shall be paid by the State of California, or in the discretion of such legislative body shall be paid out of its treasury, then such legislative body shall determine the said amount prior to advertising for bids and designate the fund from which it is to be paid. In such event there shall be deducted from the portion of the expense of such grade separation which is not to be paid by the owner of the street railroad, interurban railroad or railroad, such amount as shall be paid by the State of California, or from the public treasury of the city or county as hereinbefore provided, and only the remainder of such expense shall be assessed upon or against the property in any district or districts of land made assessable under the proceedings hereunder.

The compensation of such superintendent of work shall be fixed by the legislative body, provided that any county officer in case the proceedings are carried through by a county, or any municipal officer or board in case the proceedings are carried through by a county, or any municipal officer or board in case the proceedings are carried through by a city, may be appointed such superintendent without compensation.

In the event that said lots, pieces or parcels of land, or any of them, shall by said declaration be omitted from the assessment, then the total expense shall be assessed on the remaining lots lying within the limits of the assessment district or districts, without regard to such omitted lots, pieces or parcels of land. In the event that the council or board, shall, in such declaration of intention, declare that said lots, pieces or parcels of land so owned as aforesaid, or any of them, shall be included in the assessment, or in the event that no declaration is made respecting such lots, pieces or parcels of land, or any of them, then said city or county shall be liable for such

sum or sums as may thereafter be assessed against any such lots, pieces or parcels of land so owned and used, and so included in the assessments by reason of the aforesaid declaration, or such lots, pieces or parcels of land so owned and used respecting which the declaration of intention makes no declaration, which shall be payable by the city or county out of the general fund unless the legislative body shall in its declaration of intention designate another fund; *provided, however*, that any such sum or sums which may be assessed against any such lots, pieces or parcels of land so owned and used, shall not be payable by the city or county when such sum or sums are paid by the owner of or the governing body controlling such lots, pieces or parcels of land.

### Amendment adopted.

#### AMENDMENT NUMBER EIGHT.

Following line 16, on page 7, of the printed bill, add the following new matter:

Sec. 4. Section 9 of said "Acquisition and improvement act of 1925" is hereby amended to read as follows:

Sec. 9. At any time not later than the hour set for hearing objections as provided in the preceding section, any owner of land within the boundaries of the assessment district as set forth in said resolution may, severally, or with other such owners, file with the clerk of the legislative body conducting the proceedings written objection to the thing or things proposed to be done, whether it be an improvement or acquisition, or both, or to the grade or grades to which the improvement is proposed to be constructed, or to the extent of the assessment district, or to the zones, if any, into which the said district is divided, or to the percentages proposed to be raised from each of said zones, or to any or all of the foregoing. Upon such hearing all objections and protests to the doing of the thing or things proposed to be done shall be heard and considered. If upon said hearing it appears that the owners of more than one-half of the area of the property included within the entire assessment district, as proposed, have in writing made objection to the doing of the thing or things pro-

posed to be done, i.e., the improvement or acquisition, or both, as the case may be, in their entirety, and to the ordering of the same, the legislative body shall, by a resolution to be entered upon its minutes, so find and thereupon such legislative body shall have no power to proceed further under said resolution of intention nor to adopt any resolution for doing the same thing or things during a period of one year next succeeding the time of such finding, unless the said objections be overruled by an affirmative vote of four-fifths of the members of such legislative body. In order that such objections operate as a bar, as aforesaid, in the absence of such a four-fifths vote, they must specifically state that the objections are to the doing of the thing or things proposed in their entirety and not merely to some item, class, kind or part of the thing or things proposed to be done. If the fact be that the owners of more than one-half of the area of the property included within the entire district as proposed have not so in writing made objection going to the ordering of the thing or things proposed to be done, as an entirety, the legislative body shall so find, and may thereupon proceed with the hearing, but such finding need not be in writing and may, for the purpose of proceeding with the hearing, be a mere announcement of the body. Next shall be heard, in any order desired by such body, such objections as shall be made to the extent of the district and to the zones, if any, into which said district is divided and to the percentages to be raised therefrom as set forth in the resolution of intention, and objections to the grade or grades to which the improvement is proposed to be constructed.

The hearing may be continued from time to time by the legislative body by an order to be entered upon its minutes.

Owners of land within the meaning of this section are those, and those only, who appear to be such upon the records in the recorder's office of the county in which the district is situated on the day before the day set for said hearing, and an executor or administrator shall be deemed representative of his decedent, and a trustee of an express trust in land, other than as security for the payment of money, of the land held in such trust, and a trustee in bankruptcy of the bankrupt, and a guardian of his ward. Owners of land within the meaning of this section shall also include any person who holds a valid contract to purchase land, which fact must either be shown to be such upon the records in said recorder's office or the owner signing the protest must exhibit his contract to purchase; *provided, however*, that if both the owner of record and the contract purchaser shall present protests for the same land, only one protest shall be counted. The objection of any owner may be made by the signature of his agent; *provided*, that there must be attached to the objection the affidavit of the agent that he is duly authorized to sign said objection. Every written objection must contain a description of the property in which each signer thereof is interested sufficient to identify it, and must set forth the nature of his interest therein and, if signed by more than one objector, must be accompanied by the affidavit of one of the signers thereto that each signature thereto is the genuine signature of the person whose name is thereto subscribed. Any written objection not complying with the foregoing requirements shall not be considered by the legislative body in determining whether objection has been made to the doing of the thing or things proposed to be done, as an entirety, by the owners of more than one-half or more than three-fourths of the area of the property included within the assessment district.

Sec. 5. Section 11 of said "Acquisition and improvement act of 1925" is hereby amended to read as follows:

Sec. 11. Having thus taken action upon all objections and protests to the doing of the thing or things proposed to be done and having determined the boundaries of the district and of the zones, if any, and the percentages to be raised therefrom, and the grades for the improvement, the legislative body shall have jurisdiction and may, by resolution, order the thing or things proposed to be done in the resolution of intention to be done. The resolution ordering the doing of the thing or things proposed to be done may be the same in which all of the final determinations above mentioned are made, or it may be a separate resolution, in which latter case it shall refer to the resolution making said final determination. Neither said resolution ordering the doing of the thing or things proposed to be done nor any resolutions, notice, orders or determinations thereafter made or given in the proceeding need contain a description of the work or improvement to be done or the property to be acquired, and it shall be sufficient in any of the foregoing to refer therein to the resolution of intention for a description of the work or improvement to be done, or the property to be acquired, or both, as the case may be, and, if the boundaries of the district, the zones, percentages and grades set forth in the resolution of intention have not been changed, it shall be sufficient in any of the foregoing to refer therein to the description of the same set forth in the resolution of intention, but if said boundaries, said zones, said percentages, and said grades or any or all of the same have been changed then it shall be sufficient to refer to the resolution changing and determining the same for a description thereof and all details relative thereto. If said resolution ordering the doing of the thing or things proposed to be done includes the acquisition of property, the legislative body shall therein direct an action to be brought by the attorney, in the proper superior court, in the name of the county or of the municipality for which the legislative body

conducting the proceedings functions, as the case may be, for the condemnation of the property necessary or convenient to be taken therefor. If said resolution orders work or improvement to be done, the legislative body shall therein fix a time for receiving bids for doing said work or improvement and direct the clerk thereof to give notice accordingly, inviting sealed bids. In the event the proceeding includes the acquisition of property which must be acquired before the construction of the improvement can be commenced, the time for receiving bids may be fixed as the first regular meeting day of the legislative body after the expiration of fifteen days following the signing of the decree or order of the court entitling the plaintiff in the action to possession and use of the property sought to be acquired, and the clerk shall be directed in said resolution to give the notice inviting bids after the signing of such decree or order; or a future day and hour certain may be fixed and if a decree or order giving possession is not obtained at a time prior to such day sufficient to permit the first publication of the notice inviting bids to be had at least ten days prior thereto, the legislative body may, by resolution, re-fix said day for receiving bids and direct the clerk to give notice inviting bids for said new day so fixed. A single exercise shall not exhaust this power to re-fix the day for receiving bids in such cases, but it may be resorted to as many times as are necessary.

In the event that the proceeding includes both an acquisition and improvement the legislative body may require the bidders who submit bids for performing the work and improvement to purchase the bonds which have been or are to be issued to cover the cost of the acquisition and immediate possession, or either or both and to include in their bid for the improvement a bid for said bonds, which shall not be for less than par. Such determination and requirement shall be made by resolution and shall direct the clerk to give notice accordingly in the notice inviting bids, stating the total par value of such bonds, and the interest rate, if fixed; otherwise the maximum interest rate. In the event such determination and requirement are made, the time fixed for receiving bids for the improvement may be any time after directing the issuance of the bonds under the provisions of section 28 or section 36 of this act, fixing a day certain, but the power to re-fix such time shall exist as heretofore in this section provided. In such event the provisions made elsewhere for the notice of sale and sale of such bonds shall not apply, where inconsistent herewith. The bidder shall be required to pay for such bonds in cash and the awarding of the contract shall be conditioned upon such payment and the obtaining by the plaintiff in the action to acquire the public way or ways involved, a valid court order, judgment or decree entitling it to possession of the public ways to be improved.

SEC. 6. A new section is hereby added to said "Acquisition and improvement act of 1925", to be numbered section 28½, and to read as follows:

SEC. 28½. In the event that it is provided in the resolution of intention that bonds for immediate possession shall be issued at a maximum rate of interest, which shall not exceed eight per cent per annum, payable semiannually, leaving the exact rate of interest at which the bonds are to be issued and sold to be determined at the sale of such bonds, then the notice provided for in the preceding section shall state that said bonds will bear interest at a rate not to exceed the maximum rate therefor named in said resolution, stating the same. Upon the order for the issuance of said bonds by the legislative body, if such order is made, and the issuance of the same by the treasurer, the legislative body shall advertise the sale of said bonds, calling for bids therefor and fixing a time for the receipt of bids which shall be not less than five days subsequent to the order directing such advertisement, which advertisement shall be published by at least two insertions. At the time fixed for the receipt of such bids, or as soon thereafter as the legislative body can conveniently do so, it shall publicly open, examine and declare the same. Said bonds shall be sold to the best responsible bidder for cash therefor, and consideration shall be given to the rate of interest at which the bonds are offered to be purchased and the premium offered, if any. The rate of interest at which said bonds are sold shall not exceed the maximum rate named in the resolution of intention; and the rate of interest at which the legislative body sells said bonds shall thereupon be fixed as the rate of interest therefor and its such fixing and determination of said rate of interest shall be final and conclusive. Said bonds shall not be sold for less than par, and if any bonds be sold for an amount in excess of par such excess shall be applied to the interest and sinking fund for the retirement of the bonds issued. The proceeds of such sale shall be paid to the treasurer and by him be used as provided in the preceding section. Where not inconsistent, the provisions of the preceding section shall apply to the procedure provided in this section.

## ACQUISITION AND IMPROVEMENT DISTRICT BOND.

Acquisition and improvement district number-----of the county (or city) of -----, State of California.

\$----- Bond number----- Series-----

Under and by virtue of an act of the Legislature of the State of California, known as the "acquisition and improvement act of 1925", the county (or city) of -----, State of California, will pay to the bearer, out of the fund hereinafter designated, at the office of the treasurer of said county (or city), on the ----- day of -----, 19-----, the sum of ----- dollars in gold coin of the United States of America, with interest thereon in like gold coin at the rate of ----- per cent per annum, payable semi-annually on the second day of January and the second day of July in each year from the date hereof (except that the first interest payment will be made on the second day of ----- next succeeding one year after the date of this bond and the last installment of interest payment will be paid at the maturity of this bond) upon the presentation and surrender, as they respectively become due, of the proper interest coupons hereto attached, the first of which is for interest from the date hereof to the second day of ----- (here insert the month, January or July, which next succeeds the date of the bond) next succeeding one year after the date of this bond, and the last for interest to the maturity hereof from the last preceding date of interest payment.

This bond is issued under and in conformity with the provisions of the above mentioned "acquisition and improvement act of 1925" and is one of ----- (here use the words "a series of", if bonds are to be issued under the proceeding for either an acquisition or improvement only, and the words "several series of", if bonds are to be issued for both an acquisition and improvement) ----- bonds to be issued to represent the expenses of certain ----- (here use the words "acquisitions of property by the public", if bonds are to be issued for an acquisition only, and the words "public improvement," if bonds are to be issued for an improvement only, and the words "acquisitions of property by the public and public improvements," if bonds are to be issued for both an acquisition and improvement in the same proceeding) ----- authorized by the provisions of said act and comprehended in the proceedings had for the above named district. It is hereby certified, recited and declared that all proceedings, acts and things required by law precedent to or in the issuance of this bond have been regularly had, done and performed, and this bond is by law made conclusive evidence thereof.

This bond is payable out of the "acquisition and improvement district number \_\_\_\_\_ of the county (or city) of \_\_\_\_\_ interest and sinking fund" exclusively, as the said fund appears upon the books of the treasurer of said county (or city) and neither said county (or city) nor any officer thereof shall be helden for its payment otherwise; but in accordance with the provisions of said act a special assessment tax will be levied and collected upon the lands in said district in an amount clearly sufficient to pay the principal and interest of said bonds as the same shall become payable.

In witness whereof the \_\_\_\_\_ (here designate the legislative body) \_\_\_\_\_ of the said county (or city) has caused this bond to be signed by the treasurer of said county (or city) and the seal of \_\_\_\_\_ (here use the words "the board of supervisors of said county" or the words "said city", as the case may be) \_\_\_\_\_ to be affixed this \_\_\_\_\_ day of \_\_\_\_\_ 19\_\_\_\_.

(SEAL)

\_\_\_\_\_  
Treasurer of the county (or city) of \_\_\_\_\_  
State of California.

The designation of the district by its name and number set forth at the top of the bond shall be sufficient to identify and distinguish each and all of the bonds thereof from any other issue. In the event that the proceeding comprehends an improvement only, all the bonds issued thereunder may be designated as of one series, as for example "Series A". In the event it comprehends an acquisition, and bonds are issued to raise funds necessary to obtain an order of immediate possession and use of the property to be acquired before trial, as in this act provided, the bonds issued for that purpose shall be designated by a separate series from those issued thereafter, if any, to defray the remaining expenses of the acquisition, as for example, "Series A" for the bonds issued to raise such funds and "Series B" for the bonds issued for the remaining expenses of the acquisition. In the event the proceeding comprehends both an acquisition and an improvement, the bonds issued for the expenses of the acquisition shall be designated by separate series, as for example, those issued to raise funds to obtain such an order of possession as "Series A", those issued for the improvement as "Series B", and those issued for the remaining expenses of the acquisition as "Series C", according to the order, in point of time, in which the respective issues are made.

All bonds issued under this act shall be signed by the treasurer of the county or municipality whose legislative body conducts the proceeding and shall have the seal of the board of supervisors of the county or the seal of the city, as the case may be, thereto affixed, and when so signed shall be binding according to the terms thereof as prescribed in the above form therefor. The interest coupons attached to said bonds shall be in such form as the said treasurer shall determine, subject to the provisions of this act and the determination made by the legislative body, and the signature on said interest coupons by said treasurer, by either written or engraved or printed facsimile signature shall be sufficient.

SEC. 10. Section 40 of said "Acquisition and improvement act of 1925" is hereby amended to read as follows:

Sec. 40. The principal and interest of the bonds issued under this act shall be payable in gold coin of the United States of America at the office of the treasurer issuing the same. The legislative body is hereby vested with power to determine, and shall in the resolution of intention determine, the number of years, not to exceed thirty, after the issuance of any bonds issued, within which the aggregate principal of all bonds to be issued in any proceeding under this act shall be paid and discharged, and to fix the rate of interest, not to exceed eight per cent per annum, payable semiannually, to be paid thereon; *provided, however*, that in the case of acquisition bonds and immediate possession bonds the rate stated in the resolution of intention need only be a maximum rate, which shall not exceed eight per cent per annum, payable semiannually, in which case the exact rate of interest shall be determined upon the sale of the bonds, as heretofore in this act provided. It shall be a sufficient determination and fixing of the term and interest rate of said bonds to set forth in the resolution of intention that bonds will be issued for the expense of the things to be done in any language that will fairly indicate such time, the fractional part of the principal to be paid each year, and the interest rate for improvement bonds and either the interest rate or the maximum interest rate for which acquisition bonds and immediate possession bonds will be issued. It may be provided in said resolution that the first payment of principal shall become due either one, two, three, four or five years after the date of said bonds. The number of installments of payments on the principal shall be indicated in said resolution of intention, and in any proceeding the number of installments of payments on the principal of improvement bonds may differ from the number of installments of payments on the principal of acquisition bonds and immediate possession bonds, if any, to be issued in said proceeding. The amount of the principal due in each annual payment need not be exactly the same, but with respect to each installment excepting the last may be made to differ not more than five hundred dollars from the amount obtained by dividing the total of the principal amount due under the

bonds by the number of installments. Each installment, except the last, shall be an even multiple of one hundred and the last installment shall be for the balance of the total principal amount not provided to be paid in the previous installments.

The interest payments on said bonds shall be payable semiannually on the second day of January and the second day of July of each year, except that the first interest payment shall be made on the second day of January or the second day of July, as the case may be, next succeeding one year after the date of said bonds, and except that the last installment of interest shall be payable at the maturity of the bonds, in the manner indicated in the form of bond in this act set forth. It shall not be necessary, either in the resolution of intention or otherwise, to set forth or determine the days of the month on which payments of interest are to be made, nor that payments shall be made in gold coin, nor that payments shall be made at such treasurer's office, but all persons are charged with notice of the contents of this section, especially in the aforesaid particulars.

## AMENDMENT NUMBER THREE.

On page 1, lines 14 to 17, of the printed bill, strike out all of said lines 14 to 17 inclusive; also strike out all of page 2, and insert in lieu thereof the following:

SECTION 1. Section 1 of said act is hereby amended to read as follows:

Section 1. Whenever the words "improvement act of 1911" are used herein they shall mean that certain act entitled "An act to provide for work in and upon streets, avenues, lanes, alleys, courts, places and sidewalks within municipalities, and upon property and rights of way owned by municipalities or of which a municipality has possession and the right of use under the provisions of section 14 of article I of the constitution, and for establishing and changing the grades of any such streets, avenues, lanes, alleys, courts, places, sidewalks, properties or rights of way, and providing for the issuance and payment of street improvement bonds to represent certain assessment for the cost thereof, and providing a method for the payment of such bonds.

SEC. 2. That section 3 of the "improvement act of 1911" be and the same is hereby amended to read as follows, to wit:

Sec. 3. Before ordering any work done or improvement made which is authorized by this act, the city council shall pass a resolution of intention to do so, referring to the street by its lawful or official name, or the name by which it is commonly known; when the work is not upon a public street or public way, then by briefly describing the property or right of way on which same is to be constructed, and briefly describing the work. The said resolution of intention shall be sufficient if it states in general terms the class or kinds of work contemplated, such as grading, paving, sewerage or other work or improvements, and gives in general the location of the proposed improvement and refers to plans, profiles, detailed drawings and specifications or such of them as may be suitable or proper for the full and detailed description of the said proposed work or improvement; *provided, however*, that if it is the intention of the council to have the said work or improvement constructed according to one of two or more plans or methods, or with one of two or more kinds of material or mixtures, the said resolution of intention shall refer in general terms, in addition to the matters hereinabove mentioned, to each of such alternative plans or methods, and each of such kinds of material or mixtures for the details thereof. Said resolution shall contain also a notice of the day, hour and place when and where any and all persons having any objections to the proposed work or improvement or any method of doing the same or any material or mixtures to be used therein may appear before the legislative body and show cause why said proposed improvement should not be carried out in accordance with said resolution; said time shall not be less than fifteen nor more than forty days from the date of the passage of said resolution. The city clerk shall cause said resolution of intention to be published twice in one or more daily newspapers published and circulated in said city: *provided*, if there be no daily newspaper, then the publication shall be made in one or more newspapers published and circulated therein less than six days a week, and said publication shall be had twice therein. If no newspaper be published in said city, then the publication shall be made twice in some newspaper published in the county in which said city is located. The city council may include in one proceeding, under one resolution of intention and in one contract, any of the different kinds of work mentioned in this act on any number of streets, properties and rights of way or portions thereof, contiguous or otherwise, and it may except therefrom any of said work already done. The lots and portions of lots fronting upon said excepted work already done shall not be included in the assessment for the class of work from which the exception is made.

The grade to which any work shall be done or improvement made shall be such as may be shown on the plans or profiles therefor or it may be done on such a grade as may have been formally established by the city council. If any official grade has already been adopted or established for any of the streets, avenues, or other places or property, proposed to be improved, it shall be lawful for the resolution of intention to provide that said work shall be done to new grades or grades different from those so established or adopted, and shall refer to plans, profiles or specifications for the description of the grade at which the work is to be done. Any property owner whose property is to be assessed to pay the costs and expenses of the proposed improvement may at the time fixed in the resolution of intention for hearing of objections to the proposed work and improvement, appear before the city council and make objection to the proposed grade or proposed modification of grade. A failure to make objection at such time shall be deemed to be a waiver of all objections to the proposed grade or proposed change or modification of grade and shall operate as a bar to any claim for damages or any subsequent action looking to the prevention of the work or the recovery of damages on account of the performance of the work to such grade or changed grade. The provisions of this section relative to grades are alternative and shall not repeal other provisions of this act or other statutes relative to change of grade.

SEC. 3. Section 6 of said act is hereby amended to read as follows:

Sec. 6. At any time not later than the hour set for hearing objections to the proposed work as provided in section 3 hereof, any owner of property liable to be assessed for said work may make written protest against the proposed work or

against the extent of the district to be assessed, or against any or all of the methods proposed for doing said work or improvement or any or all of the kinds of material or mixtures to be used therein, or against any of the matters or things herein enumerated. Such protest must be in writing and be delivered to the said clerk of the city council, and no other protests or objections shall be considered. At the time set for hearing protests the city council shall proceed to hear and pass upon all protests so made and its decision shall be final and conclusive, except as to protests concerning the plans or method or kinds of material or mixtures, one of which is to be used for doing said work, the final decision on which may be deferred until the awarding of the contract; *provided, however*, that when the protest is against the proposed work, and the cost thereof is to be assessed upon the property fronting thereon, and the city council finds that such protest is made by the owners of a majority of the property fronting on the proposed work, or when the protest is against the proposed work and the cost thereof is to be assessed upon the property within a district, and the city council finds that such protest is made by the owners of more than one-half of the area of the property to be assessed for said improvements, no further proceedings shall be taken for a period of six months from the date of the decision of the city council on said hearing, unless the said protests be overruled by an affirmative vote of four-fifths of the members of the city council. The words "proposed work" as used herein, shall mean and include all the work described in the resolution of intention. The city council may adjourn said hearings from time to time.

Sec. 4. Section 8 of said act is hereby amended to read as follows:

Sec. 8. Before passing any resolution for the construction of improvements, plans or specifications and careful estimates of the costs and expenses thereof, shall be furnished by the city engineer to the city council, if required by it, and in case bids are to be invited on alternative specifications, as herein provided, then the city engineer shall furnish to the city council, if they so require, a careful estimate of costs and expenses for the doing of said work in accordance with each of the specifications referred to in the resolution of intention and one of which is to be used for the work or improvement proposed to be done. For the work of constructing sewers, specifications shall always be furnished by the city engineer.

Sec. 5. Section 10 of said act is hereby amended to read as follows:

Sec. 10. Before the awarding of any contract by the city council for doing any work authorized by this act, the city council shall pass a resolution ordering the work; *provided, however*, that in the event that alternative plans, specifications, methods, materials or mixtures have been adopted in the resolution of intention the council, in the resolution ordering the work, need merely designate that the work shall be done in accordance with one of the specifications, or the plans, or the mixtures, or the materials specified in the resolution of intention, and that the determination by the council of the particular specification, or plan, or method, or material, or mixture which shall be used may be selected at the time of the awarding of the contract therefor. Notice, with specifications, shall be posted conspicuously for five days on or near the council chamber door of said council, inviting sealed proposals or bids for doing the work ordered. Notice inviting such proposals, and referring to the specifications posted or on file, shall be published twice in a daily, semiweekly, or weekly newspaper published and circulated in said city, designated by the council for that purpose, and in case there is no newspaper published in said city, then it shall only be posted as hereinbefore provided. The time fixed for the opening of bids shall be not less than ten days from the time of the first publication or posting of said notice. All proposals or bids offered shall be accompanied by a check payable to the city certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or by a bond for the said amount and so payable, signed by the bidder and two sureties, who shall justify, before any officer competent to administer an oath, in double the said amount, and over and above all statutory exemptions. Said proposals or bids shall be delivered to the clerk of the said city council, and said council shall, in open session publicly open, examine and declare the same; *provided, however*, that no proposal or bid shall be considered unless accompanied by said check or bond satisfactory to the council. The city council may reject any and all proposals or bids should it deem this for the public good, and also the bid of any party who has been delinquent or unfaithful in any former contract with the municipality, and shall reject all proposals or bids other than the lowest regular proposal or bid of any responsible bidder, and may award the contract for said work or improvement to the lowest responsible bidder at the prices named in his bid. If the bids are rejected or no bids are received the city council may within six months thereafter readvertise for proposals or bids for the performance of the work as in the first instance, without further proceedings, and thereafter proceed in the manner in this section provided, and shall thereupon return to the proper parties the respective checks and bonds corresponding to the bid so rejected. But the checks accompanying such accepted proposals or bids shall be held by the city clerk of said city until the contract for doing said work, as hereinafter provided, has been entered into, either by said lowest bidder or by the owners of three-fourths part of the frontage, whereupon said certified check shall be returned to said bidder. But if said bidder fails, neglects or refuses to enter into the contract

to perform said work or improvement, as hereinafter provided, then the certified check accompanying his bid and the amount therein mentioned, shall be declared to be forfeited to said city and shall be collected by it and paid into the general fund, and any bond forfeited may be prosecuted, and the amount due thereon collected and paid into said fund.

SEC. 6. Section 10½ of said act is hereby amended to read as follows:

Sec. 10½. The council shall have power, in its discretion, in the resolution of intention to declare its intention to do such work according to some one of two or more plans or methods or with some one of two or more kinds of material or mixtures and to adopt plans and specifications for the doing of such work according to such alternative plans or methods or with such alternative kinds of materials or mixtures. In the event the council shall so declare in its resolution of intention, then the council shall upon the hearing provided in section 3 hereof, determine that such class or classes or kind or kinds of work shall be so done, and invite proposals for the doing thereof according to such alternative method or plan or with such alternative kinds of materials or mixtures, and upon the opening of such proposals said council shall thereupon fix a time for hearing upon the proposals so received, notice of which shall be given by posting and publication for the same time and in the same manner as is provided for the notice inviting proposals, the first publication of which notice shall be at least ten days before the time of hearing so fixed. At such hearing any person interested shall have the right to appear and be heard upon the question as to which method or plan or material or mixture shall be adopted for the doing of such work and as to which proposal shall be accepted. The council may thereupon in its award of contract determine not only the bidder to whom the award shall be made, but also which one of such alternative methods or plans of doing such work shall be adopted, or which of such alternative materials or mixtures shall be adopted, for the doing of said work. It shall thereupon award the contract, if an award be made, to the lowest responsible bidder for the doing of said work according to such plan or method or material or mixture so adopted, and thereupon said work shall be done in accordance with the plan or method or material or mixture so adopted. No other method of procedure provided for in this act shall govern in regard to the doing of said work. The procedure provided for in this section shall be an alternative procedure to that provided in the other sections of this act, of which this section forms a part. If the council shall not exercise its discretion to call for proposals for the doing of said work according to the alternative method as herein provided for, or plan, or such alternative materials or mixtures, then this section shall not apply to any proceeding taken under this act. It is *provided further* that, notwithstanding any charter or other provisions of law requiring the award of contract to be made by a public board or officer, other than the council, nevertheless, in all cases where proceedings have been taken under this section the award of contract shall be by the council and said council shall not only determine the bidder to whom the award shall be made, but also the method or plan or materials or mixtures to be adopted for the doing of such work.

SEC. 2. If a vacancy shall occur otherwise than by expiration of term, it shall be filled by appointment for the unexpired portion of the term as in the first instance. In any city, county, or city and county, in which there is a planning commission created in accordance with law, the ordinance, instead of providing for the appointment of a new planning commission, may provide that the existing commission shall continue, the members thereof thereafter to be appointed in accordance with the provisions of this act, with the powers and duties as specified for a planning commission appointed as provided in this act, in addition to the powers and duties they may already possess. All members of the commission shall serve as such without compensation, and, when duly authorized by

The commission may also contract with architects, city planners, engineers, and other consultants for such services as it may require. The expenditures of the commission, exclusive of gifts, shall be within the amounts appropriated for that purpose by the legislative body, which shall provide the funds, equipment, and accommodations necessary for the commission's work. Each city, county and city and county which has established a planning commission, may, in making its annual tax levy and as a part thereof, levy and collect a tax, not to exceed in any fiscal year the sum of two mills on the dollar of assessed valuation, for the purpose of defraying the lawful expenses incurred by the planning commission in carrying out the purposes of this act, and/or may make appropriations from other funds therefor.

Such plan, with the accompanying maps, plats, charts, and descriptive matter, shall show the commission's recommendations for the development of said territory, including among other things the general location, character, and extent of streets, waterways, waterfronts, playgrounds, plazas, squares and open spaces, parks, aviation fields, and other public ways and grounds, the general location of public buildings and other public property; and the general location and extent of public utilities and terminals, whether publicly or privately owned or operated; and the removal, relocation, widening, narrowing, vacating, abandonment, change of use, or extension of any of the foregoing ways, grounds, open spaces, buildings, property, terminals, or utilities; or other matters authorized by law. The commission may from time to time adopt and publish a part of the plan covering one or more major sections or divisions of the territory under its jurisdiction or one or more of the aforesaid or other subjects-matter. The commission may from time to time amend, extend or add to the master plan.

The plan shall be made with the general purpose of guiding and accomplishing a coordinated, adjusted, and harmonious development of the municipality, or county, and its environs, which will, in accordance with present and future needs, best promote the amenities of life, health, safety, morals, order, convenience, prosperity, and general welfare, as well as efficiency and economy in the process of development; including, among other things, adequate provision for traffic, the promotion of safety from fire and other dangers, adequate provision for light and air, distribution of population, good civic design and arrangement, wise and efficient expenditure of public funds, and the adequate provision of public utilities and other public requirements, the improvement and control of architecture and general embellishment of the area under its jurisdiction.

SEC. 6. Before adopting the master plan or any part of it or any substantial amendment thereof the commission shall hold at least one public hearing thereon, notice of the time of which shall be given by one publication in a newspaper of general circulation in the municipality or county or in the official gazette of the municipality or county. The adoption of the plan or part or amendment thereof shall be by resolution of the commission, carried by the affirmative votes of not less than six members of the commission. The resolution shall refer expressly to the maps and descriptive and other matter intended by the commission to form the whole or part of the plan or amendment, and the action taken shall be recorded on the map and plan and descriptive matter by the identifying signature of the secretary of the commission. An attested copy of the master plan shall be certified to the legislative body.

SEC. 7. Upon receipt of an attested copy of the master plan, or of any part thereof, as adopted by the planning commission, a public hearing thereon shall be held by the legislative body. At least ten days' notice of such public hearing shall be published in an official publication of said city, county, or city and county, or in a newspaper of general circulation therein. No change or addition to said master plan, or any part of it as adopted by the planning commission, shall be made by the legislative body until the said proposed change or addition shall have been referred to the planning commission for report thereon and an attested copy of said report thereon filed with the legislative body by the planning commission; but the failure of the

commission to so report within thirty days from and after the date of the request for said report by the legislative body shall be deemed to be approval of said additions or changes by the commission; *provided*, that if said additions or changes be disapproved by the commission a two-thirds vote of the entire membership of the legislative body shall be necessary to pass any ordinance overruling such disapproval by the commission.

SEC. 8. Whenever the legislative body shall have adopted the master plan of the city, city and county, or county, or of any major section or district thereof, no street, square, park, or other public way, ground, or open space, or public building or structure, or public utility whether publicly or privately owned, shall be constructed or authorized in the area shown on said master plan until the location, character, and extent thereof shall have been submitted to and approved by the planning commission. In case of disapproval thereof the commission shall communicate its reasons to the legislative body, which shall have the power to overrule such disapproval by a recorded vote of not less than two-thirds of its entire membership; *provided, however*, that if the authorization or financing of the public way, ground, space, building, structure or utility be one whose construction, financing or authorization does not, under the law or charter provisions governing same, fall within the province of the legislative body, then the submission to the planning commission shall be by the board, commission or body having such jurisdiction, and the planning commission's disapproval may be overruled by said board, commission or body by a vote of not less than two-thirds of its membership. The failure of the commission to act within sixty days from and after the date of official submission to the commission shall be deemed approval.

SEC. 9. The commission shall have power to promote public interest in and understanding of the master plan, and to that end may publish and distribute copies of the plan, or of any part thereof, or of any report and may employ such other means of publicity and education as it may determine. The commission shall, from time to time, recommend the appropriate public officials programs for specific improvements and for the financing thereof. It shall be part of its duties to consult and advise with public officials and agencies, public utility companies, civic, education, professional and other organizations, and with citizens with relation to the carrying out of the plan. The commission shall have the right to accept and use gifts for the exercise of its functions. All public officials shall upon request furnish to the commission, within a reasonable time, such information as it may require for its work. The commission, its members, officers, and employees, in the performance of their functions, may enter upon any land and make examinations and surveys and place and maintain necessary monuments and marks thereon. In general, the commission shall have such powers as may be necessary to enable it to fulfill its functions and carry out the purposes of this act.

SEC. 10. Such legislative body is authorized and empowered, whenever and as often as it may deem it to be for the public interest, to change or add to the official master plan so as to lay out new streets, improvements or conveniences mentioned in this act, or to widen, enlarge, close or abandon such existing streets, improvements or conveniences. At least ten days' notice of a public hearing on any proposed action with reference to such change in the official master plan shall be published in an official publication of said city, county, or city and county, or in a newspaper of general circulation therein. Before making such addition or change, the matter shall be referred to the planning commission for report thereon, as provided in section 7 hereof. Such additions and changes, when adopted by ordinance by the legislative body shall become a part of the official master plan of the city, county, or city and county, and shall be deemed to be final and conclusive with respect to all matters shown thereon. The layout, widening, enlarging, closing, or abandoning of streets, plazas and upon spaces, parks or playgrounds by the city, county, or city and county, under provisions of law other than those contained in this act shall be deemed to be a change or addition to the official master plan, and shall be subject to all the provisions of this act.

SEC. 11. The body creating such planning board may, by general or special rule, provide for the reference of any other matter or class of matters to the planning board before final action thereon by the public body or officer of said city, county, or city and county, having final authority thereon, with the provision that final action thereon shall not be taken until said planning commission has submitted its report thereon or has had reasonable time, to be fixed in said rule, to submit the report. The planning commission shall have full power and authority to make such investigations, maps and reports, and recommendations in connection therewith relating to the planning and development of the city, county, or city and county, as to it seems desirable, providing the total expenditures of said board shall not exceed the funds available therefor.

SEC. 12. This act shall be known as "The Planning Act". For the purpose of this act certain terms are defined as provided in this section. Wherever appropriate the singular includes the plural and the plural includes the singular. The term "street" includes streets, highways, avenues, boulevards, parkways, roads, lanes, walks, alleys, viaducts, subways, tunnels, bridges, public easements and rights of way, and other ways. The term "subdivisions" means the division of a tract or parcel of land into lots for the purpose, whether immediate or future, of sale or

of building development, including any plat or plan which includes the creation of any part of one or more streets, public easements, or other rights of way, whether public or private, for access to or from such lots, and or including the creation of new or enlarged parks, playgrounds, plazas or open spaces.

Sec. 13. The territorial jurisdiction of any municipal planning commission over the subdivision or platting of land shall include all land located in the municipality and all land lying within three miles of the corporate limits of the municipality and not located in any other municipality: except that in the case of any such non-municipal land lying within three miles of more than one municipality having a planning commission, the jurisdiction of each such municipality shall terminate at a boundary line equidistant from the respective corporate limits of such municipalities; and, *provided further*, that the approval of the planning commission, of the county or city and county, if there be one, shall also be necessary, on all plats in areas outside the corporate limits of any municipality, except that where said county planning commission fails to agree with a city planning commission having jurisdiction over any plat, the legislative body of the county, by a two-thirds vote of its entire membership, may overrule the findings of either commission and approve said plat as recommended by the other commission.

Sec. 15. Before exercising the powers referred to in section 14, the planning commission shall adopt general regulations governing the subdivision of land within its jurisdiction, to provide for the proper arrangement of streets in relation to other existing and planned streets and to the master plan, to provide for adequate and convenient open spaces, for traffic, utilities, access of fire-fighting apparatus, recreation, light and air, and for the avoidance of congestion of population, and easements for building setback lines, or for public utility lines. Such regulations may include requirements as to the minimum width, and area of building lots, and as to the extent to which streets and other public ways shall be graded and improved, and to which water and sewer and other utility mains, piping, or other facilities shall be installed as a condition precedent to the approval of the plat. All such regulations shall be published as provided by law, and before adoption, a public hearing shall be held thereon. A copy thereof shall be filed for record by the commission with the recorders of the counties in which the commission and territory are located, and certified to the legislative body.

Sec. 16. The planning commission shall approve or disapprove a plat within thirty (30) days after the submission thereof to it; otherwise such plat shall be deemed to have been approved, and a certificate to that effect shall be issued by the commission on demand; *provided, however*, that the applicant for the commission's approval may waive this requirement and consent to an extension of such period. The ground of disapproval of any plat shall be stated upon the records of the commission. Any plat submitted to the commission shall contain the name and address of a person to whom notice of a hearing shall be sent; and no plat shall be acted on by the commission without affording a hearing thereon. Notice shall be sent to the said address by registered mail of the time and place of such hearing not less than five days before the date fixed therefor. Public notice of all such hearings shall also be given. Every plat approved by the commission may, without further hearing, be adopted by the commission as an amendment of or addition to the master plan.

Sec. 17. Before the approval by the planning commission, or legislative body, of a plat, such plat shall also, in proper cases, show a park or parks and/or a playground or playgrounds suitably located for playground or other recreation purposes, and of reasonable size for the purposes for which they are provided. In making such determination regarding streets, parks and playgrounds, the planning commission shall take into consideration the prospective character of development of the area included in the plat and of the surrounding territory. The owner of the land or his agent who files the plat may add, as a part of the plat, a notation, if he so desires, to the effect that no offer of dedication of such streets, parks or playgrounds, or any of them, is made to the public; and may show by dotted line on said plat dedication of easements for building set-back lines, or for the use of public utility lines. The planning commission, or legislative body, may require that a deed to the fee for streets, or other areas offered for dedication to the public on said plat, be delivered to the city or county, as the case may be, where the same are located, at the time of filing of said plat.

Sec. 18. Whoever, being the owner or agent of the owner of any land located within the territory of a subdivision subject to the approval of a planning commission and or legislative body, transfers or sells, or agrees to sell, or negotiates to sell, any land by reference to or exhibition of or by other use of a plat of a subdivision, before such plat has been approved by said planning commission and or legislative body and recorded or filed as so approved in the office of the appropriate county recorder, shall forfeit and pay a penalty of one hundred dollars for each lot or parcel so transferred or sold, or agreed or negotiated to be sold, and the description of such lot or parcel by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring shall not exempt the transaction from such penalties or from the remedies herein provided. The city, county, or city and

county, may enjoin such transfer or sale or agreement by action for injunction brought in any court of equity jurisdiction, or may recover the said penalty by a civil action in any court of competent jurisdiction.

SEC. 19. A county recorder who receives for filing or records a plat of a subdivision without the approval of the planning commission as required by law, shall be deemed guilty of a misdemeanor and shall be fined not less than one hundred dollars nor more than five hundred dollars.

SEC. 20. The city, county, or city and county shall not accept, lay out, open, improve, grade, pave, curb, or light any street, or lay or authorize water mains or sewers or connections to be laid in any street or right of way, within any portion of territory for which the planning commission shall have adopted a major traffic street plan, unless such street (a) shall have been accepted or opened as or shall otherwise have received the legal status of a public street prior to the adoption of such plan; or unless such street (b) corresponds with a street shown on the official master plan, or with a street on a subdivision plat approved by the planning commission, or with a street on a street map made by and officially adopted by the commission. The legislative body may, however, accept any street not shown on or not corresponding with a street on the official master plan or on an approved subdivision plat or an approved street map, provided the ordinance or other measure accepting such street be first submitted to the planning commission for its approval and, if approved by this commission, be enacted or passed by not less than a majority of the entire membership of the legislative body, or if disapproved by the commission, be enacted or passed by not less than two-thirds of the entire membership of the legislative body. A street approved by the planning commission upon submission by legislative body, or a street accepted by a two-thirds vote after disapproval by the planning commission, shall thereupon have the status of an approved street as fully as though it had been originally shown on the official master plan or on a subdivision plat approved by the commission or had been originally mapped by the commission.

SEC. 21. From and after the time when a planning commission shall have adopted a major street plan of the territory within its subdivision jurisdiction or part thereof, then no building shall be erected on any lot within such territory or part, nor shall a building permit be issued therefor unless the street giving access to the lot upon which such building is proposed to be placed (a) shall have been accepted or opened as or shall otherwise have received the legal status of a public street prior to that time, or unless such street (b) corresponds with a street shown on the official master plan or with a street on a subdivision plat approved by the planning commission or with a street on a street map made by and adopted by the commission or with a street accepted by the legislative body, after submission to the planning commission, by the favorable vote required in section 20 of this act. Any building erected in violation of this section shall be deemed an unlawful structure and the building inspector or other appropriate official may cause it to be vacated and have it removed.

SEC. 22. From and after the adoption of a major traffic street plan by any planning commission, the jurisdiction of the planning commission over plats shall be exclusive within the territory under its jurisdiction, except as provided in section 13 hereof, and all statutory control over plats or subdivisions of land granted by other statutes shall in so far as in harmony with the provisions of this act be deemed transferred to such planning commission, and in so far as inconsistent with the provisions of this act are hereby repealed.

SEC. 23. The planning commission is empowered, after it has adopted any part of a master plan for any part of the territory within its platting jurisdiction to make, or cause to be made, from time to time, surveys for the exact location of the lines of a street or streets shown in any portion of such master plan and make a map of the land thus surveyed, more precisely showing the land which it recommends be reserved for future acquisition for public streets. The planning commission, before adopting any such map, shall hold a public hearing thereon, notice of the time and place of which, with a general description of the district or area covered by the map, shall be given not less than ten days previous to the time fixed therefor by one publication in a newspaper of general circulation in the municipality, if the district or area be within the municipality, or of general circulation in the county, if the district or area be outside of the municipality. After such hearing, the commission may transmit the map, as originally made or modified as may be determined by the commission, to the legislative body, together with the commission's estimate of the time—or times within which the lands, shown on the map as street locations, should be acquired by the municipality, or county, as the case may be. Thereupon, by resolution, the legislative body may approve and adopt or may reject such map, or may modify it with the approval of the planning commission, or in the event of the planning commission's disapproval, the legislative body may by a favorable vote of not less than two-thirds of its entire membership, modify such map and adopt the modified map. In the resolution of adoption of a map, the legislative body shall fix the period of time for which the street locations shown upon the map shall be deemed reserved for future taking or acquisition for

public use. Upon such adoption the clerk of the legislative body shall file for record one attested copy of the map with the county recorder of each county in which the mapped land is located and retain one copy for the purpose of public examination. Such approval and adoption of a map shall not, however, be deemed the opening or establishment of any street, nor the taking of any land for street purposes nor for public use, nor as a public improvement, but solely as a reservation of the street locations shown thereon, for the period specified in the legislative body's resolution, for future taking or acquisition for public use. The commission may, at any time, negotiate for or secure from the owner or owners of any such lands, releases of claims for damages or compensation for such reservations or agreements indemnifying the municipality or county from such claims by others, which releases or agreements shall be binding upon the owner or owners executing the same and their successors in title. At any time after the filing of a map for record with the county recorder and during the period specified for the reservation, the planning commission and the owner of any land containing a reserved street location, may agree upon a modification of the location of the lines of the proposed street, such agreement to include a release by said owner of any claim for compensation or damages by reason of such modification; and thereupon the commission may make a map corresponding to the said modification and transmit same to the legislative body; and if such modified map be approved by the legislative body the clerk of the legislative body shall file for record an attested copy thereof with the said county recorder or recorders and said modified map shall take the place of the original map. At any time the legislative body may, by resolution, abandon any reservation and shall file for record any such abandonment with the said county recorder or recorders.

SEC. 24. The resolution of the legislative body adopting any street map as provided in section 23, shall provide that it shall not become effective for thirty days, and shall further provide that it shall not become effective until subsequent to the publication once a week for four successive weeks in a newspaper of general circulation published in said county, city and county or city, of a notice of the adoption of said resolution. Said resolution and said notice shall also state a time within which the owners of property lying within or immediately adjoining the lines of the proposed future street opening or widening, or between any future street line, and the nearest public highway, may protest in writing against the adoption of said future street lines.

Upon the receipt of any protests within the time fixed in said resolution and said notice the said legislative body may cause the same to be examined by its engineer or engineers and by its attorney or attorneys, and shall set a time for the hearing of the same, notice of which hearing shall be given to such protestant at his address which shall be stated in the protest.

Upon the hearing of any protest the said legislative body may grant or deny the same except that the said legislative body shall not deny the written protests of the owners of a majority of the property lying within any proposed street to be opened, or a majority of the frontage of a street to be widened upon which a future street line is established, except by a four-fifths vote of such legislative body.

Whenever any resolution as herein provided shall have become filed for record with the appropriate county recorder it shall be the duty of the clerk of the legislative body to cause to be recorded in the office of the county recorder of the appropriate county, a notice referring to the said resolution by number and other appropriate description including the date of its adoption and setting forth a description of the property contained within the said proposed opening and widening, or opening or widening lines, or between said future street lines and the nearest public highway, together with a copy of the map showing any such line or lines.

If any owner of property lying within any lines for the proposed opening and widening, or opening or widening of any street, or between any such future street line and the nearest public highway, shall claim that the adoption of any such resolution or ordinance, or the refusal to issue to him a building permit or prohibition of building or construction by him, shall constitute a taking of his property by the said county, or city and county, or city rather than a regulation of the use thereof by the said county, or city and county, or city under its police power, said owner shall have the right, within three months after actual notice of the adoption of said resolution or within three months after the recording in the office of the appropriate county recorder of the notice hereinabove provided for, to file a protest against the alleged taking of his property and demand that the county, city and county, or city adopting such resolution either vacate the same as to the property of such owner or compensate him therefor, or commence the condemnation thereof within three months from the time of the filing of his written protest and claim. In the event that the said county, city and county, or city shall fail, within three months after the receipt of any such written protest and demand, to either vacate such resolution as to the property of said protesting owner or compensate him therefor or commence proceedings for the condemnation thereof, then such resolution shall automatically be vacated and annulled as to the property of such protesting owner.

SEC. 25. No compensation other than the compensation awarded in the final report of the board of appraisers, appointed by the legislative body, shall at any time be paid to or recovered by any person for the taking of or injury to any building, structure, or other improvement built, within the period fixed in the resolution of the legislative body, upon any land included within the street locations specified on any such plat or map adopted as herein provided.

SEC. 26. Any planning commission or any one hundred citizens, by signed petition, may apply to the governor of the state for the establishment of a region for planning purposes and the appointment of a regional planning commission for such region. The governor shall hold at least one public hearing upon any such application or petition, the time and place of which he shall officially proclaim. If the governor finds that, by reason of urban growth and development not corresponding to existing city corporate limits or by reason of other developments or trends in the growth and distribution of population, commerce and industry or by reason of topographic or other conditions, two or more separate cities, or one or more cities, city and county or counties and neighboring nonmunicipal territories, whether within one or more counties have overlapping and interrelated or common problems of such nature as not to be capable of intelligent, economical and adequate solution by means of the separate planning of each separate political unit and require, for such solution, a general plan of the physical development of the entire area of such municipalities or territories as a whole and that, consequently, it is to the public interest that a region be established for planning purposes he shall grant the application and shall define the boundaries of such region and appoint a regional planning commission. Such commission shall consist of nine persons. Members shall be appointed for six years except that the respective terms of seven of the members first appointed shall be one year, two years, two years, three years, four years, four years and five years; *provided, however*, that if at the time of his appointment, the appointee is a public officer or in the public service of the state or any of its political subdivisions, and his incumbency as such public officer or servant expires previous to the term for which he is appointed on the regional planning commission, then his term on the commission shall terminate with the expiration of his incumbency as such public officer or servant, unless it be extended by the governor, in which case such extension shall be for the remainder of the term for which he was originally appointed. The members shall serve without compensation, but shall be paid their necessary expenses incurred in the performance of their duties. They may, after a public hearing, be removed by the governor for inefficiency, neglect of duty, or malfeasance in office, and he shall file a written statement of his reasons therefor. Vacancies shall be filled by the governor for the unexpired term.

SEC. 27. Except as otherwise provided in this act, the provisions of this act relative to organization, rules, staff, finances, procedure and miscellaneous powers and duties of municipal planning commissions shall, so far as applicable, apply to regional planning commissions. The amount which a regional planning commission may expend in any year shall be such as may be determined by said regional planning commission, subject to approval by the governor, who shall fix the proportion of such expenditure to be borne by the respective municipalities, counties and other taxing districts and political subdivisions within the region. The appropriating legislative body of each such taxing district or political subdivision within the region are hereby authorized to appropriate their respective shares of such expenditures. The sums so appropriated shall be paid into the state treasury and shall be paid out on certificate of the regional planning commission.

SEC. 28. Any regional planning commission is hereby authorized and empowered to make, adopt, amend, extend and add to a master or regional plan for the physical development of its region. Such plan shall be based on comprehensive studies of the present and future development of the region, with due regard to its relation to neighboring regions and the state as a whole and to neighboring states. Such plan, including maps, charts, diagrams and descriptive matter, shall show the commission's recommendations for the physical development of the region, and may include among other things the general location, extent and character of streets, parks, and other public ways, grounds and open spaces, public buildings, and properties and public utilities (whether publicly or privately owned or operated) which affect the development of the region as a whole or which affect more than one political subdivision of the state within the region; also, the general location of forests, agricultural and open development areas for purposes of conservation, food and water supply, sanitary and drainage facilities or the protection of future urban development; also a zoning plan for the control of the height and area, or bulk, location and use of buildings and premises, and of the density of population. Such master plan shall be made with the general purpose of guiding and accomplishing a coordinated, adjusted, and harmonious development of the region and of public improvements and utilities which do not begin and terminate within the boundaries of any single municipality or which do not relate exclusively to the development of any single municipality, and which will, in accordance with the present and future needs of the region and the state, best promote health, safety, morals, order, convenience, prosperity, the amenities of life and general welfare, as well as efficiency and economy in the process of development.

SEC. 29. The regional planning commission, after adopting the regional plan, shall certify a copy thereof to the Governor, to each planning commission within the region, to the council of each municipality not having a planning commission, to the county commissioners of each county wholly or partly included in the region, and to other organized taxing districts or political subdivisions wholly or partly included in the region.

SEC. 30. Such plan may be adopted by any planning commission within the region to which it is certified by the regional planning commission. Such adoption shall be in accordance with the procedure specified in this act for the adoption of plans by planning commissions. When thus adopted, it shall thereupon have the force and effect within such municipality, or county as the case may be, as is provided in this act for plans made and adopted by planning commissions, and shall be deemed as original master plan or an amendment of or addition to the master plan. Before adopting any amendment of the master plan which would constitute a violation of or departure from the regional plan certified to the planning commission by the regional planning commission, the planning commission shall submit such proposed amendment to the regional planning commission, which latter commission shall certify to the planning commission its approval, disapproval or other opinion concerning the proposed amendment.

SEC. 31. After the adoption of the regional plan by the regional planning commission, no street, park or other public way, ground or open space, no public building or other public structure, and no public utility whether publicly or privately owned or operated, shall be constructed or authorized in nonmunicipal territory within the region until the location, character and extent thereof shall have been submitted to and approved by the regional planning commission of the region. This prohibition shall not be interpreted as requiring the approval by the regional planning commission of any subdivision falling within the subdivision jurisdiction of a municipal planning commission, as defined in sections 12 and 13 of this act, and duly approved by such municipal planning commission as provided in section 15 of this act. In case of disapproval by such commission, such disapproval may be overruled by the board, commission, body or officer in which or in whom the power to finally determine such location, character and extent is reposed by law, by a vote, in the case of any such board, commission or body, of not less than two-thirds of its membership. A statement of its or his reasons for any such overruling shall be spread upon the minutes or records of the board, commission, body or officer.

SEC. 32. Chapter 428 of the statutes of 1915 as amended and chapter 735 of the statutes of 1917 and all other acts, or parts of acts in conflict herewith are hereby repealed.

SEC. 33. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portion of this act. The Legislature hereby declares that it would have passed each provision of this act irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases, or provisions be declared unconstitutional.

SECTION 1. Section 1734*c* of the Political Code is hereby amended to read as follows:

1734*c*. Except as otherwise provided by law, the boundaries of a high school district shall be changed only between the first day of October and the tenth day of February in any year.

When two-thirds of the heads of families residing in any elementary school district which is a part of any high school district and the nearest part of which is more than six miles by traveled road from the high school building of said high school district, as shown by the affidavit of one or more of the petitioners, shall present to the county superintendent of schools having jurisdiction over such high school district, a petition asking that such elementary school district be excluded from such high school district and annexed to a contiguous high school district, accompanied by an agreement signed by the high school board of the high school district to which annexation is sought, agreeing to such annexation; such superintendent of schools shall, after verification of the signatures thereto and finding them sufficient, transmit such petition and agreement with or without his recommendation thereon, to the board of supervisors of the county in which such elementary school district is situated.

If, by the exclusion of the elementary school district, the assessed valuation of the property of the high school district would be less than five million dollars, except, in case of the exclusion of an elementary school district which is not contiguous to the other districts comprising the high school district, or if by the exclusion of the elementary school district the outstanding bonded indebtedness of the district would exceed five per cent of the value of the taxable property remaining in the district, said board of supervisors shall refuse to call an election for the purpose of determining whether said elementary school district shall be excluded. Otherwise, said board of supervisors may, in its discretion, within thirty days after receipt of the petition and agreement, call an election in the district so petitioning, and shall appoint three qualified electors of the district to conduct the election. Said election shall be held at the public schoolhouse of the district petitioning and shall be called by posting notice at least fifteen days before the election in three public places in the district, one of which shall be at the public schoolhouse, if there be such in the district; said board shall also publish the notice once a week for two weeks in a newspaper published in the district, or, if there be none such, in a newspaper in general circulation in the district.

Said election shall be conducted by officers appointed for that purpose in the manner provided by law for conducting school elections; the ballots at such election shall contain the words "For exclusion from-----high school district and annexation to-----high school district"; the name of the high school district from which exclusion is sought and the name of the high school district to which annexation is desired must be printed on the ballot, whereon the elector shall stamp or make a cross after the word "yes" or the word "no," also printed on said ballot.

It shall be the duty of said election officers to canvass the vote of said election and report the result to the said board of supervisors within five days subsequent to the holding of said election.

If two-thirds of the votes cast at such election shall be in favor of such exclusion and annexation, said board of supervisors shall, within fifteen days after receiving such notice, notify the high school board of the high school district of the result of such election, and if said high school board does not protest the exclusion of such district from the high school district, within thirty days after receiving notice, the board of supervisors shall exclude said territory from said high school district and annex it to the contiguous high school district, as provided in said election; however, should the high school board of said high school district protest such exclusion and annexation, the board of supervisors shall notify the superintendent of public instruction of the election and its result, and of the protest of the high school board, whereupon the superintendent of public instruction shall create a board of review com-

posed of three county superintendents of schools of counties not contiguous to the county or counties in which is located the high school district from which the elementary school desires separation.

Said board of review shall, upon a date set by the superintendent of public instruction, survey the situation and conduct a public hearing on the question as to whether or not the elementary school district shall be excluded from the local high school district and annexed to a contiguous high school district. Said hearing shall be held at the high school building of the high school district to which the territory desiring exclusion at the time belongs; and said hearing shall be conducted under such rules of procedure as may be prescribed by such board of review, which may, in its discretion, require any or all evidence and information to be submitted under oath administered by a member of the board.

The superintendent of public instruction shall notify the county superintendents concerned and said county superintendents shall notify the interested high and elementary school boards, of the date of the inspection and the date and place of the public hearing, and shall give publicity to said meeting by printing an announcement of the same in a newspaper published in the high school district, or, if there be none such, in a newspaper in general circulation in said district.

In arriving at its conclusion, the board of review shall take into consideration the present and future effect on public welfare only, and said board shall, before it adjourns, recommend in writing to the board of supervisors either that the petition of the elementary school district be granted, or, if it so decrees, that it shall be denied.

The board of supervisors must, within fifteen days thereafter, act in accordance with the recommendations contained therein, entering upon its minutes an order excluding the territory of said elementary school district from the high school district and annexing it to the contiguous high school district, if such be the recommendation of the board of review; or an order denying exclusion and annexation of said elementary school district, if such be the recommendation of the board of review.

A certified copy of the order of the board of supervisors shall be entered by its clerk in his record of high school districts, and he shall also send copies thereof to the county clerks of each county in which any part of such elementary school district or high school district is situated; and they shall also enter it in their records of high school districts; *provided, however*, that the district so withdrawing shall not be released from responsibility for any of the bonded indebtedness incurred while it was a part of the high school district from which it has withdrawn.

Superintendents of schools are hereby authorized and required by law to perform the duties prescribed herein. The high school board of any high school district wherein the superintendent of public instruction has ordered a review of the petition of an elementary school district to be excluded from said high school district and annexed to a contiguous high school district, is hereby authorized and required to pay the actual and necessary traveling expenses of the members of the board of review, provided for in this section.

cent of the average weekly earnings for a period of two hundred forty weeks and thereafter twenty per cent of such weekly earnings during the remainder of life; for a ninety per cent disability, sixty-five per cent of the average weekly earnings for a period of two hundred forty weeks and thereafter thirty per cent of such weekly earnings during the remainder of life; for a hundred per cent disability, sixty-five per cent of the average weekly earnings for a period of two hundred forty weeks and thereafter forty per cent of such weekly earnings during the remainder of life.

(6) The payment for permanent disabilities intermediate to those fixed by the foregoing schedule shall be computed and allowed as follows: If under seventy per cent, sixty-five per cent of the average weekly earnings for four weeks for each one per cent of disability; if seventy per cent or over, sixty-five per cent of the average weekly earnings for two hundred forty weeks and thereafter one per cent of such weekly earnings for each one per cent of disability, in excess of sixty per cent to be paid during the remainder of life.

(7) In determining the percentages of permanent disability, account shall be taken of the nature of the physical injury or disfigurement, the occupation of the injured employee, and his age at the time of such injury, consideration being given to the diminished ability of such injured employee to compete in an open labor market.

(8) Where an injury causes both temporary and permanent disability, the injured employee shall not be entitled to both a temporary and permanent disability payment, but only to the greater of the two.

(9) The following permanent disabilities shall be conclusively presumed to be total in character: Loss of both eyes or the sight thereof; loss of both hands or the use thereof; an injury resulting in a practically total paralysis; an injury to the brain resulting in incurable imbecility or insanity. In all other cases, permanent total disability shall be determined in accordance with the fact.

(10) Injury increasing disability: If an employee receives an injury which of itself would only cause permanent partial disability but which, combined with a previous disability, does in fact cause permanent total disability, the employer shall provide compensation only for the disability caused by the subsequent injury; *provided, however*, that in addition to compensation for such permanent partial disability, and after the cessation of the payments for the prescribed period of weeks, the employee shall be paid the remainder of the compensation that would be due for permanent total disability.

(10 $\frac{1}{2}$ ) In all other cases in which, following a previous disability, an employee receives an injury which is not covered by (10) of this subdivision, the employer shall provide compensation only for the disability caused by the subsequent injury. In determining compensation for the subsequent injury or for death resulting therefrom, the average weekly wages shall be computed as provided for in subdivision (f) of section 11 of this act.

(11) The commission may prepare, adopt, and from time to time amend, a schedule for the determination of the percentages of permanent disabilities, such table to be based upon the proper combinations of the factors indicated in subdivision seven above. Such schedule shall be available for public inspection and without formal introduction in evidence shall be *prima facie* evidence of the percentage of permanent disability to be attributed to each injury covered by said schedule.

3. The death of an injured employee shall not affect the liability of the employer under subsections (a) and (b) of this section, so far as such liability has accrued and become payable at the date of the death, and any accrued and unpaid compensation shall be paid to the dependents, if any, or, if there are no dependents, to the personal representative of the deceased employee or heirs or other persons entitled thereto, without administration, but such death shall be deemed to be the termination of the disability.

(c) If the injury causes death, either with or without disability, the burial expense of the deceased employee as hereinafter limited and a death benefit which shall be payable in installments equal to sixty-five per cent of the average weekly earnings of the deceased employee, upon the employer's regular pay day, but not less frequently than twice in each calendar month, unless otherwise ordered by the commission, which death benefit shall be as follows:

(1) In case the deceased employee leaves a person or persons wholly dependent upon him for support, such dependents shall be allowed the reasonable expenses of his burial, not exceeding one hundred fifty dollars, and a death benefit, which shall be a sum sufficient, when added to the disability indemnity which at the time of his death has accrued and become payable, under the provisions of subsection (b) hereto, to make the total disability indemnity and death benefit equal to three times his average annual earnings, such average annual earnings to be taken at not less than three hundred thirty-three dollars and thirty-three cents, nor more than one thousand six hundred sixty-six dollars and sixty-six cents.

(2) In case the deceased employee leaves no person wholly dependent upon him for support, but one or more persons partially dependent therefor, the said dependents shall be allowed the reasonable expenses of his burial, not to exceed one hun-

dred fifty dollars, and, in addition thereto, a death benefit which shall amount to three times the annual amount devoted by the deceased to the support of the person or persons so partially dependent; *provided*, that the death benefit shall not be greater than the sum sufficient, when added to the disability indemnity which, at the time of the death, has accrued and become payable, under the provisions of subsection (b) hereof, to make the total disability indemnity, and death benefit equal to three times his average annual earnings; such average annual earnings to be taken at not less than three hundred thirty-three dollars and thirty-three cents, nor more than one thousand six hundred sixty-six dollars and sixty-six cents.

(3) If the deceased employee leaves no person dependent upon him for support, the employer shall be liable for the reasonable expenses of his burial, not exceeding one hundred fifty dollars, and such other benefit as may be provided by law.

(d) Payment of compensation in accordance with the order and direction of the commission shall discharge the employer from all claims therefor.

Whenever any county or municipal officer is appointed and designated to any of the positions or duties hereinabove mentioned, without compensation, the actual and necessary expenses incurred under his supervision, including the compensation of other persons, made necessary by the duties of

such positions, shall be a charge against the county or municipality appointing and designating him, but shall be repaid to such county or municipality as incidental expenses of the proceeding.

No member of the legislative body of any county or municipality shall be eligible to appointment to any office, position or employment under this act, except as a county or municipal officer without pay.

Said ordinance, in the case of an acquisition, shall be adopted by a vote of two-thirds of the members of said legislative body. In the case of an improvement, said ordinance shall determine that the public interest and neces-

sity require the improvement set forth in the resolution and shall briefly describe the improvement, it being sufficient to state in general terms the class or kind of work contemplated (such as grading, paving, sewerage, or other work or improvement), the termini thereof, and to give in general the location of the proposed improvement and refer to the engineering data on file (which shall be approved by said legislative body and be on file in the office of the clerk thereof at the time of the adoption of said ordinance), for a full and detailed description and location of said proposed improvement, and of the grades to which said improvement is to be constructed. Said ordinance shall contain the following statement: "The notice of all persons affected is directed to the grades for the proposed improvement and to the provisions of the acquisition and improvement act of 1927 relating to grades," and in cases where the construction of the proposed improvement will result in a substantial change (considered with reference to existing physical conditions) with respect to the relation of the elevation of any abutting property to that of the public way as it will exist upon being improved to the proposed grade, there shall be included in said statement the following: "Particular notice is directed to the fact that substantial changes in the relation of the elevation of abutting property to that of said public way (or ways), as it (or they) will exist after being improved, will result from the construction of the above mentioned improvements to the proposed grades, and particular attention is called to the damages proposed to be allowed to the owners of various properties damaged." If both an acquisition and improvement are contemplated in the same proceeding, one resolution of intention, containing the above requirements in the respective cases, shall be sufficient. Said ordinance shall also contain a description of the district of the lands to be benefited by said proposed improvement or acquisition, or both, as the case may be, which shall be known thereafter and which will in this act hereafter be referred to as the "assessment district." Each proceeding under this act may, for convenience, be entitled, and such entitling shall be sufficient for all purposes: "In the matter of acquisition and improvement district number.....of the county (or city, as the case may be) of.....(giving a different number to each district for which a proceeding is had) and a like designation of the district (omitting the words "in the matter of") shall be a sufficient designation of the district at all times and for all purposes. The said description of the assessment district may be in general terms, referring to a plat or map approved by the legislative body conducting the proceeding, which shall be on file in the office of the clerk of such legislative body at the time of the adoption of said ordinance of intention, and which shall indicate by a boundary line the extent of the territory to be included in the proposed assessment district, which said plat or map shall govern for all details as to the extent of said assessment district. Said ordinance shall also contain a statement that, for the expenses of the things therein proposed to be done or the share thereof to be paid by said district, bonds will be issued to the total amount of.....dollars and the aggregate principal of all bonds issued under the proceeding to be paid and discharged within.....(not to exceed thirty).....years after the date of issuance, approximately one.....(not less than one-thirtieth).....part of such aggregate principal to be payable annually, all in gold coin, and that a special fund for the payment of said bonds will be constituted by the levy of special assessment taxes upon the lands within the assessment district, in accordance with the provisions of this act, according to the assessed value of said lands, exclusive of the improvements thereon, except as otherwise in this act provided. If the legislative body so determine, it shall include in said resolution a statement that the first payment on the aggregate principal of the bonds issued will be made.....(not to exceed five).....years after the issuance thereof. The amount of bonds to be issued shall equal the estimated amounts for all acquisitions, damages, incidental expenses and work proposed to be done plus ten per cent for contingencies. The rate of interest which said bonds shall bear shall not be stated in the ordinance of intention but shall be the lowest rate at which any bidder will take said bonds or such of them as are offered for sale and pay par and accrued interest for the same, provided said rate may not exceed seven per cent per annum.

The lands upon which said special assessment taxes shall be levied shall be all those lying within the assessment district, including any lands which are the operative property of any public utility; *provided*, said lands shall not include any lands belonging to the United States government or the State of California, but they shall include all lands belonging to any county, municipality, district, public agency, mandatory of the government, school board, educational, penal or reformatory institution, or institution for the feeble-minded or insane, included within the assessment district, whether being in use in the performance of any public function or otherwise; *provided, however*, that the legislative body conducting the proceeding may, in the resolution of intention, declare that any land or lands, describing the same, belonging to any county, municipality, district, public agency, mandatory of the government, school board, educational, penal or reformatory institution, or institution for the feeble-minded or insane, lying within the assessment district, or any of them, shall be omitted from the said district and from the levy and collection of the special assessment taxes thereafter to be levied and collected to cover the expenses

of the acquisition or improvement, or both, as the case may be. In order that any such lands may be so exempted, however, it must be determined and set forth in the ordinance of intention that such lands are in use in the performance of a public function.

If, in the judgment of the legislative body conducting the proceeding, varying benefits to be derived by the different parcels of land lying within the assessment district so require, the said district may be divided into zones according to benefits. Said district may be divided into as many zones—up to the total number of parcels of land in the district—as may be deemed necessary, and each zone shall be composed of and include all the lands within the district which will be benefited in like measure. Said legislative body shall also determine the percentage of benefit which the property in each zone shall be deemed to derive. When the district is divided into such zones the ordinance of intention shall so state, giving said percentages of benefit to the lands in each zone. Each zone shall be designated by a different letter or number and shall be plainly shown upon the map or plat of the assessment district filed in the office of the clerk of said legislative body and referred to in the ordinance of intention, either by separate boundaries, coloring, or other convenient and graphic method, so that all persons interested may with accuracy ascertain within which zone any parcel of land is located. It shall be sufficient in all cases where the assessment district is to be divided into such zones according to benefits if the ordinance of intention states that fact and refers to said plat or map for the boundaries and all details concerning the said zones. Ordinance shall contain a notice of a day, hour and place (to be fixed therein) when and where any and all persons having any objections to the proposed acquisition or improvement, or both (if both be included in the proceeding,) to the proposed grades to which the improvement (if any,) is to be constructed, to the damages proposed to be allowed, to the extent of the assessment district, to the zones (if any,) into which said district is to be divided, or to the percentages to be raised from each of said zones, or to any or all of the foregoing, may appear before the legislative body conducting the proceeding and be heard. Said time shall not be less than seventy-five nor more than one hundred days from the date of the adoption of said ordinance. The clerk of said legislative body shall cause said ordinance of intention to be published by at least two insertions. The first insertion must be within fifteen days of the passage of the ordinance of intention and the second insertion must be not less than five days nor more than ten days before the time of hearing.

Where in the case of any acquisition or improvement hereunder the proceeding is for the purpose of carrying out any improvement a share of the cost of which is under order of the railroad commission of this state to be borne by a public utility the operative property of that utility within the assessment district shall be placed and remain in a zone of zero benefit.

SEC. 6. The grades to which any work shall be done or improvement made under proceedings had in pursuance of this act shall be those set forth in the engineering data on file with the clerk, and referred to in the ordinance of intention. In the case of the improvement of public ways, property or rights of way, to be acquired and improved under the same proceeding, the legislative body conducting the proceeding shall have jurisdiction and power to and shall determine and establish the grades to which the improvements are to be constructed. In the case of the improvement of public ways, property or rights of ways already acquired, said legislative body shall likewise have jurisdiction and power to and shall determine and establish the grades to which the improvements are to be constructed, which grades may be either the grades, or any of them, which have previously been officially or otherwise established or adopted, or they may be grades different, modified or changed from those previously so established or adopted. In all events the statement contained in the ordinance of intention directing notice to the grades, as heretofore provided, shall constitute sufficient notice thereof to any person affected. Any property owner whose property is included within the assessment district for the proposed improvement and any other person whose rights are affected may, at the time fixed in the ordinance of intention for the hearing of objections, appear before the legislative body conducting the proceedings and present written objections to the grade or grades to which any or all of the improvements are proposed to be constructed, and if any person claims any damage on account of change of grade in excess of the amount of damages estimated for his property he must present his claim for excess in writing. A failure to make such written objection or claim at such time shall be deemed to be a waiver of all objections to the grade or grades to which the improvement is proposed to be constructed, whether such grade or grades be different, modified or changed from those previously established or adopted, or not, and shall operate as a bar to any claim for damages, beyond those estimated in the engineering data, and to any action looking to the prevention of the work or improvement, the avoiding of paying therefor, or recovery of damages on account of the construction of the work or improvement or grades beyond those estimated in the engineering data. The provisions of this section relative to grades are alternative and shall not repeal the provisions of any other statute relative to change of grade, but shall govern and control for all purposes and for all improvements made in proceedings conducted under this act.

SEC. 7. The legislative body of the county or municipality conducting the proceedings may determine that any part of the expenses of the acquisition or improvement, or both, as the case may be, shall be paid out of the treasury of the county or municipality, as the case may be, and such payment, or any part of the same, may be made from the general fund of such county or municipality or from any other fund available to such county or municipality and from which expenditures may be made for acquisitions or improvements of like character as those which may be made under this act. Said legislative body conducting the proceedings may also purchase all or any part of the materials to be used in constructing any of the improvements included in the contract therefor made under this act and furnish the same therefor, said purchase to be made from any of the funds above mentioned. If such county or municipality has a purchasing agent, said materials shall be purchased by him; otherwise said materials shall be purchased by the legislative body by contracts let to the lowest responsible bidder after notice calling for bids has been published by at least two insertions in a newspaper, or by any other method prescribed by law for the purchase of materials by a county or municipality. If the county or municipality is to furnish materials or make payment toward said expenses, the ordinance of intention shall so provide and shall state the fund from which such materials are to be purchased or payments made. When such provision is made, the execution of the contract for the improvement (in the case of an improvement), and the obtaining of an interlocutory judgment (in the case of an acquisition), shall create a liability on the part of the county or municipality, as the case may be, to furnish the materials or make the payments provided for in the ordinance of intention. In the event that the acquisition or improvement, or both such acquisition and improvement, under the proceeding includes any acquisition or improvement, or both, within the territory of a county or any municipality or municipalities for which the legislative body conducting the proceeding does not function, the legislative body of such county or municipality may determine that any part of the expense of the acquisition or improvement, or both, in the proceeding shall be paid out of its treasury, or materials therefor furnished, as above provided, from any of its funds above mentioned. Such determination shall be expressed by resolution of such legislative body which shall be transmitted to the legislative body conducting the proceeding and thereupon a liability of such county or municipality to furnish such portion of such expenses and materials, or expenses or materials, provided for shall be created as above provided. The ordinance of intention shall set forth the fact that such portion of the expenses and materials, or expenses or materials, are to be paid and furnished, or paid or furnished, by such county, municipality or municipalities, or any combination or all thereof, as the case may be.

SEC. 8. After the adoption of the ordinance of intention the superintendent of work shall cause to be conspicuously posted along the lines of all dedicated streets within the proposed assessment district and along the line of said contemplated work or improvement, if an improvement is contemplated, and along the line of the property to be acquired, if an acquisition is contemplated, at not more than three hundred feet in distance apart but not less than three in all, notices of the adoption of said resolution; *provided, however*, that the failure to post any or all of said notices shall in no event affect the validity of the proceedings or the jurisdiction and power of the legislative body to order the acquisition or improvement, or both. Said notices shall be entitled "Notice of public improvement" in letters of not less than one inch in length; and shall, in legible characters, state the fact of the adoption of the ordinance of intention, its date, and briefly and in general terms, the improvement or acquisition, or both, as the case may be, proposed, and refer to the ordinance of intention for further particulars. The said notices need not contain a description of the assessment district described in the ordinance of intention but may refer to said ordinance therefor. Said notices shall contain also a statement of the day, hour and place when and where any and all persons having any objections to the proposed improvement or acquisition, or both, as the case may be, or to the grade or grades to which the improvement is proposed to be constructed, or to the extent of the assessment district, or to the zones, if any, into which such district is divided, or to the percentages of benefit to each of such zones, or to any or all of the foregoing, may appear before the legislative body and be heard.

If deemed advisable and the legislative body so orders, said notices may consist of printed copies of the ordinance of intention, entitled as above provided, and the same shall be sufficient for all purposes of said notice.

The legislative body may, if it deems it advisable, direct the clerk thereof to mail copies of said notices to the owners or reputed owners whose names and addresses are known to him, but the mailing of such notices shall not be essential to obtaining jurisdiction by the legislative body and the failure so to do shall not affect in any manner the validity of any proceedings taken hereunder. The failure of the legislative body to so direct said clerk shall presume a finding by said body that said mailing is not advisable or necessary.

SEC. 9. At any time not later than the hour set for hearing objections as provided in the preceding section, any owner of land within the boundaries of the assessment district as set forth in said ordinance may, severally, or with other such owners,

file with the clerk of the legislative body conducting the proceedings, written objection to the thing or things proposed to be done, whether it be an improvement or acquisition, or both, or to the grade or grades to which the improvement is proposed to be constructed, or to the extent of the assessment district, or to the zones, if any, into which the said district is divided, or to the percentages of benefit determined for each of said zones, or to any or all of the foregoing. Upon such hearing all objections and protests to the doing of the thing or things proposed to be done shall be heard and considered. If upon said hearing it appears that the owners of property included within the entire assessment district, as proposed, having protest weight as hereinafter defined totaling forty per cent of the total possible protest weight in the entire district proposed to be assessed, have in writing made objection to the doing of the thing or things proposed to be done, i.e. the improvement or acquisition, or both, as the case may be, in their entirety, and the ordering of the same, the legislative body shall, by a resolution to be entered upon its minutes, so find and thereupon such legislative body shall have no power to proceed further under said ordinance of intention nor to adopt any ordinance for doing the same thing or things during a period of twelve months next succeeding the time of such finding, unless the said objections be overruled by an affirmative vote of four-fifths of the members of said legislative body. But if it appears that such objections have a total protest weight of sixty per cent of the total possible, the same may not be overruled.

If the objection against the doing of the thing in its entirety is signed by forty per cent and not more than sixty per cent of the total possible protest weight, the proceedings may not be repeated before twelve months unless ordered by a four-fifths vote and if it be signed by sixty or more per cent the proceedings may not be ordered repeated sooner than twelve months thereafter; *provided, however*, that if on the basis of the current year's assessment and on the basis of the percentages proposed to be collected from the various zones the rate of tax on any parcel of land in the district on the land value exclusive of improvements required to secure in that year an amount equal to the maximum possible requirement for interest and sinking fund for any year during the life of the bonds proposed to be issued, shall exceed ten per cent; then a protest of forty per cent weight may not be denied; *and provided, further*, that upon showing by any protestant that said rate of tax taken together with the actual rate of the tax bill of the current year on his property plus the rate which would have been required to raise an amount equal to all instalments of principal and interest which said protestant was required to pay during the current year on all other assessments would exceed twenty per cent on his land value, exclusive of improvements, then his protest against the doing of the thing in its entirety may not be denied.

Next shall be heard, in any order desired by such body, such objections as shall be made to the extent of the district and to the zones, if any, into which said district is divided and to the percentages to be raised therefrom as set forth in the ordinance of intention, and objections to the grade or grades to which the improvement is proposed to be constructed or the damages proposed to be paid.

The hearing may be continued from time to time by the legislative body by an order to be entered upon its minutes.

If the power to proceed has not been lost by virtue of protests as hereinabove provided, and if the legislative body upon hearing of the objections shall decide that changes are desirable in any of the matters covered by the ordinance of intention, they may order the ordinance of intention amended and the changes incorporated and shall adopt an ordinance amending the ordinance of intention in the particulars ordered and shall adjourn said hearing for a period of not less than fifteen days nor more than thirty days and shall cause said ordinance to be published by one insertion not less than ten days before the day set for said hearing and said ordinance shall contain the following notice:

"Notice is hereby given that in the matter of acquisition and improvement district number \_\_\_\_\_ of the county (or city, as the case may be), of \_\_\_\_\_, the legislative body of said county (or city) has ordered the changes in the ordinance of intention as herein set forth to be made."

The amending ordinance shall contain a notice of the day, hour and place to which the hearing of the objections to said proceedings has been adjourned, and all persons objecting to said proceeding or to said proceedings as changed by this ordinance may file their objections at any time not later than the hour set for the adjourned hearing.

The period for filing objections to the whole proceeding shall thereby be extended to the hour at which said hearing has been adjourned and all objections filed against the original proceedings shall be effective as against the amended proceedings unless revoked in writing.

Owners of land within the meaning of this section are those, and those only, who appear to be such upon the records in the recorder's office of the county in which the district is situated on the day before the day set for said hearing, and an executor or administrator shall be deemed representative of his decedent, and a trustee of an express trust in land, other than as security for the payment of money, of the land held in such trust, and a trustee in bankruptcy of the bankrupt, and a guardian of his ward. A contract purchaser, who exhibits his contract, a mortgagee

named in a recorded mortgage or the trustee named in a recorded deed of trust, shall have power to sign a protest representing the described property, if the owner does not protest; *provided, however*, that if more than one sign for the same property it shall be counted as one protest. The objection of any owner may be made by the signature of his agent; *provided*, that there must be attached to the objection the affidavit of the agent that he is duly authorized to sign said objection. Every written objection must contain a description of the property in which each signer thereof is interested, sufficient to identify it, and must set forth the nature of his interest therein, and, if signed by more than one objector, must be accompanied by the affidavit of one of the signers thereto that each signature thereof is the genuine signature of the person whose name is thereto subscribed. Any written objection not complying with the foregoing requirements shall not be considered by the legislative body in determining the percentages of protest weight of owners of property within the district by whom written objection has been made to the doing of the thing or things proposed.

SEC. 10. The protest weight of property in any assessment district shall be ascertained by multiplying the assessed value of the land, exclusive of improvements, as shown on the assessment roll last preceding the date of adoption of the ordinance of intention, by the percentage of benefit, stated in the ordinance of intention for the zone in which the property is located. If any zone line shall cleave any parcel as assessed on said roll, the value of the parcels shall be the total assessment divided in proportion to area of the parts.

SEC. 11. Unless the power to proceed shall have ceased, as hereinbefore provided, the legislative body shall in conclusion of the aforementioned hearing and as a determination of all questions arising thereat, by resolution to be entered upon its minutes, which resolution is hereinafter referred to as the final resolution, declare its finding that the owners of more than forty per cent of the protest weight of the property included in the assessment district have not made written objection going to the entirety of the thing or things proposed to be done, or if such objection has been made, by more than forty per cent but not more than sixty per cent, that such objections are overruled by an affirmative vote of four-fifths of the members of the legislative body, and that no objections have been filed which were sufficient to stop the proceedings. Whereupon the assessment district shall be deemed to be established, the boundaries of the assessment district, the location and extent of the zones, if any, and the percentages to be raised therefrom, so determined, shall then be established and prevail for all purposes of the proceeding and until any bonds to be issued for the expenses of the thing or things to be done shall have been fully paid and discharged, and the grades so determined shall be the grades for all the purposes of the proceeding and the improvement to be done thereunder. The findings and determination of said legislative body upon the matters of the extent and boundaries of the assessment district, the zones, if any, into which said district is divided, the percentage to be raised from each of said zones, the grades to which the improvement is to be constructed, the damages to be paid for changes of grades to property owners who fail to object, and the necessity for the acquisition or improvement, or both, comprehended by the proceeding, shall be final and conclusive, and the legislative body conducting the proceedings shall be deemed to have acquired jurisdiction and it shall be their duty to proceed to carry out the purposes as set out in the ordinance of intention and to issue bonds of the said assessment district and to sell said bonds in whole or in part, as they may elect at the times they may elect and in the manner hereinafter provided for sale of said bonds. The amount of bonds to be issued shall equal the estimated amounts for all acquisitions, damages, improvement and incidentals, plus 10% for contingencies. The proceeds of such sale to be credited to the said assessment district and divided among five separate funds which shall be maintained for said district, viz:

1. Acquisition fund.
2. Damage fund.
3. Improvement fund.
4. Incidental fund.
5. Contingent fund.

Except as hereinafter provided, no more of the proceeds of sale or sales of said bonds shall be credited to the acquisition fund, than the total estimated cost of all acquisitions as stated in the ordinance of intention, no more shall be credited to the damage fund than the total of all estimates in said ordinance of intention for damages, and no more shall be credited to improvement fund than the estimated cost of work as made in the ordinance, and no more shall be credited to the incidental fund than the estimated cost of incidentals as made in the ordinance of intention, no more of the proceeds of the sale or sales of said bonds shall be credited to the contingent fund than the proceeds from the sale of the ten per cent excess of said bonds directed to be issued over and above the total of the estimates. It shall be optional with the legislative body conducting proceedings as to which fund shall be credited at any particular time from the proceeds of any sale of bonds provided the limit as above stated shall not be exceeded.

At any time prior to the sale of any of the bonds herein provided for, should it be discovered that the purposes of the proceeding could not be accomplished with the

funds provided, the legislative body shall have the power to adopt a resolution declaring its intention to increase the total amount of bonds. Said resolution of intention shall refer to the proceedings, state the reason for making said increase in bonds, the amount of bonds originally ordered to be issued, the increased amount of bonds, the particular fund or funds herein created to which the proceeds of the additional bonds shall be credited and the amount to each, none of which, however, may be creditable to the contingent fund, and shall fix a day, hour, and place for hearing on increasing the amount of bonds to be issued, which day of hearing shall not be less than thirty days nor more than sixty days from the date of passage of resolution of intention to increase the amount of bonds issued and shall give notice by one publication of said resolution of intention.

Said resolution of intention to increase the amount of bonds issued shall be published once in the manner hereinafter provided at least twenty days before the day of said hearing, and shall contain the following notice:

"Notice is herein given that all persons objecting to increasing the total amount of bonds to be issued in the district (naming it) must file their written objections with the clerk of the legislative body before the day and hour of the hearing."

After the adoption of the resolution of intention to increase the total amount of bonds, the superintendent of work shall cause to be conspicuously posted in the same manner and with the same force and effect as provided in section 8 for the posting of notice of public improvement, a copy of the resolution of intention to increase the total amount of bonds, headed "Notice of Intention to Increase Amount of Bonds", in letters not less than one inch in length.

Property owners objecting to said increase in bond issue may file objections in the form provided in section 9 hereof, and the same weight shall be given to objections filed herein as are given to objections provided for in said section 9.

Upon the date of hearing said legislative body shall determine in the manner provided in said section 9 whether said additional bonds shall be issued or not.

In the event the issuance of said bonds is barred by sufficient objection said proceedings shall be abandoned.

In the event no sufficient objections are filed the legislative body shall by resolution, entered in its minutes so determine and that said additional bonds shall issue and it shall be the duty of said legislative body to cause said bonds to issue as herein provided for the original bonds.

If for any cause the project should be abandoned or when the purposes as stated in the ordinance of intention are fully performed any bonds of the district unsold shall be cancelled and any money remaining in any fund whenever the purposes of said fund are consummated shall be credited to the interest and sinking fund of said district.

It shall be the duty of the legislative body to immediately after the adoption of the final resolution file with the county recorder, the tax collector, and assessor, each a copy of the map of said assessment district showing the zones of benefit and the percentage of benefit in each, and thereupon the bonds to be issued by the proper officers on behalf of said district as herein set forth shall be deemed a lien of record upon all the property in the assessment district each parcel thereof in proportion to its value exclusive of improvements of personal property thereon also in said map.

The legislative body conducting the proceedings shall have power to transfer money from the contingent fund into any other fund in this section created. The legislative body conducting the proceedings shall not have power to let any contract nor obligate the assessment district for any amount exceeding the amount of the estimates for any particular purpose plus any amount ordered transferred from the contingent fund. The total amounts payable by the district shall not exceed the total amount of bonds as provided in the ordinance of intention or in any resolution of intention to increase bonds.

SEC. 12. Having thus acquired jurisdiction, the legislative body may, by resolution, order the thing or things proposed to be done in the ordinance of intention to be done. The resolution ordering the doing of the thing or things proposed to be done may be the same in which all of the final determinations above mentioned are made, or it may be a separate resolution, in which latter case it shall refer to the resolution making said final determination. Neither said resolution ordering the doing of the thing or things proposed to be done nor any resolutions, notices, orders or determinations thereafter made or given in the proceeding need contain a description of the work or improvement to be done or the property to be acquired, and it shall be sufficient in any of the foregoing to refer therein to the resolution of intention for a description of the work or improvement to be done, or the property to be acquired, or both, as the case may be, or the boundaries of the district, the zones, percentages and grades.

The legislative body in charge of proceeding shall by resolution of instruction notify the treasurer of the required amount of bonds to be issued stating exactly the aggregate of the principal thereof, and the term or terms for which same shall run but said resolution of instruction shall not state the date to be borne by said bonds nor the rate of interest which they shall bear. Said resolution shall also state the manner in which the total proceeds from the sale of all of said bonds shall be divided between the various funds of said district.

The treasurer shall hold said notice and from time to time as any of said bonds shall be sold shall keep an account of same and he shall in no case issue more of said bonds than are authorized by said notice.

The legislative body may thereafter at any time by resolution order the sale of any part of said bonds. Upon receipt of such an order certified by the clerk of said body, the treasurer shall offer for sale the amount of bonds ordered to be sold, to be dated, January 2 of the year in which the sale shall take place. If the date of said sale be subsequent to July 2 the first interest coupon shall be detached.

The said bonds shall be sold after advertisement for bids which advertisement shall be published by at least two insertions.

The basis of bidding shall be cash on delivery. No bid less than par and accrued interest shall be accepted. All bids may be rejected. Any bidder may bid on the bonds to bear any rate of interest named in his bid not exceeding seven per cent (7%) per annum, together with any cash premium said bidder cares to offer. The bonds if sold shall be sold to the bidder who offers to take said bonds on the lowest yield basis, premium considered.

If any bonds be sold for an amount in excess of par such excess shall be credited to the interest and sinking fund of the district.

The proceeds of the sale of bonds shall be placed to the credit of such of the funds of the district as the legislative body may by resolution direct; *provided*, that the total credited to any such fund from any sale shall not in addition to all previous credits exceed the total amount creditable to such fund.

The legislative body, if any bid is accepted, shall by resolution entered in its minutes accept the best bid and the said resolution shall fix the date of the bonds to be sold and the rate of interest on said bonds at the rate named in the bid accepted.

If said resolution ordering the doing of the thing or things proposed to be done includes the acquisition of property, the legislative body shall therein direct an action to be brought by the attorney, in the proper superior court, in the name of the county or of the municipality for which the legislative body conducting the proceedings functions, as the case may be, for the condemnation of the property necessary or convenient to be taken therefor. If said resolution orders work or improvement to be done, the legislative body shall therein fix a time for receiving bids for doing said work or improvement and direct the clerk thereof to give notice accordingly, inviting sealed bids, and shall fix the terms on which payments in cash are to be made, on account of work as it progresses. In no case shall such progress payments exceed seventy-five per cent of the estimated amount of work completed.

SEC. 13. Such notice inviting bids shall state the terms on which payments in cash are to be made on account of said work as it progresses; *provided, however*, that in no case may such payments exceed seventy-five per cent of the estimated amount of work completed, and shall include a statement that the work or improvement is to be done under the provisions of this act, and according to the plans and specifications on file therefor, to which said act, to the ordinance of intention and all proceedings had hereunder, the attention of the bidders shall be directed, and they shall by reference be made a part of said notice. Said notice inviting sealed bids shall by the clerk of said legislative body, be published by at least two insertions and, not necessarily simultaneously, a copy of the same shall be posted and kept posted for five days at or near the chamber door of said legislative body. The time fixed for receiving said bids shall be not less than ten days from the time of the first publication of said notice. All bids offered shall be accompanied by a check payable to the county or municipality, as the case may be, certified by a responsible bank, for an amount not less than ten per cent of the aggregate of the bid, or by a bond for said amount and so payable, signed by the bidder and one duly authorized corporate surety, acceptable to said legislative body. Said bids shall be delivered to the clerk of said legislative body and said legislative body shall, in open session, publicly open, examine and declare the same, and no bids shall be considered unless accompanied by said check or such a bond satisfactory to said legislative body. Said legislative body may reject any and all bids should it deem this for the public good, and also the bid of any bidder who has been delinquent or unfaithful in any former contract with said county or municipality, as the case may be, and shall reject all bids other than the lowest regular bid of any responsible bidder, and may award the contract for said work or improvement to the lowest responsible bidder at the prices named in his bid. If all bids are rejected or no bids are received the legislative body may thereafter readvertise for bids as in the first instance, without further proceedings, and as many times thereafter as it deems necessary until a satisfactory bid has been received, and thereafter proceed in the manner in this section above provided and shall thereupon return to the proper parties their respective checks and bonds covering the bids so rejected. The check or bond accompanying the accepted bid shall be kept by the clerk of said legislative body until the contract for doing said work or improvement, as hereinafter provided, has been entered into. If said bidder fails, neglects or refuses to enter into the contract to perform said work or improvement, as hereinafter provided, then the certified check accompanying his bid and the amount therein mentioned shall be declared forfeited to said county or municipality, as the case may be, and may be collected

by it and paid into its general fund, and any bond forfeited may be prosecuted, and the amount due thereon collected and paid into said fund.

SEC. 14. Notice of such award of contract shall be published by the clerk of said legislative body by two insertions and posted for five days in the same manner as hereinbefore provided with respect to the publication and posting of the notice inviting bids.

SEC. 15. If the bidder to whom the contract was awarded fails, neglects or refuses, for twenty days after the first publication of the notice of award, to enter into the contract, then said legislative body, without further proceedings, shall direct its clerk to give a new notice inviting sealed bids and thereupon said legislative body shall proceed as in the first instance, and as in the case of default of the first awardee, so also in the event of subsequent defaults, and any delay occasioned thereby shall in no way affect the validity of the proceedings or any assessments levied thereunder. The bids of all bidders who have failed to enter into the contract as herein provided may for that reason be rejected in any bidding subsequent to the first for the same work.

SEC. 16. At any time within ten days from the date of the passage of the final resolution any owner of, or other person having any interest in any parcel of land within the boundaries of the assessment district, who claims that any of the previous acts or proceedings relating to the work or improvement are irregular, defective, erroneous, faulty, or invalid, for any reason, may file with the clerk of the legislative body a written notice specifying in what respect said acts and proceedings are irregular, defective, erroneous, faulty, or invalid. Said notice shall state that it is made in pursuance of this section. All objections to any acts or proceedings relating to the improvement prior to the time within which such objections are permitted by this section to be filed, not made in writing and in the manner and at the time aforesaid, shall be waived. It is the intent of this section that any person failing to file such notice within the time specified shall be deemed to have intentionally waived every objection to the regularity or validity of such acts or proceedings and he shall be estopped from thereafter raising the same.

SEC. 17. The superintendent of work is hereby authorized, in his capacity as such superintendent of work, to execute the contract with the awardee of the same, and to receive and approve all bonds by this act required on the part of such awardee. He shall, by the terms of said contract, fix the time for the commencement of the work or improvements, which shall not be more than twenty days from the date thereof, and for the completion of said work or improvement under all contracts entered into by him, and the contract shall provide that the work shall be prosecuted with diligence until completed. The time of completion fixed in the contract may be extended from time to time by said superintendent of work, under the direction of the legislative body expressed by resolution, a copy of which shall be certified by the clerk of said legislative body and attached to the contract. Such extension of time may be granted by the legislative body at any time before the expiration of three months after the time originally fixed for completion in the contract or by the last previous extension of time, and the extension so granted shall be deemed to commence and be effective from the date of such expiration. Any such extension of time shall not release any surety or sureties upon any bond required under this act.

Said contract shall provide that the work or improvement to be done shall be under the direction and to the satisfaction of said superintendent of work, and that the materials used shall comply with the specifications and be to the satisfaction of said superintendent of work, and shall undertake on behalf of the county or municipality, as the case may be, that, upon the performance and completion of certain portions of the contract on the part of the contractor as in the notice inviting bids specified, payments will be made on account as in said call enumerated and that upon final completion and acceptance the balance of the contract price will be paid. Said contract shall also contain an express notice that in no case, except where it is otherwise provided by law, or the charter of the county or municipality whose legislative body is conducting the proceedings, as the case may be, shall the county or municipality, as the case may be, or any officer thereof, be liable for any portion of the expense or be held under said contract in any way except for the discharge of official duty under the law, nor shall said county or municipality as the case may be, be liable for any materials or sums of money except those which the ordinance of intention shall provide will be furnished or paid.

SEC. 18. If, after the execution of the contract, the contractor shall fail to begin the work in good faith within the time provided in said contract, or shall fail at any time thereafter to prosecute said work diligently according to the terms of the contract the superintendent of work shall make a report to the legislative body setting forth wherein the contractor is in default. Thereupon the legislative body shall cause written notice to be mailed to said contractor at his last known address that at a time to be stated in the notice and which must be not less than five days after the mailing of the notice, said body will hold a hearing to determine whether or not the contract shall be declared forfeited.

At the time stated in said notice, or at any time to which the matter may be continued the legislative body shall determine whether or not the contractor is in default either in respect to beginning said work or in respect to its diligent prosecution.

If said body determines that the contractor is in default it may declare the contract forfeited. In such event it shall either again call for bids and award the contract as provided heretofore for awarding the contract in the first instance, or it may declare the county or municipality, as the case may be, the successor of the contractor.

If bids are again called for and a new contract entered into at a price greater than that in the contract declared forfeited, suit shall be brought on the bond of the original contractor for an amount equal to the excess of the second contract over the first, plus the incidental expenses incurred in entering into the new contract. The sum recovered shall be placed in the interest and sinking fund of the district.

If the county or municipality be declared the successor of the contractor, the work shall be completed under the direction of the legislative body at the expense of the county or municipality, as the case may be, either by contract or in any other manner determined upon by its said legislative body. When the work or improvement is completed the declaration of completion in this act provided to be executed and filed by the contractor and superintendent of work shall be executed and filed by the superintendent of work alone and thereafter the proceedings required for a hearing thereof shall be had, following the provisions elsewhere contained in this act controlling said matters. If the cost of so completing the contract including all incidentals shall be less than the balance unpaid on the original contract the difference shall be paid to the original contractor, but if it exceeds such balance, suit shall be brought on the bond of the contractor for an amount sufficient to reimburse said county or municipality.

SEC. 19. The legislative body may, by resolution or ordinance, prescribe general rules directing the superintendent of work or the contractor as to the materials to be used and the mode of executing the work, under all contracts thereafter made.

The legislative body at any time after the adoption of the final resolution establishing any assessment district, may order changes in the grade; *provided*, all property owners in front of whose property such changes are to be made give their written consent thereto and waive all claims for damages on account of such changes.

The legislative body shall also have power subsequent to the adoption of said final resolution to order changes in the plans, profiles, cross sections, and specifications for the improvement, by adopting an ordinance of intention so to do and advertising a hearing thereon in same manner as for the original ordinance of intention for the formation of the district and the method of conducting the hearing shall be the same and also the determination reached in the same manner and on the same basis of protest.

SEC. 20. All contractors shall, at the time of executing any contract hereunder, execute a bond to the satisfaction and approval of the superintendent of work, running to the county or municipality, as the case may be, in an amount not less than twenty-five per cent of the amount of the contract, conditioned for the faithful performance of the contract, and said bond shall be signed by a duly authorized and acceptable corporate surety.

SEC. 21. As soon as may be done in good faith, there shall be filed with the clerk of the legislative body conducting the proceeding a declaration that the work has been completed according to the contract therefor. The said declaration shall be signed and verified by the superintendent of work and by the contractor, or some person cognizant of the facts signing on behalf of the contractor and stating why he, instead of the contractor, so signs and verifies. Either signer may except from his signature and verification any items to which he does not assent. The legislative body conducting the proceeding is hereby authorized to and shall thereupon fix a day, hour and place and direct the clerk thereof to give notice of a hearing for the purpose of determining whether or not the work and improvement shall be accepted as being completed according to the contract, and of furnishing an opportunity to all persons interested in any work or improvement done under the proceeding or in any matter affecting said improvement and the assessment district therefor, claiming that the work or improvement has not been performed according to the contract in a good and substantial manner, or claiming that any portion of the work or improvement was omitted, to appear before the legislative body and by it be heard upon any of the above mentioned matters. The time fixed for said hearing shall be not sooner than ten days from the date upon which it is fixed. Such hearing shall be known as the final hearing upon the improvement. The notice of such hearing may, in form, and shall, in substance (filling all blanks as appropriate), be as follows:

Notice of Final Hearing Upon the Improvement in the Matter of Acquisition and Improvement District No. \_\_\_\_ of the County (or City) of \_\_\_\_\_.

Notice is hereby given that the final hearing in the matter of the improvement made in the above named district will be had at the hour of \_\_\_\_m. on the \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_, at the chambers of the \_\_\_\_\_ (designating the legislative body) of the county (or city) of \_\_\_\_\_ (naming the county or municipality), State of California, under the provisions of section 22 of the "Acquisition and improvement act of 1927," for the purpose of determining whether or not the work and improvement shall be accepted as being completed according to the contract, and of furnishing an opportunity to all persons interested in any of the work or improvement done under the proceeding, or claiming that the work or improve-

ment has not been performed according to the contract in a good and substantial manner, or claiming that any portion of the work or improvement was omitted in the contract for the same, to appear before said legislative body and by it be heard upon any of the above mentioned matters.

The attention of all persons interested is hereby directed to the provisions of said act and to the proceedings in the above named matter and district, and particularly to the above mentioned declaration and statement, on file in the office of the clerk of the ----- (designating the legislative body) of the county (or city) of ----- (naming the county or municipality).

-----  
Clerk of said -----  
(Designating said legislative body.)

Said notice shall be signed by the clerk of the legislative body conducting the proceedings and shall be published by at least two insertions, and a copy or copies thereof posted and kept posted for at least two days on or near the chamber door of said legislative body. The date of the first publication and that of such posting (they need not be simultaneous) shall not be less than ten days before the date in said notice specified for said hearing.

SEC. 22. At the time set for said hearing any owner of property within the district, the contractor, or his assigns, and any other person or persons interested in the matter, may appear and be heard upon any of the matters referred to in the last preceding section. Protests or objections may be presented either in writing or orally and the hearing of the said matters may be continued from time to time upon the order of the legislative body. Evidence may be adduced going to any of the matters to be determined and in such order as the legislative body may summarily direct.

If, when the matters have been fully heard, whether under or in the absence of any objection claiming that the work or improvement has not been performed according to the contract in a good and substantial manner, the legislative body is of the opinion that said work or improvement has not been so completed, it shall in writing specify what must be done in order to complete the work, and shall, by an order or resolution to be entered in its minutes, continue the further hearing of the whole matter to a specified date, expressly stating that such continuance is for the purpose of enabling the contractor to complete the contract.

On said continued hearing the objections presented upon the first hearing shall continue in force, and evidence shall be received, if offered, as to what has been done in the way of completing the contract in the particulars specified in the order of the legislative body on the said continuance of the hearing. If, upon said continued hearing, it is the opinion of the legislative body that the work is still uncompleted in the particulars as to which it has been ordered to be completed, it shall be discretionary with said legislative body to order or refuse a second continuance of the hearing. If the legislative body do order such second continuance, it shall be ordered in the same manner and with like effect as provided aforesaid upon the first continuance. And as provided aforesaid for a second continuance, so with any other or further continuance.

All other objections shall pend and be heard on said day, or at any continued hearing had as in this section aforesaid provided. Every continuance of said hearing for the purpose of enabling the contractor to complete his contract or the work or improvement shall continue or revive such powers of the legislative body had under the provisions of this act in the proceedings at the time of the filing of the declaration that the work was completed, as provided aforesaid, and shall also operate to extend the time for the completion of said contract in such manner that its completion within the time to which the hearing is continued shall be as valid a performance of said contract as if completed at the time of filing such declaration or statement. All objections to any of the matters to which objection may be made at said hearing not made and presented before said legislative body at the time of said hearing or at any time to which the same may be continued shall be waived.

SEC. 23. Whenever upon the hearing provided in the two preceding sections, whether at the first or at any continued hearing, it shall be the opinion of the legislative body that the work has been completed and performed according to the contract in a good and substantial manner, said legislative body shall by resolution to be entered upon its minutes so declare and that the work is accepted.

Immediately after the adoption of said accepting the balance of the amount or amounts, which were agreed to be paid to the contractor by the county or municipality shall be paid to said contractor, less the amount of any incidental expenses chargeable to and not paid by the contractor. Any amount so deducted shall be credited to the fund against which any such incidental expenses were charged.

SEC. 24. If the resolution ordering the thing or things proposed to be done in the proceeding included the acquisition of property and directed an action to be brought for the condemnation thereof, the attorney shall proceed to bring said action, which action shall be commenced within a period not exceeding one hundred and eighty days from the date of the adoption of said resolution directing the bringing of the same. Said action shall in all respects be subject to and governed by such

provisions of the Code of Civil Procedure now existing or that may be hereafter adopted as may be applicable thereto, except in the particulars otherwise provided for in this act.

In the event that an action has theretofore been brought by the attorney in the name of the county or municipality whose legislative body is conducting the proceeding, as the case may be, for the condemnation of the property necessary or convenient to be taken in such acquisition, under authority of law and prior to the adoption of the resolution ordering the acquisition to be made, as provided in this act, then and in that event, the resolution ordering the acquisition may refer to said action and direct the attorney to continue the prosecution of the same, and said action shall then have like effect and be in lieu of and serve all the purposes of the action herein referred to, in so far as the property to be acquired is included in said former action, and shall thereafter be carried on in the same manner and subject to the provisions hereinafter stated; *provided*, that the complaint in said action shall set forth or state the effect of the ordinance of intention in such proceeding but need not set forth nor state the effect of the resolution ordering the acquisition. In the event that the complaint in said action shall for any reason omit to state the effect of the ordinance of intention in said proceeding, said complaint may be amended as of course to set forth said matters at any time before trial and shall thereupon satisfy the requirement as to reference to the ordinance of intention.

SEC. 25. The complaint shall set forth, or state the effect of, the ordinance of intention, and the resolution ordering the acquisition (except as provided in the preceding section), or so much of same as affect the acquisition contemplated (if both acquisition and improvement are comprehended in the proceeding), but need not set up any other proceedings had or taken before the bringing of the action. Said ordinance and resolution shall be conclusive evidence, in such action, of the public necessity of the proposed acquisition and the improvement thereby affected, and that the property sought to be condemned is necessary therefor, and also that the same is located in the manner which will be most compatible with the greatest public good and the least private injury.

SEC. 26. If the legislative body conducting the proceeding shall by resolution determine that the public necessity and convenience require, the plaintiff in the action ordered by said body, or the plaintiff in any action theretofore brought for the condemnation of property necessary or convenient to be taken in the acquisition contemplated, may, at any time after the filing of such complaint or complaints, take immediate possession and use of all or any portion of the property sought to be condemned therein, by giving such security in the way of money deposits as the court in which the proceedings are pending may direct, and in such amount or amounts as the court may determine to be reasonably adequate to secure to the owner of the property sought to be taken immediate payment of just compensation for such taking and any damage incident thereto, as soon as the same can be ascertained according to law. Upon obtaining an order of the court giving such immediate possession and use, the contractor for any improvement contemplated in the proceeding, whose contract includes work or improvement upon any or all of the property covered by such order of court for immediate possession and use, shall have the right to enter upon and construct thereon the improvements included in the contract.

The county or the city, as the case may be, shall have power to and may advance such amount or amounts as are required by the court to be deposited to obtain such immediate possession and use, and reimburse the treasury from the sale of bonds thereafter issued under the proceeding. Such amount or amounts may be so advanced from either the general fund or from any fund available for the purchase or acquisition of public ways or property. Said deposits required by the court may also be made from the revolving fund or funds created and administered as in this act provided.

SEC. 27. When all parties defendant to the action have answered or have been served with summons and their default entered, the plaintiff or any party defendant to the action whose default has not been so entered may, upon five days notice to the parties, except those in default, move the court to set the action for trial. If, upon the hearing of such motion a trial by jury or by the court without a jury is not demanded by the defendants, or any of them, or by the plaintiff, such trial shall be deemed to be waived, and the court must appoint three disinterested persons referees to ascertain the compensation to be paid to said defendants so waiving trial by jury, or by the court without a jury. Such referees must be residents of the county in which the action is commenced and over the age of twenty-one years and must take and file with the court an oath to discharge their duties faithfully and impartially. If any of such referees fails to qualify, or resigns, or is removed by order of court, or is or becomes unable to act, the vacancy so created shall be filled by the court.

SEC. 28. The referees shall at once proceed to view the lands sought to be condemned, and ascertain the compensation proper to be paid to such of the parties interested in each parcel thereof as have waived a trial by jury or by the court. They shall have power to examine witnesses under oath, to be administered by any of

them, and may have subpoenas issued by the clerk of the court, requiring the attendance of witnesses, or the production of evidence before them. They shall make and file with the court a written report of their findings and of the necessary expenses, within thirty days after the date of their appointment; *provided, however*, that the time so allowed may be extended upon good cause shown, by the court or judge thereof, but such extension shall not exceed one hundred and twenty days; and *provided, further*, that if any vacancy in the referees is created and filled as heretofore provided in this act, or if new referees are appointed, or if a new report from the same referees is ordered, as hereafter provided, the time herein specified for the filing of such report shall be deemed to be thirty days from the date of the order filling such vacancy, or appointing new referees, or ordering the new report from the same referees, and said time may be extended accordingly, as above provided. Any two of such referees who agree thereto may make such report.

SEC. 29. For the purpose of assessing the compensation and damages, the right thereto shall be deemed to have accrued at the date of the issuance of summons, and its actual value at that time shall be the measure of compensation for all property to be actually taken, and the basis of damages to property not actually taken but injuriously affected, in all cases where such damages are allowed by the provisions of this act; *provided*, that in any case in which the issue is not tried within one year after the date of the issuance of summons, unless the delay is caused by the defendants, the compensation and damages shall be deemed to have accrued at the date of trial, and its actual value at that time shall be the measure of compensation.

If an order of the court be made letting plaintiff into immediate possession and the plaintiff shall take immediate possession upon commencing eminent domain proceedings and thereupon giving such security, in the amount of money deposited as the court may determine to be reasonable to secure compensation to the owner, as provided in section 14 of article I of the constitution of this state, then the compensation and damages awarded shall draw interest at the rate of seven per cent per annum from the date of such order.

No improvements placed upon the property proposed to be taken subsequent to the date of the publication of the ordinance of intention in the proceeding shall be included in the assessment of compensation or damages.

The referees, or the court, or the jury, as the case may be, shall find separately:

First: The value of each parcel of property sought to be condemned, and all improvements thereon pertaining to the realty, and of each separate estate or interest therein;

Second: If any parcel of property sought to be condemned is only a part of a larger parcel, the damages which will accrue to the portion not sought to be condemned, and to each separate estate or interest therein, by reason of the severance therefrom of the portion sought to be condemned, and the construction of the improvement in the manner proposed by the plaintiff. Such damages must be fixed irrespective of any benefit from such improvement.

SEC. 30. Upon filing of the referees' report, the court may, upon motion of any party, appoint a date for hearing the same, not less than twenty days thereafter. Notice of the time and place of said hearing must, at least ten days before the time so appointed, be served on all other parties except those whose default has been entered. The plaintiff, or any defendant who has answered, may file exceptions in writing to said report, specifying the grounds upon which such exceptions are based, at any time not later than one day prior to the hearing, and any such party so filing exceptions to said report may appear at the hearing of said report and contest the same. In addition to the notice hereinbefore provided, the clerk of the court must give notice of the filing of said report and of the time and place appointed for the hearing of the same to all persons owning or having any interest in any property included within the assessment district described in the ordinance of intention, by causing said notice last mentioned to be published by five insertions in a daily newspaper published and circulated in the county; and, if there be no such daily newspaper, then by two insertions in a newspaper published less often than daily and circulated in the county. Any publication of such notice shall commence at least ten days before the time appointed for the hearing of said report. Said notice shall require all persons owning or having any interest in any property included within said assessment district to intervene in said action and file in the office of the clerk of said court his exceptions in writing to said report, if any he has, specifying the grounds upon which such exceptions are based. Said notice need not contain a description of said assessment district but may refer thereto to the ordinance of intention, giving the date of the adoption of said ordinance and the place where the same is on file. At any time not later than one day prior to the hearing, any person, not a party to the action, owning or having any interest in any property included within said assessment district may intervene in the action and file his objections in writing to said report, specifying the ground upon which such exceptions are based; and any person so intervening may appear and contest the said report, and introduce evidence in support of such exceptions. After hearing the report and any exceptions thereto, the court may confirm the report, or may modify it and confirm it as modified, or may set it aside and may order a new report from the same referees or from new referees to be appointed. If new referees are appointed, the same proceedings and the same qualifications shall apply and the same proceedings shall be had as upon the first reference.

If there be a trial of the action by a jury, or by the court without a jury, the clerk of the court must give notice of the time and place of such trial to all persons owning or having any interest in any property included within said assessment district. Said notice shall be published in the same manner and for the same time as the notice theretofore in this section required to be given by said clerk, and shall require all persons owning or having any interest in any property included within said assessment district to intervene in said action, and to appear at the trial thereof and introduce evidence relative to the compensation and damages to be awarded to the defendants therein. At any time not later than one day prior to the trial any person not a party to the action, having any interest in any property included within said assessment district may intervene in the action and, upon the trial thereof, may appear and introduce evidence relative to the compensation and damages to be awarded to the defendants therein. The cost of the publication of the notices required by this section shall be paid by the plaintiff and allowed as costs in the action.

When a time has been appointed for hearing the report of the referees, or for the trial of the action, and notice thereof has been given by the clerk by publication as in this section provided, if the hearing or trial be postponed or continued by the court to any subsequent day, no further notice need be given by the clerk of the hearing or trial upon any such postponement or continuance.

SEC. 31. Upon the confirmation of the report of the referees, or receipt of the verdict of the jury, or filing of the findings of the court, the court shall make and enter an interlocutory judgment in accordance with such report, verdict or findings, adjudging that upon payment to the respective parties, or into court for their benefit, of the several amounts found due them as compensation, and of the costs allowed to them, the property involved in the action shall be condemned to the use of the plaintiff, and dedicated to the use specified in the complaint. The court shall allow to the referees, as costs to be paid by the plaintiff, a reasonable compensation for their services, the amount of which compensation shall be fixed by the court upon the hearing of the report, together with their necessary expenses.

SEC. 32. An appeal may be taken from such interlocutory judgment within thirty days from the entry thereof, and from any order granting or denying a new trial within ten days from the entry thereof.

SEC. 33. The legislative body of the plaintiff may, at any time prior to the payment of the compensation awarded the defendants, abandon the proceedings by resolution and cause the said action to be dismissed, without prejudice; *provided, however*, that in cases where immediate possession and use of the property to be condemned, or a portion thereof, has been taken, as provided in this act, the proceedings for the acquisition can not be abandoned, nor the said action dismissed, unless and until the county or municipality whose legislative body is conducting the proceedings, and which is plaintiff in the action, shall first compensate the owners of property over which such possession and use has been taken for all damages occasioned thereby, and such county or municipality shall be liable for such damages.

SEC. 34. As soon as there is sufficient money in the hands of the treasurer, in the special fund to defray the expenses of the acquisition, to pay the amounts including costs awarded to the defendants by the interlocutory judgment in the action in condemnation, together with interest thereon at rate of seven per cent per annum from the date of the interlocutory judgment the said amounts including costs shall be paid to the parties entitled thereto, or into court for their benefit. Upon satisfactory proof being made to the court of payment of the amounts awarded by the interlocutory judgment or judgments to the respective parties entitled thereto, including costs awarded, or into court for their benefit, it shall direct the interlocutory judgment to be satisfied and shall make and enter a final judgment condemning the lands described in the complaint to the use of the plaintiff, for the uses specified in such complaint.

SEC. 35. The bonds issued under and in pursuance of this act may in form and shall in substance (using designations and filling blanks as appropriate under the proceedings) be as indicated following, to wit:

[SEAL]

Treasurer of the county (or city) of \_\_\_\_\_, State of California.

The designation of the district by its name and number set forth at the top of the bond shall be sufficient to identify and distinguish each and all of the bonds thereof from any other issue.

SEC. 36. The bonds shall be divided into as many series as there will be years between the year in which the first bonds are to be due and the year in which the last bonds will be due.

Each of said series shall contain an equal par value of bonds except one which shall contain any fractional margin of par value smaller than that of other series which may be necessary to make the exact total of par value to be issued. The denominations of bonds shall be in multiples of one hundred dollars except one bond which may be for a fractional part of one hundred dollars in order to balance the exact total to be issued; provided, that no bond shall be of denomination greater than one thousand dollars. The successful bidder for said bonds shall be privileged to designate in his bid the denominations in which said bonds are to be issued. Each series shall be named for the year in which it will become due beginning with the year when the first bonds are to be paid and continuing successively to the year when the last bonds shall be due. The bonds of each series shall be numbered from one up consecutively.

All bonds issued under this act shall be signed by the treasurer of the county or municipality whose legislative body conducts the proceeding and shall have the seal of the board of supervisors of the county or the seal of the city, as the case may be, thereto affixed, and when so signed shall be binding according to the terms thereof as prescribed in the above form therefor. The interest coupons attached to said bonds shall be in such form as the said treasurer shall determine, subject to the provisions of this act and the determination made by the legislative body, and the signature of said interest coupons by said treasurer, by either written or engraved or printed facsimile signature shall be sufficient.

The principal and interest of the bonds issued under this act shall be payable in gold coin of the United States of America at the office of the treasurer issuing the same. The legislative body is hereby vested with power to determine and shall in the ordinance of intention determine the number of years, not to exceed thirty, after the issuance of any bonds issued, within which the aggregate principal of all the bonds to be issued in any proceeding under this act shall be paid and discharged, and to fix the rate of interest, not to exceed seven per cent per annum, payable semiannually, to be paid thereon, and it shall be a sufficient determination and fixing of the same to set forth in the ordinance of intention that bonds will be issued for the expense of the things to be done in any language that will fairly indicate such time and such rate. It may be provided in said ordinance that the first series of bonds shall become due either one, two, three, four or five years after the date of said bonds.

The interest payments on said bonds shall be payable semiannually on the second day of January and the second day of July of each year. It shall not be necessary, either in the ordinance of intention or otherwise, to set forth or determine the days

of the month on which payments of interest are to be made, nor that payments shall be made in gold coin, nor that payments shall be made at such treasurer's office, but all persons are charged with notice of the contents of this section, especially in the aforesaid particulars.

Sec. 37. In December of each year, four years or more after the adoption of the final resolution establishing any district under this act, any person, having paid all taxes payable on any land in said district, desiring to have said land relieved of the lien of the bonds of said district, may first obtain from the assessor a certificate showing:

- A. The legal description of the property proposed to be relieved;
- B. The assessed land value thereof for the current fiscal year;
- C. The percentage of benefit for the zone in which the property is located;
- D. The sum of the multiplicands obtained by multiplying the total assessed land value, in the same fiscal year, in each of the zones of benefit in said district, by the percentage of benefit in the same zone.

It shall be the duty of the assessor to furnish such certificate upon request of any property owner and payment of a fee of fifty cents. Said certificate shall then be presented to the tax collector who shall certify as to whether the current year's taxes are fully paid.

The treasurer upon receipt of said certificate and payment of a fee of fifty cents, if said current year's taxes have been paid, shall accept as full payment of said release of the bonds of said district upon the land described, a sum which shall equal one hundred five per cent of the proper proportion of the whole amount of balance of said bonds either outstanding or remaining still unsold but not cancelled.

The proper proportion being such portion of said balance of said bonds as shall bear the same proportion to the whole of said balance as the assessed land value as certified to by the assessor, multiplied by the percentage of benefit for the zone in which said property is located, bears to the sum of the multiplicands as certified to by the assessor.

The treasurer shall give a receipt in quadruplicate for said payment containing the legal description as given on the certificate of the assessor.

It shall be the duty of the recorder upon presentation of said receipts and payment of fee of twenty-five cents to mark the property described "released" upon the map of the district and thereafter it shall be treated as being in a zone of zero benefit. The recorder shall then return one receipt to the payor, retain one for his own files and forward one to the assessor and one to the tax collector.

The treasurer upon receipt of the payment as herein provided shall credit the amount to the interest and sinking fund of said district but shall keep separate account of the amount so paid in and shall on the second day of January of each year call bonds of said district in an amount as nearly as possible corresponding to the total of such payments made during the December preceding and shall pay for same out of said interest and sinking fund. The bonds so called must be those of the highest consecutive number regardless of series, except that none shall be called which would fall due sooner than two years after the date of call and if there be more than one bond outstanding having the same highest number then the one of the earlier series shall be called.

Sec. 38. For each district in which bonds have been issued under the provisions of this act a special fund to be named "Acquisition and improvement district number \_\_\_\_\_ of the county (or city) of \_\_\_\_\_ interest and sinking fund" (the number to be that of the district) for the discharge and payment of such bonds, and interest thereon, shall be constituted by the county or municipality (as the case may be) whose legislative body has conducted the proceedings, as follows, to wit: There shall each year, at the time of the general tax levy for state and county taxes, or at the time of levying taxes to be collected for general municipal purposes, as the case may be, be levied against and upon all the lands within said district (including any land which is the operative property of any public utility, and including any lands belonging to any county, municipality, district, public agency, mandatory of the government, school board, educational, penal or reformatory institution or institution for the feeble minded or insane, whether being used in the performance of a public function or not, unless declaration was made in the ordinance of intention omitting any of said lands from the assessment to be made; but not including any lands belonging to the United States government or to the State of California) according to the assessed valuation of said lands, exclusive of any improvements thereon, a special assessment tax in an amount clearly sufficient, together with any moneys which are or may be in said fund, to pay all the principal which has become or will become due and all interest which has become or will become payable on the bonds issued under the proceeding before the proceeds of another tax levy made at the time of the general tax levy for state and county purposes, or at the time of another levy of taxes to be collected for general municipal purposes (as the case may be), can be made available for the payment of said principal and interest. If the said district has been divided into zones and the percentage of benefits in each such zone has been determined, as provided in this

act, in that event the said amount of said special assessment tax to be levied shall be divided according to said percentages and the percentage to be raised from the lands in each zone shall be levied against and upon the lands therein as above provided. Such special assessment taxes shall be in addition to all other taxes levied for state and county purposes, or for municipal purposes (as the case may be), and shall be levied, computed, entered, collected and enforced in the same manner and by the same persons and at the same time and with the same penalties and interest as are other taxes for state and county purposes, or for municipal purposes (as the case may be), and all laws applicable to the levy, collection and enforcement of taxes for state and county purposes or for municipal purposes (as the case may be) are hereby made applicable to said special assessment taxes. It shall be the duty of the county assessor to assess, exclusive of any improvements thereon, all lands (if any there may be in any assessment district formed under this act) not otherwise assessed for purposes of general county taxes or general taxes of a municipality, against which such special assessment taxes are to be levied and collected as aforesaid. In the event that there is included within the assessment district any land belonging to any county, municipality, district, public agency, mandatory of the government, school board, educational, penal or reformatory institution or institution for the feeble minded or insane, and which is being used in the performance of a public function, and no declaration was made in the ordinance of intention omitting such land from the assessment to be made, the amount of the special assessment tax levied each year against said land, as above provided, shall be an enforceable obligation against the owner of or the governing body controlling said land, and it shall be the duty of the officer or body having charge of the disbursement of the funds of the owner of said land to pay the amount of said special assessment tax levied, from any of the funds thereof available, immediately upon its becoming due. If for any reason there are no moneys in any of such funds then the county or municipality (as the case may be) conducting the proceedings shall pay said special assessment tax against said land and the said owner or governing body controlling said land shall reimburse said county or municipality immediately upon the receipt of sufficient moneys in any of its available funds. In all cases where sufficient funds are not available to make such reimbursement before the time of another tax levy the board or officers whose duty it is to levy taxes for said owner shall include in the next tax levy an amount, in addition to moneys for all other purposes, sufficient to reimburse said county or municipality.

The legislative body of the county or municipality (as the case may be) conducting the proceedings may annually, at the time of making said tax levy, transfer from the general fund of such county or municipality, or from any fund which may be used for acquisitions or improvements of a similar character as those made under the proceeding, to the interest and sinking fund above provided for such amount as in the judgment of said legislative body should be transferred. It is the intention of this provision that further assistance, in addition to that, if any, provided for in the ordinance of intention and that which may be given as elsewhere provided in this act, may be given by the county or municipality toward the payment of the expenses of the thing or things done under the proceedings after bonds for said expenses shall have been issued and sold, and apart from the loans, and apart from the advances under the revolving fund elsewhere in this act provided for.

In any event it shall be the duty of said legislative body to levy a special assessment tax upon all of the said lands within such district, sufficient to pay the principal and interest of said bonds as the same shall become payable, and said legislative body is hereby vested with power and jurisdiction to do all and singular the things which in this section aforesaid it is declared shall be done. Whenever any of said bonds or any payment of principal or interest thereon shall become due and there shall not be sufficient money in said interest and sinking fund to pay the same the legislative body may, pending the levy and collection of a special assessment tax therefor, order the amount of money necessary to pay said bonds or payment of principal or interest so falling due to be transferred from the general fund of the county or municipality, as the case may be, to said interest and sinking fund, and the amount of money so transferred shall be deemed a loan to said interest and sinking fund and shall be repaid to the general fund from the first money coming into said interest and sinking fund thereafter. Any money remaining in or accruing to any acquisition and improvement district interest and sinking fund after all of the bonds of the district have been retired shall be transferred to the general fund of the county, or municipality, as the case may be, whose legislative body has had jurisdiction over the proceeding and by said body returned to the property owners of each of the zones in said district in the way of a credit upon their general tax rate on the land value exclusive of improvements, which credit shall in the several zones be proportioned to the percentages of benefit established therefor.

SEC. 39. All bonds issued in pursuance of the provisions of this act shall by their issuance be conclusive evidence of the regularity, validity and legal sufficiency of all proceedings, acts and determinations in any wise pertaining thereto, had or made under this act, and after the same are issued no tax levied or collected for the purpose of paying the principal or interest on said bonds shall be held to be invalid

or illegal, or set aside or refunded, by reason of any error, informality, irregularity, omission or defect in any of the proceedings, acts or determinations in any wise pertaining to the issuance or payment of said bonds, nor shall any action or proceeding be thereafter commenced or maintained to cancel or set aside said bonds or to prevent the payment thereof or the levy or collection or enforcement of a tax for such payment.

SEC. 40. The legislative body of any county or municipality shall have authority and power, by resolution or ordinance, to create, and to maintain, use and reimburse, as herein provided, a revolving fund or funds in connection with and incident to proceedings had under this act, for the purpose of facilitating, contributing toward or assisting in any way any improvements or acquisitions, or both such improvements and acquisitions, authorized in this act, and any of the things which may be done hereunder. Said legislative body shall have power and authority by resolution to order transferred to and deposited in such revolving fund or funds money from the general fund, the permanent improvement fund, general street improvement fund, or any fund received and to be expended in laying out, constructing or otherwise improving or maintaining any public way or ways or property or rights of way of the public, or to be expended in acquiring property or rights of way therefor, or from the proceeds of any bonds issued either before or after the creation of such revolving fund, the proceeds of which may lawfully be appropriated to and expended for any of the things which may be done under this act, or from any other fund which may lawfully be appropriated to and expended for any of the purposes for which a proceeding may be had and taken under this act. Out of any revolving fund or funds created as herein provided the legislative body of the county or municipality, as the case may be, shall have authority and the power to appropriate any sum or sums deemed necessary and to expend the same for any of the things permitted to be done under this act, including any or all incidental expenses of proceedings, and may advance any sum or sums from any said revolving fund to pay any amount due upon any contract under this act, and may advance money from any said revolving fund and deposit the same in court as security for the purpose of obtaining immediate possession and use of any property sought to be acquired, as provided in this act, and may appropriate money out of any such revolving fund and purchase, at not exceeding the par value thereof, bonds issued under this act and collect and deposit in such revolving fund payments of principal and interest upon any such bonds so purchased from such revolving fund. Whenever the legislative body shall appropriate and expend or advance any sum or sums out of any said revolving fund to pay or to secure the payment of any of the costs and expenses of any improvement or acquisition, or both, authorized by this act, said legislative body shall have power and authority to order that the revolving fund be reimbursed either in whole or in part, by the deposit therein of the proceeds of any bonds issued under this act in an amount or amounts not exceeding the amount so paid out or advanced from the revolving fund, or said legislative body upon making appropriations out of and expending any moneys from such revolving fund, as herein authorized, shall have power and authority to reimburse said revolving fund in whole or in part by appropriating thereto and depositing therein additional moneys from any of the funds hereinbefore enumerated from which transfers to and deposits in revolving funds may be made.

The legislative body may at any time reduce or discontinue any revolving fund herein authorized and established by its order and shall thereupon transfer the moneys remaining therein to the funds from which the same were derived or may expend such moneys for any acquisitions or improvements which may be made under this act.

SEC. 41. Any property owner within the assessment district objecting to the validity of the bonds to be issued hereunder and claiming the proceedings to be illegal in any respect shall within thirty days after the passage of the final resolution bring his action to determine the validity of said bonds and proceedings. Such action shall be in the nature of a proceeding in rem and jurisdiction of all parties interested may be had by publication of summons for at least once a week for three weeks in some paper of general circulation, published in the county where the action is pending, such paper shall be designated by the court having jurisdiction of the proceedings. Anyone interested may at any time before the expiration of said thirty days appear and by proper proceedings aid in the contest of or defend the validity of such bonds. It shall be the duty of the legislative body to appear and cause the validity of the bonds to be defended.

It shall be determined and adjudicated by the court in said action whether said proceedings and the bonds issued or to be issued are valid or invalid. Any person appearing in said proceedings shall have the right to appeal at any time within thirty days after the entry of such judgment, which appeal must be heard and determined within three months from the time of taking such appeal.

No contest of any matter or thing herein provided shall be made other than within the time and in the manner herein specified.

SEC. 43. SEC. 44. If in any proceedings hereunder, at the time of any hearing a quorum of the legislative body is not present, said hearing may, by order of any one member of said legislative body or by announcement of the clerk thereof if no member is present, be continued to a day and hour to be stated in the order or announcement. Such order or announcement and a statement of the name of the members of the legislative body present, if any, shall be entered in the minutes of said legislative body and the said hearing shall be deemed and held to be regularly continued to the said hour so ordered or announced. If, for any reason, any such hearing is not had at the time fixed therefor and no order or announcement is made, as above provided, continuing the same to another time, the power of the legislative body in the premises shall not thereby be divested, but the legislative body may proceed anew to fix a time and place for such hearing and cause notice thereof to be given by publication by at least one insertion, such publication to be at least five days before the date of the hearing, and thereupon the legislative body shall have power to proceed and act as in the first instance.

No proceeding or step required under this act shall be rendered insufficient or affected in any way by any error, mistake or departure as to the officer or person posting or procuring the publication or posting of any resolution, notice, order or matter hereunder, when the same is actually published or posted for the time required.

Proof of the publication of any ordinance, resolution, order, notice or other matter required by the provisions of this act shall be made by affidavit of the owner, publisher, printer or clerk of the newspaper and proof of the posting of any such resolution, order, notice or other matter required to be posted shall be made by the affidavit of the person posting the same or of the person who procured the same to be posted. SEC. 46. The notices, ordinances, resolutions, orders or other matters required to be published by the provisions of this act shall be published as follows, to wit:

If the legislative body conducting the proceedings be that of a county, whether or not the proceeding includes an acquisition or improvement in and the assessment district includes land within one or more municipalities as well as in unincorporated territory of the county, the publications shall be made in a newspaper to be selected and designated by said legislative body, published and circulated in said county, which may be published either daily or less often than daily; and if the legislative body conducting the proceedings be that of a municipality, whether or not the proceeding includes an acquisition or improvement in and the assessment district includes land within another municipality or unincorporated territory of the county, or both, as well as within its own boundaries, the publication shall be made in a newspaper to be selected and designated by said legislative body, published and circulated either in the municipality for which such legislative body functions or elsewhere in the county in which said municipality is located, which newspaper may be one published either daily or less often than daily. The newspaper selected shall be that deemed by said legislative body most likely to give notice to all owners of land in the assessment district and persons interested in the proceedings; *provided, however*, that it shall not be necessary for said legislative body to set forth a determination of said fact in any of the proceedings, but such determination shall be presumed from the selection and designation of the newspaper. Said legislative body

In such case it shall not be necessary thereafter to designate the newspaper for each publication; *provided, however*, that if publication in the newspaper designated in the ordinance of intention for making all publications in the proceedings shall become impossible for the reason that such newspaper has ceased to be published, or for any reason which renders publication therein impossible or impracticable, the legislative body may, by a resolution entered in its minutes, in which the facts are set forth, designate another newspaper for each required publication as occasion therefor arises. If a designation of a newspaper for making all publications in the proceedings is not made in the ordinance of intention, as provided, the legislative body shall designate a newspaper for the publication of each notice, ordinance, resolution, order or other matter required to be published as the occasion for such publication arises and in its order directing such publication. Whenever in this act it is provided that any notice, ordinance, resolution, order or other matter "be published," such provisions shall be deemed to and shall mean a publication in a newspaper as in this section provided.

## AMENDMENT NUMBER ONE.

Amend the title of the printed bill, by striking out after the words and figures "33a", the following words: "relating to an exchange of warrants issued by Sacramento and San Joaquin drainage district for warrants of reclamation districts", and by inserting in place thereof, the following words and figures: "authorizing a reclamation district that may have sold or transferred any of its levees or property to Sacramento and San Joaquin drainage district, Sutter-Butte by pass project number six, or any other unit or project, and received warrants issued by said Sacramento and San Joaquin drainage district or Sutter-Butte by pass project number six, or any other project thereof, in exchange or payment therefor, or may have received or may receive compensation for any property included in any plan now or that may hereafter be adopted for controlling the flood waters of Sacramento and San Joaquin rivers, or their tributaries, to exchange said warrants for outstanding warrants issued by such reclamation district and also providing that in any new, additional or supplemental assessment of such reclamation district, there shall be determined the amount that should be assessed upon tracts of land the benefits accrued from the expenditures represented by the warrants of the reclamation district exchanged or paid for by warrants of Sacramento and San Joaquin drainage district, and also the amount that should have been apportioned of warrants of Sacramento and San Joaquin drainage district, and providing that if the amount that would have been assessed against each tract of land is greater than the amount to which such tract or owner thereof would have been entitled on distribution of warrants, such excess shall be assessed to each tract of land and if the amount be less, the difference shall be paid to the owner of such tract by such reclamation district."

Amendment adopted.

## AMENDMENT NUMBER TWO.

Amend by adding after the period after the word "purposes" on page 2, line 45, of the printed bill, the following: "In any new, additional, or supplemental assessment of such reclamation district, there shall be determined the amount that should be assessed upon each tract of land according to the benefits that accrued to each tract of land from the expenditures represented by the warrants of the reclamation district that have been so exchanged or surrendered for or paid by warrants of Sacramento and San Joaquin drainage district or of Sutter-Butte by pass project number six or any other unit or project, and also the amount which should have been apportioned to each tract of land if said warrants of Sacramento and San Joaquin drainage district or of Sutter-Butte by-pass project number six or any other unit or project had been distributed to said tract of land or owner thereof proportionately to the percentage which on the last assessment made by said reclamation district, said tract of land was assessed for the construction or acquisition of the levees, easements and property sold or transferred to Sacramento and San Joaquin drainage district or any project thereof. If from such determination it appears that the amount that would have been assessed against any tract of land is greater than the amount to which such tract or owner thereof would have been entitled if such distribution had been made, such excess shall be assessed to such tract respectively. ## COMMUNICATION.

The following communication was received and, on motion of Senator Breed, ordered printed in the Journal.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE,

SACRAMENTO, March 18, 1927.

*Honorable Byron Fitts,  
Lieutenant Governor,  
Building.*

DEAR LIEUTENANT GOVERNOR FITTS: Bills are now beginning to come in at such a rate that I should like to make a suggestion as to information concerning them which will be of value to this office. In the first place, I want to congratulate you and the members of the Senate on the excellent progress you are all making in your work, on the spirit of earnestness which prevails, and on the record of business-

like efficiency you are setting for this session of the Legislature. I particularly want to commend the general agreement you seem to have reached that only bills of real importance shall receive final enactment.

Although I propose to review each bill very carefully, I need not say that I shall welcome all the light upon each measure which your members can give me. I should prefer that this be not done orally, partly for lack of time, but more especially because one matter inevitably so crowds out another that what I am told about any particular measure may largely be erased by subsequent information concerning others. Accordingly I should appreciate a written statement on the bills from all members of the Senate who care to give them. I would, if I may, make the following definite suggestions:

(1) An explanation of each bill should in all cases come from its author. This may be supplemented when desired by statements from others not in the Legislature, who are particularly interested in the bill.

(2) I should appreciate from committee chairmen and committee members statements regarding bills which have gone through their committees, and which have attracted their attention as being particularly desirable, or particularly undesirable.

(3) Finally, I should appreciate hearing from members regarding any bills in which they have become especially interested, either for or against.

I wish to make it clear that I am merely seeking information respecting these measures—what lies behind each which makes it worthy to become a law, what is to be accomplished for the good of the State, and how. Although we want to pass every necessary piece of legislation, I am sure we all want to reduce to a minimum all proposed legislation which is unnecessary.

I would suggest that those members who care to submit the written recommendations I have suggested, do so as fast as the bills pass the Senate, and while they are fresh in mind. Each communication will be filed away for careful consideration, provided the bill finally passes the other house.

Please understand that in all the above, I am not trying to impose any burden upon any member which he may not care to assume. I am simply suggesting a method of procedure for those who wish to consult with me concerning bills.

Yours very sincerely,

C. C. YOUNG, Governor.

## PRESENTATION OF PETITION.

The following petition was presented, and ordered printed in the Journal:

By Senator Kline:

RIVERSIDE CHAMBER OF COMMERCE.  
RIVERSIDE, CALIFORNIA.

WHEREAS, There has been introduced into the Legislature of the State of California, Senate Bills Nos. 729, 730, 732 and Assembly Bills Nos. 1083, 1084 and 1093, the purpose of which is practically identical with that of the Lyon bill introduced into the 1923 session of the Legislature; and

WHEREAS, The above bills seek amendment to the Code of Civil Procedure to permit the condemnation of water and power sites now dedicated to and in the service of the public, by municipalities or political subdivisions outside the territory now being served by such water and power sites; and

WHEREAS, The city of Los Angeles has hitherto filed condemnation proceedings upon the power plant and sites of the Southern Sierras Power Company, known as the Owens River Gorge plant, which suit was finally decided against the city of Los Angeles by the Supreme Court of the United States; and

WHEREAS, This Chamber of Commerce at the time of filing said suit adopted a resolution protesting against the condemnation of said power plant by the city of Los Angeles, on the ground that said power plant served Riverside County and other interior counties with light and power; and

WHEREAS, The same conditions still obtain and, moreover, a part of the city of Riverside is now served with light and power from the Owens River Gorge plants; and

WHEREAS, The board of directors of the Chamber of Commerce, backed by the findings and recommendations of the legislative committee of the Chamber of Commerce based on a study of this proposed legislation and the foregoing legal and legislative attempts by the city of Los Angeles to condemn this plant, is of opinion that the above bills seek to accomplish by special legislation the condemnation of water and power sites by municipalities, regardless of the fact that such water and power sites may now serve the general public and other municipalities which are protected from such encroachment and deprivation by the present law; and

WHEREAS, The board of directors of the Riverside Chamber of Commerce believes that the above bills, and all similar effort to evade, contravene and supersede the statute and basic law as it now stands, with the purpose of conferring the State's right of eminent domain upon a political subdivision of the State, to be used to the injury and deprivation of other political subdivisions, are subversive in principle and should be defeated as against the general public policy and the welfare, particularly of the interior counties of southern California; now, therefore, it is hereby

Resolved, That the Riverside Chamber of Commerce, by the board of directors, protest against the passage of Senate bills Nos. 729, 730, 732 and Assembly bills Nos. 1083, 1084 and 1093 in the Legislature, or any other bill of similar import, and urge the representatives of Riverside in the Legislature to use their influence and votes against the passage of said bills.

Witness our hand and seal this seventh day of March, 1927.

SECTION 1. The fish and game commission is hereby vested with jurisdiction to regulate and control fishing boats, barges, lighters or tenders, receptacles or vehicles containing fish, commercial fishermen, fish canners, packers or preservers, fish reduction plants, plants where any fish products are manufactured, dealers in fish, mollusks or crustaceans or other fishery products, in so far as it may be necessary to insure the taking, catching and delivery of the fish or other fishery products in a wholesome and sanitary condition to canning, packing, preserving, or reduction plants, or any plant where fishery products are manufactured, or to any fresh fish dealer, and to prevent deterioration and waste of any products or of any fishery products. Any fish and game commissioner or assistant or employee of the fish and game commission shall have the authority to enter any canning, packing, preserving or reduction plant, or place of business where fish or other fishery products are packed, preserved, manufactured, bought or sold, or to board any fishing boat, barge, lighter, tender, or vehicle or receptacle containing fish, for the purpose of carrying out the provisions of this act, and any person denying such right of entry shall be guilty of a misdemeanor.

SEC. 2. The fish and game commission may establish grades for different varieties of fish or other fishery products, which said grades must be reached and conformed to by the commercial fishermen who deliver fish or other fishery products to canners, packers or preservers of fish or to fresh fish dealers, and every canner, packer or preserver of fish, or fish dealer, or manufacturer of fish products, must conform to such grade.

SEC. 3. The fish and game commission is hereby vested with full power, authority and jurisdiction to make and enforce such regulations as may be necessary or convenient for carrying out any power, authority or jurisdiction conferred under this act.

SEC. 4. No person, firm or corporation shall suffer or cause any preventable deterioration or waste of any fish caught or taken in the waters of this state, or brought into this state, and no person shall use any fish except fish offal in a reduction plant, or by a reduction or extraction process, except of the species, in the manner and to the amount allowed by the provisions of this act.

SEC. 5. In order to permit canners or packers of sardines, or processors of sardines producing therefrom products for use as human food, to operate efficiently and at maximum capacity, such canners, packers or processors may also use in a reduction plant for producing sardine products for use otherwise than as human food, a portion of any catch of sardines used by such canner, packer or processor; provided, however, that any canner or packer canning or packing one-pound oval cans of sardines must in each lunar month can or pack for use as human food at least fifteen cases of one-pound oval cans of sardines, forty-eight cans to the case, out of each ton of sardines received or used by such canner or packer, and any canner or packer canning or packing sardines in cans of a size other than one-pound oval

cans, or in any other packages or containers, or any processor of sardines producing any products for use as human food, packed or shipped otherwise than in cans, must in each lunar month, out of each ton of sardines received or used by such canner, packer or processor, can, pack or process for use as human food, an amount of sardines equivalent to the amount of sardines packed in fifteen cases of one-pound oval cans, forty-eight cans to the case; *provided, further*, that if in any lunar month a canner, packer or processor does not can, pack or process for use as human food, out of each ton of sardines received or used by such canner, packer or processor, fifteen cases of such one-pound oval cans of sardines or their equivalent as above provided, then such deficiency of canning, packing or processing may be made up during the next succeeding lunar month, but during any two succeeding lunar months' period not less than fifteen such cases of one-pound oval cans or their equivalent, as above provided, must be canned, packed or processed for use as human food out of each ton of sardines received or used by such canner, packer or processor during such two months' period.

For the purposes of this act a lunar month shall be that period between one full moon and the next full moon following.

Prior to engaging in packing or canning sardines for use as human food, or in the processing of sardines to produce any products for use as human food, where such sardines or such products thereof are canned, packed or shipped otherwise than in one-pound oval cans, a canner, packer or processor must have applied to and had established by order of the fish and game commission the standard whereby the amount of sardines so canned, packed or processed will correspond and be equivalent to fifteen cases of one-pound oval cans of sardines, forty-eight cans to the case, to each ton of sardines so canned, packed, processed or used.

SEC. 6. The use of any fish or any part thereof contrary to the provisions of this act is hereby declared to be a nuisance. Whenever the existence of such nuisance is shown to the satisfaction of the court or judge thereof by complaint filed in the name of the people of the State of California, the court or judge shall allow a temporary writ of injunction to abate and prevent the continuance or recurrence of such nuisance. If the existence of a nuisance be established in an action as provided herein, an order of abatement shall be entered as part of the judgment in the case, which order shall direct the closing of the building or place where such nuisance was maintained for a period of three months, and during such time, said building or place shall be and remain in the custody of the court.

SEC. 7. All chutes or conveyors used for the purpose of conveying fish or fish offal to any tank, bin or receptacle, and all such tanks, bins or receptacles containing fish or fish offal to be used for reduction purposes must be so constructed and maintained that at all times the fish or fish offal thereon or therein is open to view and inspection. Any violation of this section is hereby declared to be a misdemeanor.

SEC. 8. Every canner, packer and processor of sardines must keep a daily record, open to examination by the fish and game commission, of the number of cans or bulk product of sardines actually packed, and must make a monthly report to the fish and game commission showing the total amount of sardines received by him during the preceding lunar month, the total number of cases canned during said period and the total amount of other fishery products manufactured during said period. Forms for this report shall be furnished by the fish and game commission and such report must be received by the commission not later than the fifth day after the close of each lunar month. The report shall be verified by an affidavit of the person furnishing the same to the effect that such a report is a true and correct record of the matters therein alleged. Any canner, packer or processor failing to keep the daily record herein required, or failing to furnish the report herein required shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than one hundred dollars or not more than five hundred dollars, or by imprisonment for not less than thirty days nor more than six months, or by both such fine and imprisonment.

SEC. 9. Inasmuch as the taking and using of fish is a privilege granted by the State of California and not a right, it is hereby expressly enacted and provided that all persons taking and using sardines must pay as a special tax for such privilege the sum of fifteen dollars for each ton of sardines used by a reduction or extraction process in excess of the amount allowed to be used by the terms of this act. Such tax must be paid to the fish and game commission at the time of the filing of the monthly report required by section 8 hereof, if such report shows that during the preceding two lunar months' period there has been such excess use of fish. Upon failure to make such payment the right of the canner, packer or processor to use sardines for any purpose shall cease and end, and such canner, packer or processor shall not resume operations and use sardines until payment has been made in full, with interest at the rate of eight per cent per annum from time of delinquency. This special tax shall be in addition to all existing licenses or taxes.

SEC. 10. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional such decision shall not affect the validity

of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, each section, subsection, sentence, clause or phrase thereof, irrespective of the fact that any one or more of the sections, subsections, sentences, clauses or phrases be declared unconstitutional.

SEC. 11. An act entitled "An act to conserve the fish supply in California by empowering the fish and game commission to regulate and control the handling of fish or other fishery products for the purpose of preventing deterioration or waste; to establish grades to which the fish or other fishery products offered for delivery to canners or preservers or to the fresh fish market must conform; to make regulations to insure the proper handling and delivery of fish or fishery products to canners, preservers or fresh fish dealers; to regulate and control the use of fish or other fishery products for reduction purposes, and to provide penalties for any violation of any of the provisions of this act," approved May 25, 1919, as amended, is hereby repealed.

#### COMMITTEE AMENDMENTS.

During the second reading of the bill, the following committee amendments were offered:

##### AMENDMENT NUMBER ONE.

On page 1 of the printed bill, strike out all of the title from and including the word "of" in line 2 of the title, and insert in lieu thereof the following: "under certain conditions of certificates of sale of property sold for delinquent assessments of irrigation districts, and for the disposition through the state land settlement board of property acquired by the state pursuant to the purchase of such certificates, and for the management by the California bond certification commission, under certain conditions, of irrigation districts in which the state has so acquired an interest in lands, and making an appropriation to carry out the provisions of this act."

Amendment adopted.

##### AMENDMENT NUMBER TWO.

On page 1, line 1, of the printed bill, strike out all from and including the word "whenever" down to and including the period after the word "act" in line 25 on page 2, and insert in lieu thereof the following:

The state board of control is hereby authorized and directed to purchase from any irrigation district in this state, under the circumstances and conditions and to the extent hereinafter specified, certificates of the sale of lands within such districts sold for delinquent assessments of such districts; *provided*, that no such purchase shall be made from any district as long as it is in default in the payment of any of its bonds or interest coupons thereof due and payable at the time this act shall be approved and that no such purchase shall be made from any district unless at the time of such purchase the district shall have outstanding bonds which have been certified by the state controller pursuant to an investigation by the California bond certification commission, as provided in the act creating said commission, approved June 13, 1913, as now or hereafter amended, and unless the property described in each certificate of sale so purchased was sold for an assessment levied in whole or in part for the payment of the interest on or principal of bonds so certified or to provide for a sinking fund for the payment of the principal of such bonds.

SEC. 2. In every irrigation district coming within the provisions of section 1 of this act the collector of the district shall each year immediately after the sale of land for delinquent assessments, compute the total amount for which lands have been struck off to the district as provided in section 44 of the California irrigation district act, and if said total amount, excluding penalties and costs, shall exceed fifteen per cent of the total amount of the levy of which said delinquent assessments are a part, the collector shall immediately forward to the state board of control a statement, showing the total amount of the assessments levied by the district the preceding year and the total amount for which land was struck off to the district as aforesaid and shall forward with such statement a copy of the delinquent list as published, with the assessments marked. In case any bond of an irrigation district has been certified by the state controller as provided in said act of 1913, or any interest coupon of any such bond, shall have been presented to the proper officer and shall not have been paid, and such district has not continued in default in the payment of interest on or principal of its bonds due and payable at the time of the approval of this act as provided above, the holder of such bond or coupon may file

with the secretary of the California bond certification commission a verified statement showing such facts, and said commission shall thereupon make an investigation of the affairs of such district and if it shall be found that the district is in default in the payment of interest on or principal of any of its bonds because of the failure of any officer or officers thereof to perform any duty or duties, the facts shall be submitted to the attorney general, who shall institute appropriate proceedings in the proper court to enforce the performance of such duty or duties; but if it shall be found that said district is so in default because it is holding certificates of sale of property sold for delinquent assessments levied in any year which delinquent assessments aggregate an amount in excess of fifteen per cent of the total amount of the assessments levied by the district in that year, said commission shall report such fact to the state board of control.

SEC. 3. Whenever the state board of control shall be informed by the collector of any district or by the California bond certification commission, as hereinbefore provided, that any irrigation district coming within the provisions of section 1 hereof is holding certificates of sale of property sold for delinquent assessments levied in any year, which delinquent assessments aggregate an amount in excess of fifteen per cent of the total amount of the assessments levied by said district in that year, said board shall ascertain from the state controller whether said district has outstanding bonds that have been certified by him as provided in said act of 1913, and, if so, the state board of control shall forthwith request the attorney general for an opinion as to the legality of said certificates of sale, and the attorney general shall thereupon examine the proceedings resulting in the issuance of said certificates and submit to the state board of control an opinion thereon, and if the attorney general shall find that said proceedings are in accordance with law, the state board of control shall forthwith select from the certificates of sale held by said district a sufficient number thereof so that the total amount of the delinquent assessments levied in any year and for the delinquency of which the land assessed was sold to the district shall be less than fifteen per cent of the total amount of the assessments levied by the district in that year, and shall purchase the certificates so selected and pay from the fund hereinafter provided for to the treasurer of the district the amount for which the land described in each of said certificates was sold to the district, together with all interest that may have accrued thereon, and the treasurer of the district shall thereupon endorse upon said certificate an assignment thereof in substantially the following form:

"This certificate is hereby sold and assigned to the State of California this \_\_\_\_\_ day of \_\_\_\_\_.

Treasurer."

Thereupon the State of California shall succeed to and have all the rights of the district under said certificate of sale. The state board of control shall notify the collector of the district that it has purchased for the state the certificates of sale so purchased, and the collector shall note upon the delinquent list of the district opposite the record of each such delinquent assessment that the certificate of sale therefor has been assigned to the state, and if and when any such property shall be redeemed as provided by law and the redemption money shall be paid to the collector, he shall forthwith transmit all of the money so paid to him to the state board of control, together with a statement showing the description of the property redeemed, the number of the certificate of sale covering such property, and the amount of the redemption money received by the collector, and the collector shall be liable on his official bond for the safe keeping and transmission of all redemption money so received as herein provided.

SEC. 4. In case any land described in any certificate of sale purchased by the state as herein provided shall not be redeemed within the time allowed by law for its redemption, the state board of control shall then forthwith demand, and the collector of the district shall make, as provided by law, a deed to the state of the property described in said certificate. The state board of control shall deliver all deeds so obtained by it to the state land settlement board, and thereafter the property described in such deed shall be available to public settlement under the provisions of an act entitled, "An act creating a land settlement board and defining its powers and duties and making an appropriation in aid of its operations", approved June 1, 1917, and any and all acts amendatory thereof and supplemental thereto, and the state land settlement board is hereby given full authority to dispose of any or all of said land in accordance with the provisions of said act.

SEC. 5. A deed issued to the state as herein provided shall vest in the State of California the absolute title to the land described in the deed, free and clear of all liens and encumbrances, including taxes and assessments of any kind or nature against said property which may be delinquent at the date of said deed, (except when the land is owned by the United States, in which case it is prima facie evidence of the right of possession), but thereafter the property described in said deed shall be subject to all taxes and assessments theretofore levied thereon in accordance with law, but not delinquent at the date of said deed, or thereafter levied thereon in accordance with law, and such taxes and assessments shall be paid from the revolving fund hereinafter created until said land is sold by the state land settlement board, but in any contract made by said board for the sale of any such land it shall

be provided that the purchaser thereof must pay all taxes and assessments that may thereafter become lawfully due against said property. Money received by the state land settlement board from the sales of such lands shall be promptly paid to the state treasurer, and shall be credited to the revolving fund hereinafter provided for.

SEC. 6. Whenever the total assessed valuation of the land acquired by the state in any irrigation district under the provisions of this act, together with the assessed value of the land in such district described in all the certificates of sale purchased by the state from said district, shall aggregate an amount in excess of twenty per cent of the total assessed valuation of the land within such district, as shown by the last equalized assessment roll of said district, the state board of control shall report such fact to the California bond certification commission provided for in the act of 1913 aforesaid, and thereupon said commission shall make an investigation of the affairs of said district and if in the judgment of said commission, the affairs of said district are not efficiently managed, the commission may so determine by an order duly adopted and entered on its minutes and may remove from office the directors of said district and may assume the management of the affairs of said district, in which case all the powers of the board of directors of said district shall forthwith vest in the California bond certification commission aforesaid, which shall then appoint a manager for said district, who shall have such powers in the conduct of the affairs of said district as the commission, acting as the board of directors of said district, may determine. It shall not be necessary for the commission to meet within or at the office of said district, but the manager so appointed shall maintain an office in or near the district at such place as the commission may select. The commission, when acting as herein provided, shall have the right to remove all or any of the officers of the district and appoint their successors. In case such commission shall assume the management of any district as herein provided, it shall retain such management until the total assessed valuation of the land within the district held by the state as herein provided, together with the land described in all certificates of sale purchased by the state from said district as herein provided, shall be less than an amount equal to ten per cent of the total assessed valuation of the lands within the district according to the last equalized assessment roll of said district, and thereupon the said commission shall call an election within said district at which officers of said district shall be elected as provided by law in the case of the organization of an irrigation district. The officers so elected shall qualify and take over the affairs of said district in the manner provided for an irrigation district newly organized, and thereupon the authority herein conferred upon said California bond certification commission with respect to said district shall cease.

SEC. 7. The sum of \_\_\_\_\_ dollars or so much thereof as may be necessary, is hereby appropriated out of any money in the state treasury not otherwise appropriated, to be expended by the state board of control in carrying out the provisions of this act. There is hereby created a fund which shall be designated as "The state irrigation district revolving fund," into which fund shall be paid from time to time out of the state treasury so much of said sum of \$ \_\_\_\_\_ as may be necessary, and into said fund shall also be paid all sums received by the state board of control for the redemption of property described in any certificate of sale acquired under the provisions of this act. All payments required herein to be made shall be made from said fund.

SEC. 8. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

##### AMENDMENT NUMBER ONE.

On page 1 of the printed bill, beginning with the words "An act" strike out all of the title and the bill and insert in lieu thereof the following:

An act to amend the usury law approved November 5, 1918, relating to legal rates of interest by the addition of twenty-one new sections and providing for the submission of this act to a vote of the people.

The people of the State of California do enact as follows:

SECTION 1. Legal rate of interest. Contract rate. The rate of interest upon the loan or forbearance of any money, goods or things in action or on accounts after demand or judgments rendered in any court of this state, shall be seven dollars upon the one hundred dollars for one year and at that rate for a greater or less sum or for a longer or shorter time; but it shall be competent for parties to contract for the payment and receipt of a rate of interest not exceeding twelve dollars on the one hundred dollars for one year and not exceeding that rate for a greater or less sum or for a longer or shorter time, in which case such rate exceeding seven dollars on one hundred dollars shall be clearly expressed in writing.

2. Limit on rate of interest that can be charged. No person, company, association or corporation shall directly or indirectly take or receive in money, goods or things in action, or in any other manner whatsoever, any greater sum or any greater value for the loan or forbearance of money, goods or things in action than at the rate of twelve dollars upon one hundred dollars for one year; and in the computation of interest upon any bond, note or other instrument or agreement, interest shall not be compounded, nor shall the interest thereon be construed to bear interest unless an agreement to that effect is clearly expressed in writing and signed by the party to be charged therewith. Any agreement or contract of any nature in conflict with the provisions of this section shall be null and void as to any agreement or stipulation therein contained to pay interest and no action at law to recover interest in any sum shall be maintained and the debt cannot be declared due until the full period of time it was contracted for has elapsed.

3. Rights of person paying illegal interest. Every person, company, association or corporation, who for any loan or forbearance of money, goods, or things in action shall have paid or delivered any greater sum or value than is allowed to be received under the preceding sections, 1 and 2, may either in person or his or its personal representative, recover in an action at law against the person, company, association or corporation who shall have taken or received the same, or his

or its personal representative, treble the amount of the money so paid or value delivered in violation of said sections, providing such action shall be brought within one year after such payment or delivery.

**Penalty for charging illegal interest.** Any person, company, association or corporation, who shall ask, demand, receive, take, accept, or charge more than twelve per centum per annum upon the sum of money actually loaned for the forbearance, use or loan thereof, when the repayment of the money loaned shall be secured by a mortgage, trust deed, bill of sale, assignment, pledge, receipt or other evidence of debt, except corporation bonds, and municipal and other public bonds, upon property, real or personal or by assignment of wages, or ask, demand, receive, take, accept, or charge more than an amount equal to five per cent so actually loaned and secured in all sums of one thousand dollars or less, and three per cent on all sums over one thousand dollars in full for all examinations, views, fees, appraisals, commissions, renewals made within one year from date of loan and charges of any kind or description whatsoever, except abstracts or certificates of title charges made under the Torrens land law or otherwise, in the procuring, making and transacting of the business connected with such loans, or who shall ask, demand, receive, take, accept or charge any fee, bonus or commission whatsoever for the use or loan or the procuring of such loan of any sum of money for a shorter period than six months when said loan is not secured by a mortgage or pledge upon real estate, or shall violate the provisions of sections 1 or 2 of this act, shall be guilty of a misdemeanor and upon conviction thereof shall be punished for the first offense by a fine of not less than twenty-five dollars nor more than three hundred dollars, or by imprisonment not more than six months, or by both such fine and imprisonment, and for each subsequent offense and conviction shall be punished by a fine not less than one hundred dollars nor more than five hundred dollars and by imprisonment not less than six months, nor more than one year. The penalties herein provided for the violation of this section and said sections 1 and 2 shall apply to and be imposed upon each member of any unincorporated company, association, or of any copartnership and upon each officer and director of a corporation who shall violate either of said sections.

**Sec. 4.** No person, copartnership or corporation shall engage in the business of making loans of money, credit, goods or things in action in the amount or to the value of three hundred dollars (\$300) or less, and charge, contract for or receive a greater interest than twelve per centum per annum therefor, except as authorized by this act and without first obtaining a license from the superintendent of banks hereinafter called the licensing official.

**Sec. 5.** Application for such license shall be in writing and shall contain the full name and address, both of the residence and place of business, of the applicant; and if the applicant is a copartnership, of every member thereof; or if a corporation, of each officer thereof; also the county and municipality, with street and number, if any, where the business is to be conducted. Every such applicant at the time of making such application shall pay to the licensing official the sum of one hundred dollars (\$100) as an annual license fee and in full payment of all expenses for examinations under and for administration of this act; provided, that if the license is issued for a period of less than twelve months, the license fee shall be prorated according to the number of months that said license shall run.

**Sec. 6.** The applicant shall also at the same time file with the licensing official a bond in which the applicant shall be the obligor, in the sum of one thousand dollars (\$1,000), with one or more sureties, whose liability as such sureties shall not exceed the sum of one thousand dollars (\$1,000) in the aggregate, to be approved by the licensing official, and said bond shall run to the State of California for the use of the state and of any person or persons who may have a cause of action against the obligor of said bond under the provisions of this act. Such bond shall be conditioned that said obligor will conform to and abide by each and every provision of this act and will pay to the state and to any such person or persons any and all moneys that may become due or owing to the state or to such person or persons from said obligor under and by virtue of the provisions of this act.

**Sec. 7.** Upon the filing of such application and the approval of said bond and the payment of said fee the licensing official shall issue a license to the applicant to make loans in accordance with the provisions of this act for a period which shall expire the first day of January next following the date of its issuance. Such license shall not be assignable.

**Sec. 8.** If in the opinion of the licensing official the bond shall at any time appear to be insecure or exhausted or otherwise doubtful, an additional bond in the sum of not more than one thousand dollars (\$1,000) satisfactory to the licensing official shall be filed within ten days after notice to the licensee; and upon failure of the obligor to file such additional bond the license shall be revoked by the licensing official.

**Sec. 9.** The licensing official may, upon notice to the licensee and reasonable opportunity to be heard, revoke such license if the licensee has violated any provision of this act; and in case the licensee shall be convicted by a court a second time of a violation of section 13 of this act the licensing official shall revoke such

license; *provided*, that the second offense shall have occurred after a prior conviction; and thereafter no license shall be issued to such licensee, nor to the husband or wife of the licensee, nor to any copartnership or corporation of which he is a member or officer.

SEC. 10. The license shall be kept conspicuously posted in the place of business of the licensee.

SEC. 11. No person, copartnership or corporation so licensed shall make any loan provided for by this act, under any other name or at any other place of business than that named in the license. Not more than one place of business shall be maintained under the same license, but the licensing official shall issue more than one license to the same licensee upon the payment of an additional license fee and the filing of an additional bond for each license.

SEC. 12. Whenever the licensee shall change his place of business he shall at once give written notice thereof to the licensing official, who shall attach to the license his approval in writing of the change.

SEC. 13. The licensing official, for the purpose of discovering violations of this act, may either personally or by any person designated by him, at any time and as often as he may desire, investigate the loans and business of every licensee and of every person, copartnership and corporation by whom or by which any such loan shall be made, whether such person, copartnership or corporation shall act or claim to act as principal, agent or broker, or under or without the authority of this act; and for that purpose he shall have free access to the office or place of business, books, papers, records, safes and vaults of all such persons, copartnerships and corporations; he shall also have authority to examine under oath all persons whomsoever whose testimony he may require relative to such loans or business.

SEC. 14. The licensee shall keep such books and records in his place of business as in the opinion of the licensing official will enable the licensing official to determine whether the provisions of this act are being observed. Every such licensee shall preserve the records of final entry used in such business, including cards used in the card system, if any, for a period of at least two years after the making of any loan recorded therein.

SEC. 15. No licensee or other person, copartnership or corporation shall print, publish or distribute, or cause to be printed, published or distributed in any manner whatsoever any written or printed statement with regard to the rates, terms or conditions for the lending of money, credit, goods or things in action in amounts of three hundred dollars (\$300) or less, which is false or calculated to deceive.

SEC. 16. Every person, copartnership and corporation licensed hereunder may loan any sum of money not exceeding in amount the sum of three hundred dollars (\$300), and may charge, contract for and receive thereon interest at a rate not to exceed three and one-half per centum per month. Interest shall not be payable in advance or compounded and shall be computed on unpaid balances. In addition to the interest herein provided for, no further or other charge or amount whatsoever for any examination, service, brokerage, commission or other thing or otherwise shall be directly or indirectly charged, contracted for or received, except the lawful fees, if any, actually and necessarily paid out by the licensee to any public officer for filing or recording or releasing in any public office any instrument securing the loan, which fees may be collected when the loan is made or at any time thereafter. If interest or charges in excess of those permitted by this act shall be charged, contracted for or received, the contract of loan shall be void and the licensee shall have no right to collect or receive any principal, interest, or charges whatsoever.

No licensee shall directly or indirectly charge, contract for or receive any interest or consideration greater than twelve per centum per annum upon the loan, use or forbearance of money, goods, or things in action, or upon the loan, use or sale of credit, of the amount or value of more than three hundred dollars (\$300). The foregoing prohibition shall also apply to any licensee who permits any person, as borrower, or as endorser, guarantor or surety for any borrower, or otherwise, to owe directly or contingently or both to the licensee at any time the sum of more than three hundred dollars (\$300) for principal.

SEC. 17. Every licensee shall:

Deliver to the borrower at the time a loan is made, a statement in the English language showing in clear and distinct terms the amount and date of the loan and of its maturity, the nature of the security, if any, for the loan, the name and address of the borrower and of the licensee, and the rate of interest charged. Upon such statement there shall be printed in English a copy of section 13 of this act;

Give to the borrower a plain and complete receipt for all payments made on account of any such loan at the time such payments are made;

Permit payment of the loan in whole or in part prior to its maturity with interest on such payment to the date thereof;

Upon repayment of the loan in full mark indelibly every paper signed by the borrower with the word "paid" or "canceled," and release any mortgage, restore any pledge, cancel and return any note, and cancel and return any assignment given by the borrower as security.

SEC. 18. No licensee shall take any confession of judgment or any power of attorney. Nor shall he take any note, promise to pay or security that does not state the actual amount of the loan, the time for which it is made, and the rate of interest charged, nor any instrument in which blanks are left to be filled after execution.

SEC. 19. The payment of three hundred dollars (\$300) or less in money, credit, goods or things in action as a consideration for any sale, assignment or order for the payment of wages, salary, commissions or other compensation for services, whether earned or to be earned, shall be deemed a loan within the provisions of this act secured by such assignment; and the amount by which such assigned compensation exceeds such payment shall be deemed interest upon such loan from the date of such payment to the date such compensation is payable. Such loan and such assignment shall be governed by and subject to the provisions of this act.

SEC. 20. No assignment of or order for the payment of any salary, wages, commissions or other compensation for services, earned or to be earned, given to secure any such loan shall be valid unless the amount of such loan is paid to the borrower simultaneously with its execution; nor shall any such assignment or order, or any chattel mortgage or other lien on household furniture then in the possession and use of the borrower be valid unless it be in writing signed in person by the borrower; nor, if the borrower is married, unless it be signed in person by both husband and wife; *provided*, that written assent of a spouse shall not be required when husband and wife have been living separate and apart for a period of at least five months prior to such assignment, order, mortgage or lien.

Under any such assignment or order for the payment of future salary, wages, commissions or other compensation for services, given as security for a loan made under this act, a sum equal to ten per centum of the borrower's salary, wages, commissions or other compensation for services shall be collectable from the employer of the borrower by the licensee at the time of each payment of salary, wages, commissions or other compensation for services from the time that a copy of such assignment verified by the oath of the licensee or his agent, together with a similarly verified statement of the amount unpaid upon such loan, is served upon the employer.

SEC. 21. No person, copartnership or corporation, except as authorized by this act, shall directly or indirectly charge, contract for or receive any interest or consideration greater than twelve per centum per annum upon the loan, use or forbearance of money, goods or things in action, or upon the loan, use or sale of credit, of the amount or value of three hundred dollars (\$300) or less.

The foregoing prohibition shall apply to any person who has security for any such loan, use or forbearance of money, goods or things in action, or for any such loan, use or sale of credit, makes a pretended purchase of property from any person and permits the owner or pledgor to retain the possession thereof, or who by any device or pretense of charging for his services or otherwise seeks to obtain a greater compensation than is authorized by this act.

No loan for which a greater rate of interest or charge than is allowed by this act has been contracted for or received, wherever made, shall be enforced in this state, and every person in any wise participating therein in this state, shall be subject to the provisions of this act.

SEC. 22. Any person, copartnership or corporation and the several officers and employees thereof who shall violate any of the provisions of section 1, 8, 12, 13, or 18 of this act shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than five hundred dollars (\$500) or by imprisonment of not more than six months or by both such fine and imprisonment in the discretion of the court.

SEC. 23. This act shall not apply to any person, copartnership or corporation doing business under any law of this state or of the United States relating to banks, trust companies, building and loan associations, or to licensed pawnbrokers.

SEC. 24. All acts and parts of acts inconsistent with the provisions of this act are hereby repealed.

SEC. 25. Repeal of Civil Code sections relating to interest. Section 1917, 1918, 1919 and 1920 of the Civil Code and all acts and parts of acts in conflict with this act are hereby repealed.

SEC. 26. Title of act. This act whenever cited, referred to, or amended may be designated simply as the "usury law."

SEC. 27. This act shall be submitted to a vote of the people in the manner provided by and subject to the provisions of sections 1195, 1195a, 1195b and 1197 of the Political Code and such other provisions of law as may be applicable.

The following report of special committee was received and on motion of Senator Inman ordered printed in the Journal:

SENATE CHAMBER, SACRAMENTO, March 25, 1927.

*To the Senate of the State of California.*

Your committee appointed pursuant to resolution passed on March 10, 1927, to investigate alleged infractions of section 421a of the Civil Code, have had the same under consideration and respectfully report:

1. Your committee finds that in the latter part of October, 1925, the Modern Woodmen of America deposited in the People's National Bank of Los Angeles the sum of seventy-five thousand (\$75,000.00) dollars. That on the eighth day of May, 1926, the sum of twenty-five thousand (\$25,000.00) dollars was withdrawn. That the next withdrawal was ten thousand (\$10,000.00) dollars in the early part of January, 1926, and that the balance has remained since that date at forty thousand (\$40,000.00) dollars.

Your committee further found that the above mentioned People's National Bank paid to Ben L. Goodheart, State representative of the Modern Woodmen of America, one and one-half ( $1\frac{1}{2}$ ) per cent on the balances remaining in the said bank during said times. That the sum of one-half ( $\frac{1}{2}$ ) of one (1) per cent was retained by the said bank with which to pay for the premium on a bond required by the said Modern Woodmen of America. That two (2) per cent per annum was paid to the Modern Woodmen of America on the above mentioned balances.

2. Your committee further found that the said Modern Woodmen of America opened an account in the National City Bank of Los Angeles on June 16, 1925, by depositing the sum of one hundred twenty-five thousand (\$125,000.00) dollars, which amount remained with said bank until March 6, 1926, at which time the sum of twenty-five thousand (\$25,000.00) dollars was withdrawn. That the sum of one hundred thousand (\$100,000.00) dollars remained with said bank until March 19,

1926, at which time the sum of twenty-five thousand (\$25,000.00) dollars was withdrawn. That the balance of seventy-five thousand (\$75,000.00) dollars remained in said bank until April 6, 1926, at which time the sum of fifty thousand (\$50,000.00) dollars was withdrawn. That the sum of twenty-five thousand (\$25,000.00) dollars remained with said bank until May 8, 1926, at which time the balance of twenty-five thousand (\$25,000.00) dollars was withdrawn and the account closed.

That during the above mentioned times the said National City Bank paid to Ben L. Goodheart, State representative of the Modern Woodmen of America, the sum of one and one-half (1½) per cent on said balances. That said bank retained one-half (½) of one (1) per cent with which to pay the premium on a bond required by the said Modern Woodmen of America, and paid the sum of two (2) per cent interest to the said Modern Woodmen of America.

3. Your committee further finds that the commissions paid to said Ben L. Goodheart by the above mentioned banks were paid without the knowledge or consent of the said Modern Woodmen of America, which organization, so far as this committee is informed, was entirely without knowledge of said transactions.

Your committee reports that the said Ben L. Goodheart appeared before said committee, but declined to testify on the ground that such testimony might tend to incriminate him, the said Ben L. Goodheart.

Your committee respectfully suggests that a copy of this report be forwarded to the State Department of Insurance and to the Attorney General, with the request that such appropriate legal action be taken as to them may seem appropriate in the premises.

Respectfully submitted,

INMAN, Chairman.  
INGRAM,  
ALLEN, J. M.

#### MESSAGE FROM THE GOVERNOR.

The following message from the Governor was received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.

March 25, 1927.

*To the Senate of the State of California.*

Senate Bill No. 202 is herewith returned without my approval.

This bill was based in part upon an Illinois statute, approved in 1891, but goes much farther than the Illinois act, and eliminates certain safeguards which that act provides. It seeks to add several sections to the Civil Code, providing a method of incorporation by trustees holding property in trust for the establishment of a library.

I am convinced that the specific case which this bill is designed to meet is a very worthy one. I am not inclined, however, to favor the making of new laws for the sole purpose of meeting a special situation, until every endeavor has been made to cover the case by a statute broad enough to make it possible of very general application. In this particular bill there are certain features which, in my estimation, would not only prevent it from becoming of general use, but would render it objectionable even as to the case which it is designed to meet.

The bill purports to be retroactive in its effect, applying to trusts heretofore created as well as those hereafter created. The trustees could incorporate for purposes far broader than those granted to them in the instrument creating the trust, enjoying the powers of a private corporation including the power specifically granted by the bill to issue bonds secured by the trust property.

I am advised that any attempt to apply the provisions of this bill to trusts heretofore existing would be invalid and as to trusts hereafter created I seriously question the advisability of conferring powers upon the trustees which will permit them to engage in activities probably entirely foreign to the thoughts and desires of the donor.

I am further advised that the bill is defective in the manner in which it provides for the issuance of securities. Compliance with the Corporate Securities Act of 1917 as amended in 1919, is required. Important amendments were added to this act in 1921, 1923 and 1925, but these amendments are not incorporated by reference into the bill.

If the present law does not make provision for an appropriate form of corporation for the establishment of privately endowed libraries, museums, art galleries and similar institutions, it is to be hoped that such a law may be considered at this session of the Legislature. However, I feel it my duty to withhold approval of Senate Bill No. 202 for the reasons above set forth.

C. C. YOUNG, Governor.

The railroad commission may at any time for a good cause suspend and upon notice to the grantee of any certificate and opportunity to be heard revoke, alter or amend any certificate issued under the provisions of this section.

When a complaint has been filed with the commission alleging that any warehouseman is operating any storage or warehouse floor space without a certificate of public necessity and convenience, as required by the provisions of this subdivision, the commission shall have the power, with or without notice, to make its order

The ballot clerk having in charge the copy of the index to the register or affidavits of registration shall, in like manner, repeat the name and shall write in the ruled space opposite the name the word "voted", for each elector who votes.
